GREATEST AIRSHIP.

ST. LOUIS, Mo., July 9.--The incorporation of the Universal Aerial Navigation Company has revealed plans for a commercial passenger airship line that rivals the dreams of Jules Verne. Officials of the company declare that within a year they will have a ship that will carry up to a hundred passengers in a sixty-mile wind and at a speed of 100 miles an hour.

The machine is the invention of J. W. Osman, formerly of San Antonio, Texas. One is under construction in the shops of the inventor here. The inventor claims that his ship can start either from land or water, and that it will ascend straight into the air, or can be launched like an aeroplane.

The new airship is called a gyroplane, so named from the fact that it is a combination of the gyroscope and the aeroplane. Its promoters say it can be built in any size, from a two-man runabout or seven-passenger touring car to a monster of the air that will carry 50 or 100 passengers.

"A thirty or forty-mile breeze would be a help rather than a hindrance to our machine," said the inventor today.

"We will maintain absolute equilibrium in anything short of a cyclone. The usual obstacles that prevent the flight of an ordinary airship will be as nothing to this machine of ours." It is planned to construct machines that will maintain a regular service between cities and states, and even countries. The gasoline supply may be unlimited.

The model of the ship is fitted with four huge propellers, 12 feet in diameter, which may be used in turn for drawing the machine from the ground or carrying it through the air.

The machine has been inspected by Government engineers and patents have been granted, covering almost every feature. The machine is to be constructed entirely of aluminum and macadamite. It is fitted with two engines.

GORED TO DEATH.

HALIFAX, N. S., July 9.--Daniel McDonald, of Loch Lomond, was gored to death by a bull while feeding his cattle in the pasture.

McDonald made a desperate effort to escape, but every time he stood up the infuriated animal levelled him to the ground. The man was finally torn to shreds.

PRESENTATION TO REV. L. J. WASON

On the evening of Wednesday June 29th, there gathered at the home of Samuel Stewart in Dunstaffnage a number of the Rev. L. J. Wason's parishioners, from the former place and Black River, when John H. Coulter read an address and presented Mr. Wason with a purse on behalf of the Black River congregation.

Samuel Stewart, with a few fitting remarks, also presented a purse on behalf of the people at Dunstaffnage. The following is the address from Black River to which Mr. Wason replied in feeling terms:--

Rev. L. J. Wason. Dear Sir: Before you depart to another field of labor we, the people of Black River Methodist Church, wish to convey to you an expression of our appreciation of your work while with us and also of our deep regret at your departure.

During the three years of your ministration in this part of the circuit your appointments were always faithfully kept, your words of exhortation sank deeply into our hearts and will linger long in our memories.

The interest you awakened here in the cause of temperance and reform has, no doubt, been productive of much good. The revival services conducted by you during the winter seasons left deep and lasting impressions and will surely bear abundant fruit both for time and eternity. Your very much missed amongst us will be very much missed indeed. Our thanks are due to both Mrs. Wason and yourself for the kindness and hospitality shown to all who visited at the parsonage.

Trusting that your work in the future may be abundantly blessed and wishing you, Mrs. Wason and family every blessing that a kind Providence can bestow, we beg you to accept the accompanying small token of our esteem.

LYNCHED BY RIOTERS.

NEWARK, Ohio, July 9.--Carl Etherington, 22 years old, employed by the state anti-saloon league as a blind tiger raider was lynched here, following a day of almost continuous riot. The head doors of the county jail were battered down and Etherington was dragged from his cell. He was shot, kicked and bruised before State Street was reached and the finish followed quickly.

SUFFERED THREE YEARS

Till Dr. Morse's Indian Root Pills cured his Kidney Trouble

There are few diseases that cause more acute suffering than Kidney trouble, and Mr. F. A. Thomas, of Sudbury, Ont., is one of those who know it. He writes: "For over three years I suffered from kidney disease. First I thought I had sprained my back, for suddenly the pain would catch the small of my back and it would be impossible for me to straighten myself up for several minutes. A dull ache across the kidneys was always present, my urine was thick and cloudy, and passing it caused a burning, scalding pain. Tried medicines, but they failed. I was advised to try Dr. Morse's Indian Root Pills, as they had cured my wife years before. A few boxes effected a complete cure. I now enjoy the blessings of good health, which is due to this remedy."

Don't neglect kidney trouble--it's too dangerous as well as too painful. That old, reliable family remedy, Dr. Morse's Indian Root Pills, has cured thousands and will cure you. It is equally effective in curing constipation and its attendant evils, biliousness, indigestion and sick headaches, and in purifying the blood. 25c a box at your druggist's. 10
