### THE FRENCH SHORE QUESTICH AGAIN

St. John's, Nfld., Sept. 8.—The French Shore question has been revived under a new aspect, a French vessel fishing within territorial waters on the north-east coast having complained that people on the coast destroyed her nets. British and French warships investigated and the Imperial Government invited the colony also to investigate and punish its subjects. It found to be in the wrong. The Colonial cruiser 'Fiona,' with officials, has been despatched to the scene to hold a full inquiry. The incident is likely to lead to the adoption of Anglo-French regulations for conducting the fisheries on the French Shore.

### CROWDS ANNOY KING EDWARD

MARLBOROUGH, Sept. 8.—In answer to the story that the king made an appointment to meet an American girl who wrote him that she was about to marry a dear friend of his, it is stated that no incident of the sort described ever occurred. The king, while here, has not broken through the rules of royal etiquette, even with Americans. On the other hand, during the days of his cure he was greatly annoyed by being mobbed by a curious, unmanly crowd. One morning especially may be mentioned when his majesty, accompanied by Sir Stanley Clarke and Major Posenby, walked from the Hotel Wolman at half-past seven to drink a glass of

All Household Roads Lead to Kitchen Work

NINE-TENTHS of kitchen labor and worry is caused by ill-working cook stoves and ranges; by ranges that draw poorly; that have such complicated drafts that only a skilled mechanic can manage them; whose grates are so constructed that it is a strong man's work to shake them down; ranges which work well when the wind is in a certain direction, but act like a fiend at other times; ranges whose work is so unreliable that the housekeeper is in a constant nerve-racking worry lest the meals be late or the baking spoiled.

The Pandora range is built to make work easy, a child can shake it down; its drafts are so simple that one learns them in a minute; its heat is kept in the range so effectively that you can do a big baking and hardly know there is a fire in it two feet away; it keeps the kitchen cool; it saves you worry; it saves you time and money; it saves you backaches and headaches, because it is so easy to manage and so reliable.

The Pandora makes kitchen work easy.

KING EDWARD. Kreuzenrunnen water. A large crowd was waiting out side, and began to follow his majesty, almost treading on his heels. The king, wishing to escape their attention, sought refuge on a favorite bench in a bay off the promenade overlooking the public gardens, but this only had the effect of increasing the size of the mob. The request of the officials that they should not subject the king to unpleasant attentions fell on deaf ears, and finally his majesty was obliged to curtail his morning walk and returned to the hotel.
