**HOCKEY AT BORDEN**

The Port Elgin sextette defeated the Borden Nationals 4 to 3 in a hard fought battle on Monday 13th inst., being the first game for Nationals to lose in their own rink this season.

**THE PERIODS**

The first period started with a bang and it seemed as if neither side would score, both goals stopping avaganches of shots. But after ten minutes hard fighting L. McAleer sagged the twine for the Nationals followed by Kimball for Port Elgin. The battle waxed furious and even, and with but two minutes to go, Kimball again scored for Port Elgin. Period ends, Port Elgin 2, Nationals 1.

**SECOND PERIOD**

Both teams were "frailing at the mouth" as it seemed, as if neither side would score, as after 5 minutes of furious shooting, rushing, and checking Allen scored for Port Elgin, followed by F. Gaudet for Nationals. Then ten minutes rerimaging and R. McAleer scores for Nationals.

**WEDDING BELLS**—A very pretty wedding was solemnized by Rev. Monsignor J. C. McLean on Tuesday, February 7th, at St. Mary's Convent, Sparks, when Miss Elizabeth McDonald, formerly of St. Andrews Parish, became the bride, of Mr. Lewis McDonald of Harmony. The bride was very becomingly attired in a dress of Cocoa Brown Crepe Satin trimmed with sand and wore a coat of golden brown plaid. She was attended by Miss Laura Mooney, who wore a dress of rose crepe satin while Mr. Blaine McVarish of Cherry Grove ably supported the groom. After the ceremony the happy couple drove to the home of Mrs. Isabella McCony for breakfast returning later after a pleasant drive, where a few friends awaited them and dinner was served. The afternoon was pleasantly spent in music and dancing and about five o'clock the bridal party drove to the home of the groom where a large number of friends had assembled for a reception to all after which dancing was indulged in until the wee sma hours. The many valuable gifts received by the bride at a shower given in her honor at the home of Mrs. J. A. McAdam West St. Peters previous to her marriage and the beautiful bouquet of flowers including money which Mr. and Mrs. McDonald received testify to their popularity and we join now in wishing them many long years of happiness.

The performance of Queen Cresceus (the five year old great grand daughter of Cresceus 2021-4) was a revelation to the large crowd of spectators—also to her owner and driver Keith McDonald. She negotiated the second heat in 1:03.2. All who were privileged to see this filly's performance have visions of her showing some day on the big rings.

Mention might also be made of Lily La Copia (by Lacopia 2:09 a brother of Uhan the world's fastest horse—a quarter in 37 seconds, half mile in 58.1 seconds, mile 1:51.2). The next fastest mile ever stepped was by Dan Patch 1:55-1-4. Lily LaCopia raced under great disadvantages, as due to a burst tire on her bike she had to be raced in a jaunting sleigh, but made a splendid showing considering her handicap.

**In Memoriam**

**MRS. ALEXANDER CAMPBELL**

The death occurred on January 25th of Mrs. Fannie Campbell, relict of the late Alexander Campbell, of Irishtown, P.E.I. In August, the deceased had gone to visit her daughter, Mrs. Frank B. Sparrow, Dunrave, Vancouver, where after only a few days' illness she passed away at the age of sixty-three years. The remains were forwarded to the home of her son, Wilfrid L., from where the funeral was held on February 3rd, to the Geddie Memorial Cemetery. The service was conducted by the Rev. John Fleck, assisted by Rev. Mr. Ayers. During the service, Mr. G. R. Phillips sang "Shadows."

The floral tributes were: a pillow from her family; a wreath, from Mrs. M. Evans and Mrs. E. J. Ross, Vancouver; a spray, from Mrs. S. Crowe, Vancouver. There are left to mourn, two daughters and one son, namely, Mrs. F. B. Sparrow, Vancouver; Wilfrid, Irishtown; Chris. Weeks, Alberton; also one brother, John McLean, Vancouver, B.C.

The pall-bearers were: Oliver Campbell, Garnet Campbell, Alexander Campbell, Carl Weeks, Keir Bernard and Fred Campbell.

**MRS. JAMES McEWEN**

The death occurred at her home on Asher Street, City, on Friday, the 17th inst., of Mrs. James McEwen (nee Mary Catherine Buote) at the comparatively early age of thirty-nine. Deceased had been in failing health for some time, and despite all that tender care and medical skill could do for her, all efforts to restore her to her usual health proved unavailing with the result that she passed away, as above stated.

Mrs. McEwen was a Christian lady in the truest sense of the word, and will be greatly missed by her loved ones in the home, and by a wide circle of friends. She was possessed of a kindly and sympathetic disposition, which endeared her to all those with whom she came in contact. In the home she always admirably filled her place as a loving and tender mother and faithful wife. She was a devoted member of the Roman Catholic Church and was visited many times during her long and trying illness by her pastor, Rev. P. Walsh, who always brought her a comforting and cheering message. Endowed with all the qualities and virtues of a true Christian woman, perhaps the outstanding traits of her character were a marked degree of fortitude and patience, which were so amply evidenced by the remarkable endurance which she displayed during her long and painful illness, for she never was heard to complain or murmur, but bore her sufferings with that calm resignation which is characteristic of those who truly place their confidence and trust in God. She is gone, but the memory of her noble Christian life will remain and serve as an example and stimulus till the last moment and had the pleasing consolation of being fortified for death by receiving the last rites which the church administers to her dying members, to prepare them for their long voyage to eternity.

She leaves to mourn and cherish her memory, five boys ranging in ages from seven to fourteen years, and a sorrowing husband. The following also survive her: Her mother, Mrs. Geo. Buote, City; four sisters, Mrs. William Brydges, Miss Carrie Craig, Mrs. Henry Dohrn, City and Mrs. Louis Walsn, Malden Mass. Five brothers, namely, Raymond Buote, City; Geo. Buote, Boston, Mass.; Andrew Buote, New Jersey; Joseph Buote, Malden, Mass.; and Rodolphe Buote, Western Canada, to all of whom we extend our heartfelt sympathy.

The funeral was held on Sunday afternoon, the 19th inst., from her late residence on Asher Street to St. Dunstan's Cathedral and thence to the Roman Catholic Cemetery. A large concourse of friends followed the casket to their last resting place, a tribute to one who had been so deeply loved and esteemed. Rev. P. Walsh officiated both at the Church and grave. The pall-bearers were: Messrs. George Chappell, Eldore Doucet, Jas. McRory, Emmet Zilant, Jas. Bryncten, and Hubert Fraser.

(May her soul rest in peace.)

**SPORTING COMMENT**

By ("Tec.")  
Saturday's Match Race

The match race scheduled for Saturday afternoon at 2 o'clock, off Cut Street on the harbor ice between Marge Direct, Doctor Dougan's fast pacing mare and a entry to be picked by Mr. Wellington McNeill, is attracting more than ordinary attention throughout the city.

To add to the interest, Mr. McNeill has the privilege of naming his horse as late as the night before the race, therefore horse lovers will remain in the dark, as far as McNeill's entry is concerned until the eve of the big race.

The best three heats out of five with the introduction of a 40 yard flag, are the only rules governing the race.

Doctor Dougan, interviewed last night on the coming event, stated that he has every confidence in Marge Direct to come through. McNeill has little to say, suffice it to remark that his trotter or pacer will be ready to take the word at the time appointed. A record crowd of fans should witness this duel.

**Crystals vs. Saint John Tonight**

Fusslers will entertain the Crystals in their home rink tonight in the final game of the New Brunswick—Prince Edward Island play-off series.

Monday night's opener, according to eyewitnesses was one of the most exciting games this year and rumor has it, that only for the superb work of Wilson in the visiting net the Island champions would have won in a walk. However, that as it may be, the Crystals showed in the last period, that they had the punch to nearly overcome a 2 to 2 goal lead, hearing three goals to the St. John sextette's two.

Only one goal divides the issue at present; Fusslers will open the game with a one point lead, and this means a let in a play-off series. Nevertheless the Summerside boys are confident, and final verdict will surely remain in doubt until the last bell. The Guardian extends best of luck.

pressing them, one would think that there is no possible remedy. Some would hobble the goal tenders, others would introduce the penalty shot; and there are those advanced thinkers who would add a few more blue or red lines to the ice surface in an effort to further complicate the fascinating pastime.

The best way to eliminate the games in the opinion of many is to play the game till one side or another side secures a decision. If they have to play all night so much the better. If hockey players believe that they are going to toil through several more periods of play they will start hustling to get a goal, rather than prevent the other fellow scoring.

The amateurs play as long as thirty minutes and they usually wind up with a decision. That is after all what the public wants. They want something on which to base an argument as a rule, and ties are not a fruitful source of argument.

It would be hard on the players for a game or two, but the chances are that few contests would go beyond the regulation time. If this rule were put into effect, those who want to open up the game and pack more scoring into the contests would also get all the thrills they want if the anti-defence rules were put into effect. These rules which are on the hockey statute books provide severe and drastic penalties for all who lurk behind the blue line playing wry-laying forwards.

No referee has yet had the temerity to put them into play. If referees were instructed to enforce the anti-defence rule, as they did would be more scoring. There would also be more squawking, and referees would have a harder task than at present.

If the amateurs did not have the thirty-minute overtime rule they would have a lot more tie games. They play as much defensive hockey as the pros, but no one seems to notice it because they usually battle to a decision.

Recent City League games have furnished as much defensive hockey as any pro games, and they have been poor hockey spectacles though exciting from a crowd standpoint.

Those who try to contrast amateur and pro games should remember there are two different codes in operation. Pro defend better just as they attack better. Their defence men know how to take opponents out of the play more artistically, they give their goal-tend-
