Largely Attended Meeting of Associated Trade Boards.

Comprehensive Review Of Board's Activities Given By President S. A. MacDonald, Who Was Re-Elected For Ensuing Year. Strong Resolutions Urging Reduction Of Freight Rates, Implementation Of Duncan Report, Winter Transportation Service, Air Port Facilities, Etc, Passed Unanimously.

The eighth annual meeting of the Associated Boards of Trade, which opened yesterday morning in the Board of Trade rooms and concluded with a largely attended out-door meeting and luncheon at the Experimental Farm, was one of the most successful conferences held in the history of this splendid organization which has done much to advance the interests of the Province commercially and otherwise.

At the executive meeting yesterday morning the minutes of the previous annual meeting and executive meeting were read and approved and the necessary preliminary business was despatched. The Charlottetown board was represented by Messrs. S. A. MacDonald, R. E. Mutch, J. O. Hyndman, S. A. McLeod, E. T. Higgs, K. Rattenbury, Jas. Paton, G. E. Full; the Summerside Board by Mr. C. R. Rogers; the Alberton and West Prince Board by Messrs. Hunter, A. J. Matheson, and J. E. Birch.

A report of the finances showed a small balance on the credit side.

In the afternoon almost 300 delegates gathered on the beautiful lawn of the Experimental Farm, the number including representatives from 14 of the Women's Institutes throughout the province. President S. A. MacDonald, after welcoming the delegates, remarked on the large number of those present, and commented this situation with that existing some years ago when it was almost impossible to get together even all representative gathering of business men. Mr. MacDonald spoke of the many opportunities now existing in this province for those who are willing to work—opportunities equal to any within the British Empire.

Premier Saunders, who was called upon to speak, expressed his pleasure at being present, and extended a welcome on behalf of the Government. He paid a tribute to the work of the Women's Institute, both in regard to their assistance to the government, and to the private work carried on by the organization. He referred also to their activities in connection with the Sanatorium, and the valuable help rendered in the schools throughout the Province.

Speaking of the Associated Boards of Trade he stressed the value of such a non-political organization in the public life of the Province. The winter air mail service and the assurance of a second car ferry are direct results of the labours of this organization.

President MacDonald, then submitted his annual report, which appears elsewhere in this issue, and which was adopted as read.

Mrs. William Mutch, Rocky Point, president of the Women's Institute on behalf of the organization, warmly thanked the Boards of Trade for the invitation issued to the Institute delegates.

After the election of officers and the discussion and adoption of resolutions published below, an enjoyable tea was served on the grounds, the delegates then returning to their homes.

OFFICERS ELECTED

The following officers were elected for the ensuing year:

President, S. A. MacDonald, (re-elected).

Vice-president, Prince Co., C. R. Rogers.

Vice-President, Kings Co., W. L. Poole.

Secretary-treasurer, G. E. Full.

Executive, Queens County: J. O. Hyndman, H. F. McPhie, C. E. McKenzie.

Prince County: G. M. Muttart, A. J. Matheson, J. B. Myrick.

Kings County: J. A. McDonald, Roy McLean, H. H. Acorn.

The following resolutions, after interesting discussion, were adopted unanimously:

REDUCTION OF FREIGHT RATES

Moved by Mr. R. W. Shaw. Seconded by J. W. Boulter.

WHEREAS: A railway freight rate of thirty-seven cents per hundred pounds is available on shipments of millfeed and grains from points west consigned for export, as against a rate of fifty-seven and one-half cents per hundred pounds of similar materials consigned for domestic consumption in the Maritime Provinces, and WHEREAS: It is necessary in the economic production of dairy, hog and poultry products in the Maritimes that a cheap source of grain and other concentrated feeds be available for the long winter feeding period.

AND WHEREAS: A larger consumption of concentrates in the Maritimes would add greatly to the fertility of our farms, furnish winter employment for the farm help necessary during the summer months, and greatly increase our farm production, thus providing increased business to the Railways.

AND WHEREAS: An increased volume of trade between East and West, and WHEREAS: existing rates on these feeding materials constitutes the granting of a bonus to the competitors of Maritime producers who are supplying the same market in the British Isles.

AND WHEREAS: A strong market exists in the Maritime Provinces for dairy and other products, which in a measure are being supplied at the

LOADING SWITCH HARPERS STATION

Moved by Mr. J. E. Birch. Seconded by Mr. A. J. Matheson.

WHEREAS: The farmers of Harpers and vicinity have requested the Railway Management to replace loading switch at Harpers Station near Tignish.

AND WHEREAS: On account of the large acreage of potatoes in the vicinity of Tignish and the serious delay to farmers in unloading at Tignish Station in the potato shipping season.

THEREFORE RESOLVED: That we the Associated Boards of P. E. I. respectfully ask the Railway Management to install a loading switch at Harpers with proper loading facilities to accommodate the potato growers of that section and to relieve the congestion at Tignish, and that a copy of the Resolution be sent to Mr. T. B. Grady, Supt., and Mr. P. T. Clarkin, Freight and Passenger Agent, Charlottetown, and Mr. W. U. Appleton, General Manager, C. N. R., Moncton.

GOVT. SUPPLY STEAMERS

Moved by R. E. Mutch. Seconded by N. Rattenbury.

WHEREAS: The Charlottetown agency of the Marine & Fisheries has now under its supervision the "Aids to Navigation Service" along a very considerable stretch of the Labrador and Newfoundland coast, as well as the coast of P. E. Island and a portion of

RE-ELECTED

MR. S. A. MACDONALD, President, Associated Boards of Trade, whose annual report is published in today's Guardian.

MARITIMES IN THE LEAD

(Special to The Guardian)
TORONTO, Aug. 29.—The Maritimes romped away with the first two red ribbons handed out today, when judging of the dairy cattle classes opened at the C. N. E. Quebec took the third and Ontario fourth. It took the judge 40 minutes to decide the placing of the 14 bulls in the Holstein class. M. L. McCarthy, of Sussex, N. B., was awarded the red ribbon. J. Stanley Watson, Woodbridge, was second and George Wood, Troy, Ont., third. Nova Scotia chalked up first in the Guernsey class bulls over 3 years when F. W. Swindells, Princeport, Nova Scotia, was awarded first prize for his Langwater Marmon.

GOOD SHOWING

Maritime Holsteins shown by M. L. McCarthy, Sussex, N. B., and J. Walter Jones, Charlottetown, P. E. I., made a great showing on the first day of judging at the Canadian National Exhibition. There were 314 Holsteins, probably the largest number ever at one show. But in the first 12 classes judged today the Maritimes won 7 firsts and both bull championships. McCarthy won senior and grand and Jones, junior. Ontario won 3 firsts and Quebec 2, N. B. 4, P. E. I. 3.

Maintain Order In Palestine

(Special to The Guardian)
JERUSALEM, Aug. 29.—The strong hand of the British military today maintained order in Jerusalem and to a large extent in southern Palestine. While there was no serious renewal of the conflict between Arabs and Jews anywhere in the country, conditions in the north were more unsettled. The British soldiers and marines, who were rushed here when the situation became grave, have been distributed to most of the centres of population, where to promote peace they are disarming both Arabs and Jews. Their chief task now is running down bands of irregulars in the country districts.

The correspondent of the Jewish Telegraphic Agency reported that several British soldiers were killed when a convoy proceeding towards the Jewish colony of Kastinia, was attacked. All members of the Jewish party under convoy were said to have been wounded and the Arab village near Kastinia was burned in reprisal. Several thousand Bedouins of the Samous and Beni Saher Tribes of Trans-Jordan crossed the river Jordan and encamped near Ramallah. The British police arrested their chief sheik this afternoon to prevent further advance. Vad Louni, the National Council of Palestine Jews, today gave the total number of Jewish dead in Palestine as 120, but unofficial sources estimated the number at 150.

WASHINGTON, Aug. 29.—Harold M. Deane, Providence, R. I., United States consul at Montreal, Canada, committed suicide yesterday by hanging himself, the State department was informed today.

CITY PRAISED FOR PARKING REGULATIONS

Halifax Visitor Greatly Impressed With Handling of Exhibition Traffic In Island Capital.

The following item in a newsy feature by "Man on the Street," in the Halifax Evening Mail, will be read here with interest and appreciation:

"A Halifax man who recently motored to Charlottetown, P. E. I., for the Exhibition, was enthusiastic over the solution of the parking problem there. 'I wish,' said he, 'that we handled the parking of our cars in Halifax just half as well as Charlottetown does with its tiny police force.' He gave illustrations.

"In the Island capital they use every available bit of space when there is a rush. Every park receives its quota of autos and there are spaces MARKED OUT for them. It is not a case of cars being pushed over the greensward helter-skelter. Thousands of cars were in evidence at this Exhibition, yet, claims this gentleman, you could go to your own car, remove it and drive away at a moment's notice.

"I am not trying to draw invidious comparisons with the Halifax Exhibition. Parking at the Exhibition grounds has always been above the average—for Halifax. Why not apply it to the every day rush.

"I questioned this motorist. 'Weren't the parks disfigured as a result of the cars being driven over them?' 'They were not,' he replied. 'The cars were allowed in just so far, at an equal distance from one another, and when they got out they BACKED out.'

New Rum Running Problem Found In The Maritimes

OTTAWA, Aug. 29.—A new problem in the prevention of rum-running in the Maritime Provinces has arisen in recent weeks. Two years ago the Dominion government, by legislation, extended, for the purposes of checking rum-running, its jurisdiction over vessels of Canadian registry to the 12-mile limit, while the jurisdiction over vessels of registry in Britain and in foreign countries stopped at five miles.

For some time past a large number of vessels engaged in running liquor into the shores of the Maritime Provinces have been transferring their registry, a large percentage of them to that of Newfoundland and they have by this means enabled themselves to get nearer to the Canadian shore with their cargoes. So extensive has become this new form of law evasion that it is understood the Federal authorities are preparing to make representation to the Newfoundland government to ascertain if that government can possibly co-operate respecting this form of evasion. If Sir Richard Squires, premier of that island, comes to Ottawa, later this fall the matter is likely to be taken up directly with him and failing that visit, the question will be the subject of communications.

Fred W. Cowan, chief of the preventive branch of the Department of National Revenue, has just returned from the Maritime Provinces well satisfied with the work being done by the preventive service, particularly in the Halifax district where originates most of the Canadian demand in the Maritimes for the liquor being smuggled. Mr. Cowan investigated conditions in Halifax and it is expected some changes will be made this summer.

VANCOUVER, B. C., Aug. 29.—Hon. Herbert M. Marler, Canadian first minister to Japan called today aboard the liner Empress of France for Tokyo, to take up his duties.

A woman is more influenced by what she suspects than by what she is told.

HANGED FOR CRIME

Marie Viau and her friend Philbert Lefebvre, who were hanged at Hull, Que., at 8 a. m., Aug. 23, for the murder of the woman's husband. The Viau woman is the seventh of her sex to be hanged in Canada.

BAPTISTS ELECTED CONFERENCE GRAND CHIEF

WOLFVILLE, N. S., Aug. 29.—Rev. M. S. Richardson was elected president of the Maritime Baptist Convention in session here today under the retiring President, J. A. Clark, of Charlottetown. Dr. A. L. Huddleston, of Halifax, and R. H. Jenkins, were chosen Vice-President for Nova Scotia and Prince Edward Island. The nominating committee's report named Dr. H. S. Poole as secretary, Rev. F. H. Eaton and Rev. M. H. Mason as assistant secretaries, and Charles Fitch, Treasurer. Rev. H. E. Stillwell, secretary of the mission board reported sixty missionaries in India, 100 churches, 829 Sunday Schools and a church membership of 20,574. Dr. J. D. Freeman in the principal address, noted a new spirit of optimism throughout the provinces in things of the spirit. Never was the quest for truth keener than today. "Science and philosophy," he said, "groan under their own weight, apart from Christ."

WILL LEAVE FOR GENEVA

(Special to The Guardian)
LONDON, Aug. 29.—Premier Ramsay MacDonald will leave Saturday for Geneva to attend the session of the assembly of the League of Nations. He will be accompanied by his daughter, Isabel, and a private secretary. It has not been decided exactly how long the Labor leader will remain in Geneva but he will stay at least three or four days.

Rev. A. K. Herman, Vice-President, presided over the conference, at which special music was rendered by the Acadia quartette, composed of Rev. H. Phinney, Westport; Rev. W. I. Deon, Rev. G. R. T. Ayling, Milton, and Rev. M. S. Richardson, Saint John.

Officers for the ensuing year were elected as follows:—President, Rev. A. H. Saunders, St. George, N. B.; First Vice-President, Rev. P. E. DeWolfe, Canis; Second Vice-President, Rev. A. J. Vincent, Charlottetown; Secretary-Treasurer, Rev. D. H. Maitland, Truro.

Additional members of the executive—Rev. H. T. Wright, Fort Maitland; Rev. Harry Mollins, Windsor.

INDIAN CELEBRATION:
HALIFAX, N. S., Aug. 29.—The 300th anniversary celebration of the Indian Mission in Cape Breton was held at Chapel Island recently. Delegates from various sections of the Island were in attendance at the celebration which lasted for five days. During the five days special sermons were given by Rev. L. J. McDonald, Missionary to Chapel Island and Rev. R. P. Pacifique, of Restigouche, P. Q. Missionary to the Mic Macs of the Maritime Provinces. Sports of various kinds were held each afternoon including running events, tug-of-war and baseball games with entries from the different reservations. The evenings were taken up with sing-songs and war dances.

AGREEMENT REACHED WITH GERMANY

Evacuation of the Rhineland to Be Completed at the End of Next June.

(Special to The Guardian)
THE HAGUE, Aug. 29.—The Young plan has been saved. The five powers, Britain, France, Belgium, Italy and Japan reached an agreement with Germany today on the compromise plan whereby Great Britain's demands are met in great part.

Germany made the concessions asked of her and agreed to the plan reached by the five powers yesterday. It was agreed that evacuation of the Rhineland shall be completed at the end of next June. The agreement marked the end of the final controversial stage of the greatest political and financial problem in history—the liquidation of the World War. Minor problems, of course, remain to be settled, but the powers have at last attained common ground on the general points at issue, and the methods of handling them.

The agreement is complete, but it must be supplemented this afternoon by a settlement of various financial questions, including who pays the costs of the Rhineland occupation after September 1, and until evacuation is completed.

After five hours discussion last night, the German delegates had not budged from their position. Unless the financial burden of Rhineland occupation was removed from Germany's shoulders after Sunday, they insisted they would not submit to the sacrifices demanded of them in the five-power agreement in order to achieve British acceptance of the Young plan.

Dr. Carl Joseph Wirth, of the German delegation, emerging from the session said: "Germany cannot pay everything alone. The others must help. If Mr. Snowden is able to ask 100 percent, we can compete with him."

FOX MEETING IN MONCTON

(Canadian Press)
MONTREAL, Aug. 29.—More than two hundred men and women from various parts of the Maritime Provinces who are interested in the fox raising industry were in attendance at the convention held here today under the auspices of the American Fox Institute. A civic welcome was extended to the gathering by Deputy Mayor G. W. Redmond. C. O. Avard of Sackville, Vice President of the Institute for New Brunswick, presided and papers dealing with various subjects of importance to fox raising were read.

A paper on some breeding problems and how to solve them prepared by Dr. W. E. Russell was read this morning by Maxwell Lake-man. Dr. A. H. Kennedy of Sackville presented a paper on "Feed for Sick Foxes" and Dr. A. A. Kingscote of Sackville read a paper entitled, "Kidney Diseases in Foxes, Prevalence and Prevention." The meeting adjourned at noon for luncheon, reopening at 1:30 o'clock when B. I. Rayner presented a paper, "What Makes Value in a Pelt."

(Special to The Guardian)
TORONTO, Ont., Aug. 29.—The C. N. E. luncheon yesterday had a distinguished speaker in Mayor Camille Houde, of Montreal, who laughingly admitted that, while he would like to see his city imitate Toronto's example in holding a great annual exhibition, he found the big fair inimitable.

(Special to The Guardian)
