### School Teams In Lively Hockey Games At Georgetown

On Saturday night the Georgetown High School girls and boys were hosts to the Montague School girls and boys in a double header hockey game at the local rink. A large crowd were kept at a high pitch of excitement throughout both contests and the evening's activities were capped off with an enjoyable game, enjoyed by young and old.

In the first contest of the evening the girls' teams met in what was the fourth game of the season between these teams, two of those were played in each rink. Georgetown girls had won the first three games and all by shut-outs. Saturday night the Montague girls did better than in the other three contests but were again beaten by a 4-2 score. In games so far this season our school girls' team have been undefeated in contests against Montague and Charlottetown.

The first period was 4:10 old when Sheila DeLory picked up the rubber at her own blue line and carried through the entire team and when Hennigar went down to block, she lifted a sizzler over her into the twines. At 5:55 Joan Murphy and Anna Prosper teamed up on a passing play with Murphy scoring to make it read 2-0. Play was close with both goalies being tested frequently, but with the locals having the edge in play and finally at 9:29, Anna Matheson countered on a well-laid pass from Sheila DeLory. The visitors fought back hard and at the 11:47 mark, Shaw from McLure beat Johnson in the Georgetown cage.

Play in the middle canto was close and at 9:30 Helen Murphy realized for the home team on a hard drive from just inside the blue line. Montague came back strong and made many dangerous sallies which finally paid off at 12:05, as Stewart from Shaw scored.

The third session was a titanic struggle, which went scoreless, to leave the final count stand at 4-2.

#### SECOND GAME

In the second contest of the evening the Montague Boys took a close 2-1 decision from the Georgetown Boys. The game was a closely fought affair throughout, with a scoreless second period.

The home boys got the opener at 2:35, as youthful Louis David sank one on a pass from F. Lannigan. This ended the scoring for

the first frame and the middle fast and often rugged and both net custodians were called upon to make numerous sensational saves.

The visitors went out in the final frame to do or die and at 5:38 Claire from Clements were successful on a pretty combination effort. Again at 12:13 the visitors clicked as Clements sunk the winner, assisted by Reynolds.

# What's Nickel ... in his young life?

Just a few minutes ago, the newsboys' presses came pouring from the printing press. Presses must not break down. So parts subject to unusual wear and strain are made of Nickel alloys.

To turn this pile of logs from tomorrow's newspapers, rugged machinery will be used—also acids and other corrosive chemicals. That's why so much equipment in pulp and paper plants is made of Nickel and Nickel alloys.

In the trucks, trains and planes which distribute newspapers far and wide, Nickel Steel and other Nickel alloys prevent breakdowns and give long wear.

Forty-three years of research have uncovered hundreds of uses for Nickel in the United States and other countries. Now Nickel exports bring in millions of U.S. dollars yearly. These dollars help pay the wages of the 14,000 Nickel employees in Canada and also help Canadian railwaymen, lumbermen, iron and steel workers and other men and women making supplies for the Nickel mines, smelters and refineries.
