HARTNEY HALL—There will be service in Hartney Hall on Sunday the 14th inst. at 7 p. m.

A GOOD OPENING.—An excellent opportunity offers to a smart intelligent youth to become a linotypist. Good wages offered from the beginning by the Guardian.

POLICE COURT.—Three drunks appeared yesterday. One was fined \$5 or 20 days and the cases against the other two were adjourned. A man for committing a nuisance was fined \$5 or 20 days.

TENDERS CALLED FOR hauling, 50 yards of sand, 60 yards of stone and 80 loads of lumber to John Agnew's farm 2 miles out, send same to Parkman & Son, 13 Euston St., 9706-M21.

RUNAWAY.—A horse belonging to a man named Casford of Rustico, took fright at the approach of the motor sprinkler near the Market Square. Yesterday afternoon. The owner seated in the wagon tried his best to control the frightened animal but could not do so. One shaft was quickly broken and the contents of the wagon were scattered along the street. The broken shaft and the efforts of the driver to stop the animal caused the horse to take a zig-zag course to Upper Prince Street, where he was finally rounded up by an approaching team. The wagon was considerably battered.

VILLAGE GREEN.—The following is the standing of the pupils in Village Green school for the month of April:—Grade VII.—1, Leslie Cosgrove; 2, Josie Jackman; 3, Martin Jackman. Grade IV.—1, Sterling McNeill; 2, Colla Acorn; Charles Duffy. Grade III. Sr.—1, Ayle Noy; 2, Willard Brehaut; 3, Boyd McNeill. Grade III. Jr.—1, Isaac Mitchell. Grade I.—1, Elson Jackman; 2, Elva Acorn; 3, Marlon Jackman, Ethel L. Brown, teacher.

MATRIMONIAL.—On Wednesday evening at 7 o'clock an interesting event took place at Watermans, the residence of the Rev. D. MacLean. It was the marriage of Mr. Angus MacEachern, a young and prosperous farmer of Rocky Point to Miss Hazel A. MacNeill, daughter of the late Archibald MacNeill of Long Creek. They were unattended. When the important ceremony was concluded the happy couple drove to the home of the bride where tea was partaken of. Then they drove to the future home at Rocky Point followed by the very best wishes of a host of friends. The bride will be very much missed by young and old, in the vicinity of Long Creek, where she was a general favourite, but she will certainly brighten up the hitherto bachelor home of Mr. MacEachern. The Guardian extends to Mr. and Mrs. MacEachern most hearty congratulations and wish them a long and prosperous married life.

Remember time and place, Baptist Church, next Sunday at 2.30 p. m.

Famous Trapper Tells His Story

OF WHAT DODD'S KIDNEY PILLS ARE DOING UP NORTH.

They Cured His Troubles and Gave Him a Reputation as a Medicine Man Among the Yukon Indians.

Glacier Creek, Via Dawson, Yukon, Can., May 12th.—(Special).—Up in the land of the midnight sun Dodd's Kidney Pills are followed up their great work of curing the aches and pains that come from diseased kidneys. Listen to what the famous trapper, Thomas Pilkey, has to say of them.

"Last fall," Mr. Pilkey states, "I was so sick I did not think I would be able to follow my occupation as trapper.

"But after taking six doses of Dodd's Kidney Pills I was able to make a round of my traps, which entails a walk of eighty miles in the hills and shooting in the valleys with the temperature at 49 below zero.

"In the course of my travels I came across an Indian encampment. One of the Indians was very sick and from his symptoms I concluded he had kidney trouble. So I gave him some Dodd's Kidney Pills and left him half a box of them.

"When I returned in two weeks the Indian was fit and well and the Indians claimed I was a great medicine man."

Dodd's Kidney Pills are no respectors of persons, places or climates. They simply cure kidney disease, no matter where it is found.

BANISH SCROFULA

Hood's Sarsaparilla Cleanses the Blood, Skin Troubles Vanish

Scrofula eruptions on the face and body are both annoying and disfiguring. Many a complexion would be perfect if they were not present.

This disease shows itself in other ways, as blemishes on the neck, inflamed eyelids, sore ears, wasting of the muscles, form of dyspepsia, and general debility.

Ask your druggist for Hood's Sarsaparilla. This great medicine completely eradicates scrofula. It purifies and enriches the blood, removes humors, and builds up the whole system. It embodies the careful training, experience, and skill of Mr. Hood, a pharmacist for fifty years, in its quality and power to cure.

Scrofula is either inherited or acquired. Better be sure you are quite free from it. Get Hood's Sarsaparilla and begin taking it today.

they should in keeping their factories and surroundings in the best possible condition under the existing circumstances.

Mr. BIFFEN: No. In some of the factories makers are doing well, other factories show too much carelessness, no doubt owing to different reasons, help is costing more and the returns after the season's work is done are not very satisfactory.

Mr. Spillet: No. The old time efforts on the part of the baker try and excel seems to have been lost sight of largely due to the fact that help and other expenses have increased to such an extent that the makers' net profits at the end of the season are very discouraging.

(c) Do you consider the cheese makers handle the milk they receive in the best manner possible, or to the best of their ability from the experience they have had and the instructions they receive?

Mr. BIFFEN: Some do, others do not. Too much lack of interest in their work is shown.

Mr. Spillet: In many cases, no. As I have stated before the ambition to excel appears to have died out, and anything good enough to pass the buyer has taken its place.

(4) Do you consider a greater interest on the part of the Boards of Directors of the different companies in regard to the building and equipment of the patron and cheese maker putting into practice the information they already possess in regard to the caring for the milk and handling it in the factories, would be the means of turning out a finer quality of cheese in the Province than at present?

Mr. BIFFEN: Yes. In a number of the factories the directors do not take the interest they should.

Mr. Spillet: Yes. But I think it is the lack of general interest on the part of the producers that is behind the whole trouble and this is largely due to the lack of efficient organization and either the local or federal departments will have to come to the rescue.

(5) If No. 4 is answered in the affirmative, would you consider it advisable to have legislation such as the licensing of cheese factories and cheese makers to have the points mentioned carried into effect?

Mr. BIFFEN: Yes. I do. There has got to be something done to put the business on better footing.

Mr. Spillet: Yes. I think so. I understand in at least some sections of the West this licensing system has been introduced and information could be secured that would guide us.

(6) Do you think the present system of inspection of cheese as practiced by the buyers tends to make the work of the factory instructor as effective as it should be?

Mr. BIFFEN: No. Owing to a few buyers taking cheese without inspection, it has had tendency to make a

Childhood Ailments

The ailments of childhood are many but most of them are caused by some derangement of the stomach and bowels. Therefore to banish these troubles the stomach must be kept sweet and the bowels regular. To do this nothing can equal Baby's Own Tablets. Thousands of mothers have proved this. Among them is Mrs. Thomas Hobins, Elizabeth, N. B., who writes: "Every mother in this locality uses Baby's Own Tablets as we all consider them the very best medicine for childhood ailments." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

number of makers careless and the work of the instructor has not been as effective as it should be.

Mr. Spillet: No. I am satisfied that cheese taken from the factory without being properly inspected by the buyers tends to carelessness and all parties interested suffer as a consequence.

COMPARISON OF PRICES—WESTERN ONTARIO AND P. E. ISLAND FACTORIES.

From a letter received from Mr. Frank Hems, Secretary Dairymen's Association, Western Ontario, February 4th, 1916:—

"I enclose you a few figures from statements which I have received, of a few factories to date:—

Factory	RECEIVED		PAID	
	Per 100 lbs. Milk	Per 100 lbs. Fat	Per 100 lbs. Milk	Per 100 lbs. Fat
Hickson	15.84 cts.	1.21 3/4	14.40 cts.	1.15
Blanshard	15.06 cts.	1.27 1/2	14.13 cts.	1.04
German			14.20 cts.	1.10
Union	15.17 cts.	1.21 1/2		

These factories did not make any cheese during the winter of 1915, therefore the average price will not be as high as those factories that did."

From the annual statements of three of our Island factories prices are as follows:—

Factory	RECEIVED		PAID	
	Per 100 lbs. Milk	Per 100 lbs. Fat	Per 100 lbs. Milk	Per 100 lbs. Fat
Emerald	14.40 cts.	1.15		
Hazelbrook	14.13 cts.	1.04		
Hillsboro	14.20 cts.	1.10		

There should not be this difference of practically one cent per pound in the average price in favor of the Western Ontario factories.
