MAVIS

In the brilliantly lit ball-room, the woman who is the favorite is the woman who is individual.

A few drops of Mavis Perfume and a light film of face powder will lend you additional charm. Your individuality will be striking because only discriminating women choose Mavis.

The charming fragrance of Mavis perfume—the gentle touch of face powder will make you truly IRRESISTIBLE.

Irresistible!

Penmans Underwear

"THE STANDARD OF EXCELLENCE"

"NOT a flaw, my boy, not a hard thread! You will get no end of wear from that garment!"

Who is a better judge of woollens than Grandma? She has knitted nearly all her life. Judging materials was part of a young girl's training in her day. Grandma readily recognizes the quality in Penmans underwear.

USE BEAVER FLOUR

and Improve Your Baking

BEAVER FLOUR contains all the richness and goodness of Ontario Winter Wheat combined with enough Western Hard Wheat to give strength.

It is the only scientifically blended flour on the market—and can be relied on to give the best baking results every time. Ask for it at your grocer's.

THE AYRSHIRE EXHIBIT AT CHARLOTTETOWN

The exhibit of Ayrshire Cattle at the recent Provincial Exhibition was one which was worthy of more than passing notice, containing over one hundred animals, almost all of which were splendid specimens of the breed. The competition was very keen in every section, and the Judge, Mr. R. S. Stevenson of Ancaster, Ontario had to make some very close decisions in many classes. The placings, however, were quite satisfactory to all concerned. Some of the principal exhibitors were: Dominion Experimental Farm, Charlottetown; Bert R. Brown, York; A. McRae & Sons, Charlottetown; Farmers' Milling Co., Mt. Herbert; C. T. Ferguson, Marshfield; W. R. Younker, Charlottetown; W. Wood & Son, Marshfield; J. H. Love, Charlottetown; W. A. Millar, Charlottetown; McLeod Bros., Darlington, Edwin Reid Rollo Bay and George L. Boswall, Frenchfort.

The aged Bull Class brought out four entries, the red ribbon going to McRae's "Captain Kidd," a large massive bull of their own breeding, which showed remarkable dairy quality. Farmers' Milling Co., won second, Edwin Reid third on an Ontario bred bull, with Brown in fourth position.

The Two Year Old Class had four entries, the first award going to Ferguson's "Craggan Champion" with "Ottawa Ivanhoe" owned by Experimental Farm in second position, followed by "Norwood Jack" owned by J. H. Love.

The Yearling Class Brought out two exceptionally fine young bulls, McRae's "Fairvue Lochinvar" a bull of their own breeding winning the coveted ribbon, closely followed by Brown with "Lesnes-sock Quentin" imported from Scotland this spring.

The Senior Calf Class had six entries, first Younker, second and fourth McRae's, third going to Farmers' Milling Co.

The Aged Cows in Milk numbered ten, every one of which was worthy of a prize. "Sylvia of Glenholm" owned by Experimental Farm proved to be the winner with Brown's "Queens Own," the last year's champion in second position while the previous year's champion, "Fairvue Queen" owned by McRae's stood third; Experimental Farm got fourth, W. R. Younker, fifth.

The Dry Cow Class also had ten entries. "Diana" owned by Experimental Farm won first and later was awarded the Grand Championship. Reid won second Brown third and McRae's fourth.

"Beaver Meadow Beauty" owned by McRae's was an easy winner in the 3 year old section, followed by Wood and Sen with a strong straight helper.

The two year olds, eleven in number were a fine lot and it took the judge considerable time to pick the winners. McRae's "Olive" a fine type heifer showing remarkable evidence of production finally got the red ribbon, with Brown second on "Brightside Bessie," Younker's Betty" third, Brown fourth and McRae's fifth.

The Senior Yearling Class was topped by McRae's Fairview Jean" which was later awarded the Bank of Commerce Silver Cup for Junior Champion Female. Brown second, Younker third.

Junior Yearlings went to Reid on a stylish heifer out of "Lone Pine Belle," McRae's second and Farmers' Milling Co., third.

Senior Calves was won by Boswall, McRae's second, Farmers' Milling Co., third.

Junior Calves stood as follows: Boswall first, Millar second and third, Reid fourth and McRae's fifth.

The Senior Herd was won by McRae's and was headed by the Champion Bull "Captain Kidd" second going to Farmers' Milling Co., third to B. R. Brown.

Breeders Young Herd was also won by McRae's and was headed by "Fairvue Lochinvar." Brown won second with a splendid young herd.

The Special for best four animals get of one sire was won by Brown with get of "Fairvue Milkman second," while Ferguson won

News of the Markets

The market for baled hay is weak just now, according to advices from New York, and prices of late have declined \$7 per ton. Car lots of good No. 2 Timothy were quoted at \$33, ordinary No. 2 Timothy at \$32, and No. 3 Timothy at \$30 to \$31 per ton, extra.

There has been some decline in the live hog market this week. The latest reports gave a drop of 25 cents per 100 lbs. In Montreal a fair trade was done in dressed hogs in a jobbing way and the tone of the market was about steady with sales of city abattoir fresh-killed stock at \$29.50 per 100 lbs. The demand is principally for bacon and supplies of the best grades are kept well sold up. Breakfast grades are quoted at from 52 to 53 cents per lb. and Windsor selected homeless bacon at 59 to 60 cents. The movement of hams was slow with 10 lb. sizes quoted at 43 cents per lb. 10 to 15 lbs. at 50 cents and 18 to 25 lbs. at 38 cents. Lard is steady with a fair trade passing in Canadian pure leaf grades at 29 to 30 cents per lb. in 20 lb. wood pallets. From Chicago it is reported that lard and ribs have been strengthened by reports of a better trans-Atlantic call.

In Dairy produce the latest Montreal quotations give butter selling at 56 to 57 cents and cheese at 25 cents. The volume of new business done in this line is at present small but the market remains fairly steady.

In the egg market the prices show no important change. The export trade is quiet on account of the unsatisfactory state of the exchange market.

Potatoes are somewhat easier. A feature of the Montreal market is the large arrival of poor stock for which the demand is slow and in order to dispose of them low prices have to be accepted with sales of car lots at \$1.25 per bag of 90 lbs. extra track and in some instances as low as \$1 was accepted. The market for good sound stock is steady owing to the fact that the offerings of such are comparatively small and sales of car lots were made at \$1.40 to \$1.50 per bag of 90 lbs. extra track.

second with get of "Fairvue Milkman third."

The best two-animals progeny of one cow was won by McRae's with "Fairvue Jean" and Fairvue Ruth."

In the Class for cows having an official record Brown got first and third, second going to Experimental Farm, while the younger Class was led by Edwin Reid on "Lone Pine Belle," second Experimental Farm, and third going to Brown.

The Ayrshire Grade Classes were also well filled with choice animals; the Mature class being pronounced by Judge Stevenson to be one of the best he had ever judged. The Mature Class also the two and three year old sections was led by McLeod Bros., of Darlington. The entire exhibit was owned by members of the P. E. Island Ayrshire Breeder's Club, and it was largely due to the organization which the Breeders have availed themselves of that such a splendid display was made possible. If the Ayrshire interests continue to prosper as they have since the organization of this Club it should not be long until P. E. Island will be classed among the leading Ayrshire Centres of Canada.

The spirit of friendly rivalry that existed among the exhibitors was a very pleasing feature of this Exhibition, each one going home satisfied with his winnings, and all planning to make the 1921 show an even greater success.

The W. C. T. U. In Convention

DORCHESTER, N. B., Oct. 7.—The annual Convention of the Women's Christian Temperance Union of New Brunswick and P. E. I. convened in Palmer's Hall, Dorchester, this morning at nine o'clock, the President, Mrs. J. S. Perry, Summerside, in the Chair. Much important business is being transacted.

What to Do when You "Can't Sleep"

WHEN anyone fails to get good, sound sleep every night something ought to be done about it. It will not do much good to call in the doctor unless you are sure your sleeping equipment is not at fault.

Sleeplessness is often caused by the slight swaying or creaking of a poorly constructed bed—a wooden bed, or ordinary metal bed, or a spring that lets you down into a hollow. Perhaps it is a lumpy or unsanitary mattress or pillow.

Many an "insomniac" has found sound, dreamless sleep again by using Simmons Sleeping Equipment—built for sleep by Simmons Limited.

The Simmons Metal Bed is noiseless. Just as the sleep-inducing Spring is a Simmons "Waldorf," of specially tempered spring coils. Fine Springs that fit the contour of the body and support the spine in a straight line, insuring perfect circulation and restoring the energy used up in the fatigue of the day.

Simmons Felt Mattresses are the result of twenty-five years' study of equipment for sound, natural sleep. Made of pure, new cotton in clean, sunlit factories. Used in thousands of fastidious Canadian homes.

And Simmons Pillows, which rest the head and neck exactly as they need to be rested.

Simmons Limited specialize in Twin Beds. Simmons Steel Beds, Brass Beds, Springs, Mattresses, Pillows, and Children's Cribs are the most popular sleeping equipment in Canada today—in the stores of leading merchants right here in town. And at prices little if any higher than for the ordinary.

And when you are selecting your Simmons Beds with an eye to their appearance in the room, you will see that Simmons has for the first time established beautiful and authoritative design in Metal Beds.

Sleep is a big subject! Write us for the booklet, "What Leading Medical Journals and Health Magazines Say about Separate Beds and Sound Sleep." Free of charge.

DORCHESTER, N. B., Oct. 7.—The annual Convention of the Women's Christian Temperance Union of New Brunswick and P. E. I. convened in Palmer's Hall, Dorchester, this morning at nine o'clock, the President, Mrs. J. S. Perry, Summerside, in the Chair. Much important business is being transacted.

THE DEATH AND BURIAL OF JOHN BARLEYCORN.

Wild was the night yet a wilder night, Hung around old Johnnie's pillow, In his bosom there raged a fiercer fight, Than the fight on the wrathful pillow.

Scores of mourners were standing by, Those that his fond heart cherished, And they knew by his gaze and unearthly eye, That life had nearly perished. And he knew by their awful and keenly looks, By their orders hastily stowed,

That they dreamed of the days, When the nation was soaked, By Johnnie with what he brewed.

Sadly they talked of the spirits that's gone, And hoped soon again he'd renew them. But me-thinks they'll hear old Gabriel's horn, Before he starts again for to brew them.

So they buried him quietly at the dead of night, The soda with their glasses turning, In the brewer's lot they laid his clay, And now they're all in mourning.
