Some of these days the P. E. Island soap works is going to be a pretty big institution. The growth and development of the past few months is just beginning to show the possibilities that are ahead. New machinery will become necessary and a much larger number of employees. It is an institution which if it makes the superior product, will receive the preference in the home market. "Famous Soap" is a better wrapped bar of five cent laundry soap than anything in the same class brought from abroad.
