A cheering concourse of Boy Scouts, Girl Guides, Rovers, Cubs and Brownies, and every citizen interested in boys' and girls' work formed the great crowd that thronged the precincts of the railway station to welcome Lord and Lady Baden-Powell, Chief Scout and Chief Guide of the World, who arrived in the City by train at 7 o'clock last evening.

Erect and soldierly like the great general he is, yet as spruce and youthful at heart as the youngest Scout, the Chief acknowledged the wild acclaim that greeted him with a beaming smile and a wave of his hand. His gracious consort likewise won the affection of all present by her courteous recognition of the reception accorded her by the guides and Brownies who lined the route of exit she spoke kindly as she passed along. Hon. Betty Baden-Powell accompanied the Chief Scout and Chief Guide.

At Borden the distinguished visitors were met by Provincial Boy Scout Commissioner J. J. Morris, Provincial Boy Scout President J. O. Hyndman, Provincial Boy Scout Secretary R. C. Parent, and Provincial Girl Guide Commissioner Miss Mona Wilson. The delegation, except Miss Wilson who accompanied Hon. Heather Baden-Powell to Charlottetown by automobile, joined the party to return to the City in the private car.

Trap Drummer Confesses To Slaying Of 11-year-old Girl

(By B. L. Livingstone Associated Press Staff Writer) NEW YORK, July 3.—Trapped by a London flinger, a record trap drummer, Goodrich, yesterday confessed today to the slaying of 11-year-old Lillian Gallagher in Detroit last September and voiced readiness to return to Michigan with Detroit authorities who rushed here by airplane.

The 27-year-old trap drummer, whose police record shows three separate incarcerations in an Ohio institution for the criminal insane, was arrested yesterday on a disorderly charge under the name of Raymond Johnson while acting indecently at a children's playground.

While waiting to be remanded to jail today on a disorderly conduct charge, to which he pleaded guilty, police discovered his fingerprints tallied with those of Goodrich. The confession followed swiftly, and his immediate return to Detroit was ordered.

Goodrich's 25-year-old wife, who fled with him to Canada, after the Gallagher child's death, was questioned by detectives, according to officials, admitted her identity. She was charged with homicide on the basis of an indictment reported returned against her in Detroit.

Goodrich was indicted for murder in Detroit when it was discovered he had suddenly disappeared, without taking even personal effects, after Lillian's body was discovered jammed in a trunk in his apartment.

The law worked swiftly after a check of police fingerprint records

of the Girl Guides, Miss Mary MacNutt, and members of the two executives. The Scouts, Cubs, Guides and Brownies, drawn up in order along the route of exit to Water Street, made a great demonstration. The Rovers formed a Guard of Honor. The demonstration was in charge of Assistant Commissioner F. A. Driscoll, with Field Commissioner William Warren, and Deputy Commissioner Miss Mary MacNutt.

His Honour, the Lieutenant-Governor and Mrs. DeBolis entertained a small party at dinner in honor of the distinguished guests. Urearty appreciated music was supplied by Mr. Harry Gomez and Miss Rena Wood. The only toast honoured was that to the King.

Today's programme includes a Provincial and Civic Reception in Confederation Chamber; The presentation of an address by Premier MacMillan; A short talk on Confederation by Mr. H. R. Stewart.

A Press Reception will be held at noon. At 12.30 p. m. Lord Baden-Powell will leave in the company of Comr. J. J. Morris on a short fishing trip. Lady Baden-Powell and Hon. Heather and Hon. Betty Baden-Powell will be the guests of the Provincial Guide Council at a basket picnic at the Governor's Terrace home.

In the evening a dinner and dance will be held at Government House.

Heads to roll today were those of Egon Bress, 28, convicted of trying to procure armaments secrets, and Bruno Hindemann, 63, convicted of betraying military information.

Wilhelm Battersch, 46, who was tried with them in the dread people's court, was sentenced to life imprisonment for revealing military information.

Semi-official quarters revealed that several more persons were awaiting trial and little hope was held that mercy would be shown them in view of the Reich's determination to keep its rearmament secrets.

Hero Killed, Girl Suicides (C. P. By Guardian's Special Wire) HAVANA, July 3.—Aurelio Oastillo, a 17-year-old girl living in Santa Clara, committed suicide today, because her favorite screen hero, Carlos Gardel, was killed a week ago in a plane crash in Columbia.

The girl set fire to her bed-clothing and was dead before the flames could be extinguished. Under the pillow was found a note explaining her suicide and picture of Gardel.

Frontier of Eritrea Said To Be Scene of Fighting Between Italian and Ethiopian Forces.

(A. P. by Guardian's Special Wire) UNDIS ABABA, July 3.—Unofficial reports received here today said there were heavy losses on both sides in a battle between Italian and Ethiopian forces but details and confirmation were lacking. The frontier of Eritrea, scene of previous incidents, was said to be where the fighting took place. Another report said 5,000 cartridges being shipped to Ethiopia from Belgium were being held up by French authorities at Djibouti, French Somaliland.

(A London despatch said the report from Addis Ababa of a severe battle lacked confirmation in European capitals, which are keeping a close watch on the situation.

PROROGATION BY FRIDAY IS AIM

Government Measures Speeded Through Senate Yesterday.

(C. P. By Guardian's Special Wire) OTTAWA, July 3.—Prorogation of Parliament on Friday is the goal of the Upper House today. The Upper House today speeded four government measures through third reading and gave second reading to a fifth, which it sent to committee. Maintaining a like rapidity, the Banking and Commerce Committee functioned in full swing every available moment of the day. Bills which went through final reading were legislation to set up a \$10,000,000 scheme to assist in construction of houses; amending the Companies Act; transferring administration of the Combines Investigation Act from the Minister of Labor to the proposed Dominion Trade and Industry Commission; and amending the Root Vegetables Act while implementing recommendations of the Price Spreads Commission report by extension of the experimental inspection service began in 1934 to all canning plants.

The measures were approved in amended form, and the Commons will be asked to concur in numerous changes. Legislation to remove application to British Columbia of the Farmers' Creditors Arrangement Act received second reading. It will be considered in the Banking and Commerce Committee tonight or tomorrow when an amendment will be moved.

GERMANS DIE UNDER HEADSMAN'S AXE

(A. P. By Guardian's Special Wire) BERLIN, July 3.—Two more Germans too eager to learn or too willing to divulge Germany's precious military secrets died under the headsmen's axe today, bringing to 17 those executed or sentenced for espionage during recent months. Heads to roll today were those of Egon Bress, 28, convicted of trying to procure armaments secrets, and Bruno Hindemann, 63, convicted of betraying military information.

Wilhelm Battersch, 46, who was tried with them in the dread people's court, was sentenced to life imprisonment for revealing military information.

Demobilization Plans Announced By Premier Gardiner - Homes Or Relief Camps Await Men.

(By Sam G. Ross, Canadian Press Staff Writer) (C. P. By Guardian's Special Wire) REGINA, July 3.—The end of the on-to-Ottawa trek came today for 2,000 striking relief camp workers and within 48 hours they will be aboard a westbound train en route to their homes or, if without homes, to the relief camps from which they came. One striker, whose name was not divulged by police, is expected to be charged specifically in the death of Detective Charles Millar. Additional arrests brought total to 113 and literature has been seized by police. About 25 were still in hospital as result of the rioting, four of them in serious condition.

Premier J. G. Gardiner of Saskatchewan, after negotiations with the 1,500 strikers still at the Stadium here, and communication with Ottawa and police, announced the plans for demobilization of the strikers direct from Regina.

A special train is being arranged by the provincial government. When it pulls out of Regina all the strikers at the Stadium will be aboard. The train will stop at points along the way for the strikers to leave. Strikers will leave the train in groups or singly.

Meanwhile, the strikers are still under guard. Royal Canadian Mounted Police are carrying rifles. They spend most of the day playing ball and taking sun baths in the Stadium.

A statement issued by the strikers declared they had informed C. P. Burgess, federal director of relief here, they were prepared to return home before the rioting occurred. Their objective had been achieved and the trek to Ottawa abandoned, it said.

The statement said in part: (Continued on Page 9)

FOUR OF CREW LOSE LIVES IN FIRE

(C. P. By Guardian's Special Wire) VANCOUVER, July 3.—Fire which destroyed the Vancouver fishing boat Bantry Bay on Tuesday took the lives of four members of the crew, British Columbia Provincial Police were advised today. Three others escaped with painful burns.

The accident occurred near Half Moon Bay, about 40 miles north of here. The four who lost their lives are Carl Peterson, Harry Johnson, Jonas Webb and Harry Pallant, 11, stepson of Captain William Oram, Vancouver, owner of the vessel.

The Captain escaped with burns about the face and hands, the most seriously hurt of the survivors. Those who escaped with him are James McKinley and James Thom. They were taken to Pender Harbor Hospital and will be brought to Vancouver by steamer.

The 50-foot sloop was going north to a canner when she caught fire. The seven men aboard her fought the flames without success and it was believed those who lost their lives were drowned when they put over a dory. Police are awaiting fuller details.

House Requests New Amendment (C. P. By Guardian's Special Wire) OTTAWA, July 3.—The House of Commons retraced its step today to make a correction in the bill extending the life of the Canadian Radio Commission until March 1, 1936. Under an amendment to the bill made in the Senate the whole Radio Act which established public ownership of radio would have terminated on that date. The Commons rejected the Senate amendment and substituted one to confine the operation of the bill to the commission. Today Prime Minister R. B. Bennett said the Senate amendment was not sufficiently effective to make the intention of Parliament plain and had the House send a message to the Senate requesting a new amendment.

Minister Of Justice Tables Reply To Sask. Atty-Gen.

(C. P. By Guardian's Special Wire) OTTAWA, July 3.—Replying to a telegram received from Hon. T. C. Davis, Attorney-General of Saskatchewan, asking for a statement of the Dominion's position in relation to criminal proceedings in that province, Hon. Hugh Guthrie tabled in the House today a telegram he had sent in reply. The Minister of Justice took the position the Mounted Police in their action against the strike leaders in Regina were acting consistently with the practice in all the provinces whether the province has a separate police force or not.

Declaring the provincial powers in criminal matters were dependent on the Criminal Code and not the British North America Act, the telegram stated "the Criminal Code, Royal Canadian Mounted Police Act and the Railway Act were equally effective Dominion legislation and must be read together. The code does not provide that charges can only be laid by attorney-general."

The agreement for policing Saskatchewan by the Mounted Police was not "to restrict or diminish Dominion powers or abrogate any Dominion statute. Agreement provides that except for provincial purposes the force whether the province has a separate police force or not"

Freer Market For Canned Lobsters & Other Products

Canadian Producers Will Benefit Substantially By Terms Of Treaty, Signed Yesterday By Premier Bennett.

(C. P. By Guardian's Special Wire) OTTAWA, July 3.—Lowest regular tariff rates on all Canadian products are assured Canada in the commercial convention signed here today on behalf of the two countries by Prime Minister R. B. Bennett and Dr. Jerzy Adamkiewicz, Polish Consul General. In addition each country receives special low rates on a certain number of products.

The agreement was laid on the table of the House of Commons this afternoon by the Prime Minister who gave notice he would introduce a bill ratifying it.

In addition to the special concessions on a select group of products Canada gives Poland intermediate tariff rates on all commodities produced in that country. The Polish tariff schedule has two rate columns Nos. one and two, and certain conventional rates on selected products. The rates in column two are about twenty per cent lower than those in column one. Canada has the British preferential rate, the intermediate or treaty, and the general.

Tariff Reductions Poland gives Canada a reduction from column two rates to the percentage indicated. On the following items: herrings, spiced or prepared and pickled, 65 per cent; salmonoids prepared in any manner and packed in airtight containers, 70 per cent; Canadian sardines certified caught near the shores of North America, 65 per cent; lobsters in any form packed in airtight containers, 75 per cent; leather, varnished, bronzed, silvered, gilded or similarly processed, 55 per cent; raw silver black fox skins, 80 per cent; chemical wood-pulp bleached, containing water, when imported in paper mills for the manufacture of paper and on permit from the minister of finance, 46.66 per cent; other wood-pulp 33.33 per cent; ice skates 35 per cent.

Concessions to Polish products accorded by Canada are as follows: canned hams, intermediate tariff less 20 per cent; clover seed, intermediate less 25 per cent; sugar beet seed for agricultural purposes, free; dried mushrooms, packed, intermediate less 45 per cent; printed books unbound or bound in paper, periodicals and pamphlets, printed in Poland in the Polish or Ukrainian language, not including Christmas annuals, juvenile or toy books, or blank books to be drawn or written upon, free; sulphate of ammonia, free; alabaster manufacturer, intermediate less 25 per cent; mottled, pressed or crystal glass tableware, blown glass tableware and other cut glass ware, intermediate less 10 per cent; zinc dust and sheets, free; staves of oak not further manufactured than

\$1,000,000 FUND FOR DAIRYMEN

Payments Will Be Made Until End Of October Under Scheme.

(C. P. By Guardian's Special Wire) OTTAWA, July 3.—The House of Commons established a fund of \$1,000,000 today to be used to bonus the dairy industry. Minister of Agriculture Robert Weir said payments of 1-1-4 cents a pound, cheese weight, will be paid in July to every farmer sending milk to a cheese factory.

The idea behind the bonus scheme is to discourage farmers from piling up production of butter and forcing Canadian prices down to the world level. The fund will operate until the end of October when the Minister said he expected the dairy industry would institute a scheme of its own. Payments will be made through cheese-factories which are government-inspected.

The vote passed through the House without division, Liberals charging the Government with establishing a "political pork-barrel" fund designed to assist them at the election. They also claimed it would offer no permanent benefit to the dairy industry or general agriculture because if cheese makers were bonused, potato growers, wheat farmers and ranchers would have a just claim, burdening the taxpayers.
