**Absolute Safety of Principal**

The man who has accumulated a few hundred dollars by hard work must of necessity be most careful as to any investment into which he puts his capital.

Municipal Debentures are most desirable for this purpose. They are a charge upon the entire assets of a municipality, and therefore furnish excellent security to the investor. Then, too, the investor is assured of regular interest payments at given dates.

Taking into consideration the security offered, the rates are most favorable. We can offer Municipals to net from 4-1/2 to 6 per cent, Full particulars on request.
