**MOUSE CAUSES LONDON STAR TO EXCEL AT DANCING**

London, July 26.—Whirling in apparent terpsichorean rapture, Evelyn Laye, pretty musical comedy star roused a packed theatre to vociferous enthusiasm and entranced even her dancing partner, John Clark, until she whispered intensely in his ear: "It's a mouse." The dance continued, and the audience kept shouting. Clark rose to the emergency. He started some acrobatics and, locating the mouse in the folds of Miss Laye's dress, grabbed it. "Afraid he might start a panic if he threw the mouse away and it landed in the audience, Clark held it in his hands until the dance ended amid thunderous applause. Before taking the first of the resulting bows he dropped the dizzy

mouse in a fire bucket off the stage. The audience learned nothing about the incident until Miss Laye confessed that her Derivish-like whirling had been a means to an end not an end in itself. "I was trying to shake the awful thing out of my dress," she said. "The dance was just starting when I found a mouse was there. I danced faster and faster, trying to shake it out." Fozzly Goller—"This can't be our ball—it's a very old one." Caddie—"Still, it's a long time since we started out, sir!" Passing Show. Farmer: "Thought you said you had ploughed the ten-acre field?" Ploughman: "No, I only said I was thinking about ploughing it." "Oh, I see; you've merely turning it over in your mind."

**To Obtain Relief From Neuritis**

The nervous system must be thoroughly restored. Here is a case which illustrates this point.

The twitching of nerves and muscles warned Mrs. Mapletto of the exhausted condition of her nervous system. She also had frequent nervous headaches and persistent neuritis in her right side. Only temporary relief can come from external applications for neuritis. To really get rid of the cause of trouble it is necessary to thoroughly restore the exhausted nerves by the persistent use of Dr. Chase's Nerve Food.

twitching of the nerves and muscles. I had also been operated on for appendicitis, and it left me a nervous wreck. I was very restless and uneasy, and bothered with frequent neuritic headaches. My appetite was poor and I sometimes took weak spells. I commenced a treatment of Dr. Chase's Nerve Food and in a very short time I found relief. This medicine has done me the world of good and I can recommend it to all suffering as I was. Dr. Chase's Nerve Food—60cets. per box, all dealers, or The Dr. A. W. **BIG BOUT IN SEPTEMBER**

NEW YORK, July 26.—With the echoes of protest over Jack Dempsey's alleged four-blow fight against Sharkey in the fight at the Yankee Stadium Thursday night still in the air, Tex Rickard yesterday started the building up of the return fight between Champion Gene Tunney and Dempsey, which will be held on September 15 or 22, probably in Chicago. Dempsey has departed for Los Angeles. He asked Rickard to get the Turney battle as late as possible in September because he wanted a few weeks' rest at his home on the coast before resuming intensive training.

**Bisley Team Returning To Canada**

(Canadian Press) MONTREAL, July 26.—Laden with the spoils of their many victories, the greater number of members of the Canadian Bisley team, is returning to Canada on the Cunard liner "Ausonia." They sailed from Southampton on July 23, and are expected to arrive in Montreal on August 1. The most important among the trophies, which the team is bringing with them on the "Ausonia," is the Kolapore Cup, which was for the third successive year won by the Canadians, The McKinnon Cup, which they won the year before last, is again in possession of the Canadian team, and was wrested from the "mother country" team.

Among the individual prizes won by the Canadians, the grand aggregate won by C. Q. M. S. A. Parnell, Verdun, Que., ranks foremost. Parnell has led the Canadian team for the third time in four successive years. Sergeant Major W. A. Hawkins won the Prince of Wales prize of \$500.00.

**Mike McTigue Won \$7,000 On Fight**

NEW YORK, July 26.—Mike McTigue, former light heavyweight champion, who was defeated by Jack Sharkey, recently, indulged in a "kidding" match with the Boston heavyweight this afternoon when Sharkey appeared in Madison Square Garden to collect his check for last night's fight. "Well, it's too bad, Mr. Sharkey," said Michael as he met Sharkey. "A break in the game," said Sharkey. "But you got well paid for your fight," continued McTigue. When Sharkey offered no reply he went on: "I say you got well paid for your mishap. Better luck next time." Michael continued to chuckle as he walked away, adding that he had won \$7,000 by betting on Dempsey.

**P. M. Marsten Low With 73; T. D. McAvity Close Second**

WOODSTOCK, July 26.—The fifteenth annual meeting of the Maritime Golf Association got underway this afternoon when the teams representing the president, C. J. Jones, and the vice-president, E. W. Malr, played to a win for the former, nine matches to four. The match really an opportunity for the visiting golfers to familiarize themselves with the local course, provided an advance indication of the prospects for the play during the week. P. M. Marsten of the Woodstock Club, with a card of 73, handed in the lowest card, while P. A. McAvity, of the Riverside Golf and Country Club, Saint John, followed closely with a gross of 74.

According to the scores turned in this afternoon, the likely contenders for the amateur championship of the Maritime Provinces would include, besides Frank Meikle, former champion; P. M. Marsten, of the Woodstock Club;

**Upwards of 80 Entrants Expected to Participate**

WOODSTOCK, July 23.—With the local links in ideal condition and the assurance from W. B. Manzer, secretary-treasurer of the meeting, that upwards of eighty entrants are expected to participate, the fifteenth annual Maritime Provinces golf championship meet, to be held here July 25th to 29th, is shaping up as a record-breaker in competition to be provided for the various titles involved. The Woodstock course has never before presented better conditions, both on the fairways and greens, than it at present affords, and ideal golfing conditions are promised those in attendance at next week's meet.

Among the familiar and more or less noted players from whom entries have been received, besides the Meikle brothers, of Halifax, who for the past few years, have monopolized, are A. S. Peters, Tom McAvity, F. R. Armstrong, R. P. Starr and Percy Streeter, of Saint John; Dr. J. F. Worrell of St. Andrews; F. R. Risteen, of Fredericton, who recently broke the Fredericton course record, established in 1925 by Gerald Peters; W. K. Rogers and Victor Saunders of Charlottetown; Messrs. Laidlaw and Wylie of the Gorsebrook Club, Halifax; J. H. L. Johnston and Peter Jack, representing the Ashburn Club, Halifax; Stuart McCawley, Glace Bay; John H. Malcom, Yarmouth; Donald McNaughton, Yarmouth; Senator C. W. Robinson, Moncton; C. J. Jones, Woodstock, president of the M. P. G. A., consistently a menace to title aspirants Philip Marsten and Basil Marsten, whom, bracketed with Charlie Jones the Woodstock Club pins its hope to annex the Maritime golf title, and a great many others.

The local officers of the M. P. G. A., comprising C. J. Jones, president E. W. Malr, vice-president, and W. B. Manzer, secretary-treasurer, have been busily engaged during the past two months and nothing has been left undone in an effort to make the 1927 golf tournament one of the best.

**BASEBALL**

At the eleventh hour last evening the Baseball game scheduled between the Anchors and Stars was called off owing to some of the Anchors players being out of town. For last evening's first game that was scheduled was between the Abbies and Summerside which was later called on account of the Western team not being able to come down, then it was the Rovers and Anchors that were scheduled to meet, and again players being absent from the City on the Rovers line the Stars were called on to fill the vacancy, which they did, but at the last minute found no team to oppose them on the diamond. Far be it from us to criticize, but the fans are surely due a little consideration in the matter, it is a hurry up proposition to get home and out to a ball game starting at 6 o'clock, while the drive or walk will not do anyone any harm, they at least would like to see something for their trouble at the end of the hike. True the City League officials through Mr. Ed Acorn got word around the city, but not before a good number of fans had left for the ball park and had a nice warm walk for nothing. It would be well for the teams, especially for the sake of the game that has become so popular, to try and make arrangements in future that will hold and at least keep alive the only bit of sport now indulged in.
