### Prevailing Drug Prices And The Cause

High prices are no longer confined to the luxuries of life, but they extend to the necessities as well.

Even the prices of food, clothing and drugs are not exempt from the new standard.

The effect of the European War on Drug prices is familiar to all our customers.

The principal advances however, have been on chemicals, and rare Drugs which are not produced in America.

For this reason we are forced to charge more for certain Prescriptions, but in every case where this happens we are glad to give our customers a reason for the advance.

Our prices on staple lines of drugs, and on most Toilet Goods are still reasonable, and in many cases no advance whatever has been made.—Our Motto is "Quality Goods and Superior Service at Right Prices."

Seven years since Alexander R. last visited his Island home.—Windy weather; has stepped fishing the last two weeks, but the fishermen are living in hopes of some weeks fishing yet to finish up the best season known both in quantity and price. Mr. McKay, of St. John's, is in Charlottetown on Sunday evening the 10th inst. Henry A. McDonald in the morning. The starch factory at Port George is running to its full capacity and pro-

vide a ready market for the surplus whole has done well. It is certainly a potatoes. The potato crop is fair not mistake to let the cheese factories go large, and early ones badly effected down, as they are no doubt going with rot.—The cheese factory at Red Harlam, Kennedy, has been visited by rot.—The cheese factory at Dundas, has been visited by rot.
