POWNAL CIRCUIT.—On Sunday next, services will be held at Millville at 2.30 p. m. and Pownall at 7 p. m. The special Preacher on both occasions will be, Rev. Dr. F. H. Larkin of Ontario. You are cordially invited. There will be no service at Clifton on Sunday.

It was a great pleasure for me to be able to come back again on June 16th to the Island to have the privilege of carrying out some of Miss Windsor's fondest plans for the work.

Executive Meetings

In this changeable year the Executive Meetings have proved organized, stand-by and has carried steadily on, helping with their every ready and reliable advice.

Four Executive meetings have been held within the year, the dates being October 27th, March 20th, May 28th, and July 10th. The publication of an Institute paper, a Women's Institute booth at the Canadian National Exhibition in Toronto, and the Provincial Exhibition, the question of a Sanatorium, Convention plans and many such subjects of importance to the Institutes, were attended to.

Institute Paper

One of the chief topics under discussion at these meetings was the publishing of a Women's Institute paper in this province. Miss Windsor brought the matter before the Executive in October, strongly recommending such a paper as a means of keeping all the Clubs in close touch with each other, and with the work of the Institute. She wrote to all the Institutes asking for their opinion, as a result of which the paper was finally put under way.

It is a great satisfaction to report the first publication of our "Institute News" for August 3rd. A sample copy was mailed to each Secretary with a request for subscriptions of 20c per year, or 5c per copy. If any of the delegates desire copies they may obtain them from Miss MacGregor at the close of the meeting at the above mentioned price.

Increase in Institutes

Since the Annual Convention of a year ago twenty-six Institutes have been organized and have already accomplished wonderful work as their reports later will show. The members of the older organizations welcome the new-comers and will be always ready to give of their experience in the solving of their problems.

Number and Membership

The Institutes to date number one hundred and sixty-six of which only four have failed to send reports in the year 1928. The membership is _____, and increase in the year _____.

Visits to Institutes

Owing to the increasing number of Institutes and the resultant increase in office work, and the work of the Handicraft Exchange, and the change of Supervisors, visits to the Clubs could not be so frequent. Twenty-six visits were made to organize and to re-organize and twenty-five to give demonstrations in cookery.

Distric Conventions

Once again I urge upon the Convention the need of District Conventions, and more earnestly now than before because of the increased number of our Institutes, so that all may have the benefit of demonstration, talks on Institute work and such assistance. It is impossible to make one hundred and sixty-six separate visits in a year, but it would be a simple matter to meet with eight or ten or twelve near-by Institutes gathered together, and to have demonstrations as well as by some notable men and women.

In my opinion the further success of our organization largely depends upon the unifying effect of such district conventions, and I would recommend the appointment of a committee to study the question.

Proposed Sanatorium

The Executive met in March and had a special meeting to discuss the provision of a Sanatorium for Tubercular patients to make arrangements for waiting on the Government to ask for their co-operation in this necessary movement. Later in the day, after communicating with the Board of Trade, the Catholic Women's League and the representatives from these societies, they waited on the Government and presented a resolution, a copy of which was mailed to each Secretary.

The members of the Government expressed themselves as very much in sympathy with the work. At that time they were unable to make any promise but would take the matter under consideration. A letter was also sent to each Club with the resolution, asking for promises of support, should definite steps be taken.

The Institutes responded nobly. Bridgetown, a new Institute, leading with the promise of donating \$100.00.

Maternal Mortality

Another letter was sent to each Institute from the Red Cross Society with a letter enclosed from Dr. Tidmarsh, both in regard to

Women's Institutes

Continued From Page 1

and Miss Saunders conducted the work for the remaining time. Another Short Course had been planned, but was not carried through as it was impossible for one person to undertake all the work.

Handicraft Exchange

The Handicraft Exchange carried on in the office of the Supervisor, has become a large and important part of our work.

At first, in order to get such a business under way rugs were accepted from women throughout the province, then this exhibition was limited to the work of Institute members. Now it has become necessary to limit the number from each member, and when they sell they may be replaced by others.

As a closing word let me say directly to the Institute members, the progress you have made in the two years of my absence has been most encouraging.

Your members have been greatly increased, your activities have been well sustained and carried into wide fields of useful service.

Your hands have found a great work to do. May you continue to do it with all your might.

Respectfully submitted.

Wednesday Afternoon Session

The Wednesday afternoon session of the annual convention of Women's Institutes was presided over by Mrs. Chauvin, who at the beginning of the meeting moved the following resolution, which was passed unanimously:

I move that the following resolution be accepted by the meeting and forwarded to Mrs. Windsor.

We, the delegates of the Women's Institutes in Annual Convention desire to place on record our high appreciation of the excellent work done by Miss Evelyn Windsor during the years in which she held the position of Assistant Supervisor and Supervisor. Her ability and devotion to duty and her cheery personality will long remain as cherished memories.

I move that the following resolution be accepted by the meeting and forwarded to Mrs. Windsor.

Mrs. Allan Wyand then read a report on Canadian Institutes. Ask for Canadian products, she said for what Canada makes, makes Canada. She then proceeded to give questions and answers from a questionnaire dealing with the necessity of patronizing Canadian industries and particularly, island industries.

We are now deploring the fact that our boys and girls are leaving the Island for other parts of the world, and we to expect when instead of buying from Island stores, we are patronizing mail order houses abroad.

On motion, the report was adopted.

Mrs. Chauvin then read the questions which had been deposited in the question box, giving answers to each as read.

In so doing she was assisted by suggestions from institute members. Several enquiries were made as to where the first successful east to west crossing of the Atlantic ocean by heavier than air craft ended. The ceremony, attended by the light-house keeper and his family who were hosts to Baron Von Ruenefeld Major (now Colonel) J. C. Fitzmaurice, and Captain Herrmann Koehl during their enforced stay at the light Island and also attended by inhabitants of the little fishing villages in the vicinity was addressed by His Grace Monsignor Leventoux, Bishop of the Gulf of St. Lawrence, and by Ven. Archdeacon Scott, Quebec City.

OUR TERMS for the above special prices are SPOTCASH.
Call early as you see we have only a few sets to offer.

A. HORNE & CO.
816-18-21.

Maternal Mortality. As a result of this correspondence many Clubs have applied for Pre-natal letters and Receipts and Expenses.

During the year \$21,000 was raised by the Institutes by means of fees and collections, plays, socials, festivals, concerts, bazaars, masquerade parties and such financial activities.

Of this amount over \$13,400 was expended on school and community improvements, patriotic purposes, charity and miscellaneous expenses, leaving a balance on hand of \$7,600.

Schools

Your Convener of Education and Better Schools will present later on an encouraging report of the excellent work done for the schools and for the betterment of education generally. In this branch of Institute activities over \$6,500 was expended.

Community

More money has been expended this year than ever before on the communities in which Institute members live, the amount being approximately \$2,400, but more encouraging far than the amount money paid out is the degree of enthusiasm expended in living up to the Club motto—"For Home and Country."

Cornwall-York Point renovated and improved the staged scenery and bought new chairs for the community hall, while "Willing Workers", Long Creek bought hall curtains, and Freetown an organ for their respective halls.

TRAVELLERS REST has undertaken the building of a Club room, has improved the memorial and has bought a new stove for the community hall.

LAKEVIEW laid a new hardwood floor in North Lake Hall and **KINGSBORO** is working for a new hall.

MURRAY RIVER Institute is having sidewalks in the village extended.

The tennis courts in **GEORGETOWN** are being improved.

SEA VIEW is assisting the hall committee to build a new room to the hall, and **ELMIR** members have been working continually for their hall, where they now hold their meetings.

CARDIGAN gave the proceeds of their concert towards the street lighting of the Cardigan Electric Company.

VICTORIA built a bathing house for the use of the community.

LOWER MONTAGUE is improving its graveyard.

WHEATLEY RIVER improved their Soldiers' monument by planting flowers around it.

NEW GLASGOW donated \$25 to a new rink, and lunch was served at a Carnival in aid of the rink.

ALBERTON SOUTH raised money in the same manner.

These are merely samples of the different kinds of improvements made in the communities. Almost every Club has its committee for visiting the sick of the community, and the majority of them have a small sum of money set aside for the purpose of supplying fruit and flowers to those who are confined to their homes through illness.

Hospitals, Orphanages, Dispensaries, etc.

As in other years, the Institutes have again shown interest in our hospitals and orphanages, and have given sums of money, boxes of provisions, quilts and other necessities.

A report of the splendid manner in which the Institutes have cooperated with the Red Cross will be given in detail in our Convener's Report on Child Welfare and Public Health. The Red Cross has done excellent work in this province and is deserving of the sympathy and support of every club.

School Fairs

During the month Miss Jane MacKenzie was alone last fall, she reports having judged at the Souris, Georgetown and Exhibitions.

Sixteen Institutes have shown a special interest in School Fair work, and the majority have helped in some way at School Fair time.

This project should be a phase of endeavour undertaken by every member, for it is closely related with home and community improvement when carried out with honesty and fair play.

Short Course and Night Classes

On January 23rd twenty-three pupils registered for the three weeks' Short Course, and on the evening of January 24th seventeen entered their names for the Night Class in cookery. Night classes were also given in sewing under Mrs. Leo Doyle, and Millinery under Miss Katie Flynn.

Miss Windsor became suddenly ill when only one week of Short Course work had been completed,

THE MARKETS

OTTAWA, Ont., Aug. 15. Eggs—Cold storage holdings in the United States of eggs on August 1st, 1928, were 10,489,000 cases as compared with 10,737,000 cases on August 1st, 1927 and cold storage holdings of poultry on August 1st, 1928 were 40,346,000 pounds as compared with 42,302,000 pounds on August 1st, 1927.

MONTREAL.—This market is strong for active consumptive requirements for strictly fresh eggs. Jobbing prices are extras 43; firsts 40; seconds 34.

EDMONTON.—The egg market here is holding steady under lighter receipts. Prices to country shippers are extras 32-33, firsts 30-31, seconds 22-23.

HALIFAX.—This egg market is advancing under continued light receipts with the demand for all grades keen. Dealers are paying shippers extras 37-39, firsts 33-35, seconds 25-26. Delivered prices retailers are extras 45-46, firsts 43-44, seconds 33-37.

MONTREAL, Que., Aug. 15.—The foreign demand for Canadian grain showed a decided improvement here today and local exporters reported a fair volume of business. Wheat, barley and oats for October and November deliveries to the United Kingdom, continental ports. The feature of the domestic trade was the strength that developed in Canadian western oats and values were marked up two to three cents per bushel. This was attributed to the advance in cash wheat prices. At Winnipeg the demand was moderate, a fairly active business was done in spring and winter wheat grades of flour and values were firm. The local and United States demand for all lines of millfeed was good and a moderate amount of business was done at steady prices. The trade in standard grades of rolled oats was dull. The undertone to the egg market was firm under a continued good demand from all sources. The receipts were 1,698 cases. An easier feeling prevailed in the cheese market and prices were again reduced fractionally. The inquiry was fair. The receipts were 4,234 boxes. A despite an improvement in the demand the undertone to the butter market was again easier and prices reduced 1-8 to 1-4 per lb. The receipts were 90 packages. The demand for imported beans was fair and prices were unchanged. Car lots of white hand picked were sold at \$3.90 per bushel and smaller quantities at \$4.10.

Western Guardian

—PAINFUL INJURY.—Master William Arnett, son of Mayor Arnett, Summerside, met with a painful injury last week-end. While in the act of stepping out from behind a car parked at the side of the street he was struck by a passing bicycle and received a severe gash on the leg which required four stitches to close.

—Mr. Peter McFarlane, who with his son, Fred, and daughter Mrs. Curt Schrader, of Denver, Colo., arrived on Wednesday night to visit friends and relatives on the Island, are the guests of his brother Mr. Geo. McFarlane, Fernwood.

—NEW GRAVEL PITS.—Mr. Pickers, Department of Mines Division of Ceramics and Road Materials, Ottawa, last week visited the gravel pits on the farm of Mr. John A. Stewart, West Point, and reported very favorably on the gravel he found on this farm. Later in the week Premier Saunders, Mr. W. Dennis and Mr. J. P. McIntyre, Commissioner of Public Works, also visited the same place, with a view to putting this gravel on the highways.
