Red Cross Clinics Proving Boon To Crippled Children

A few months ago a School Inspector questioned the teacher in a rural school about the pupils' attendance. He learned that one little girl of ten years had never attended school because she had had rickets and was badly crippled. The Inspector asked the teacher to report the case to the Red Cross. This was done and the parents who were convinced that their daughter could not be helped were persuaded to bring her in for examination by Dr. Acker at the Red Cross Clinic held in Charlottetown on Thursday last. Examination showed her to be one of the most badly deformed children who had come to the clinic in recent years. On Saturday the first operation for corrective treatment was performed on this child and it is confidently expected that she will in time be able to realize her ambition of going to school with her brothers and sisters.

MacKay, an Islander, she has made a complete recovery, including return of speech.

"Luther" has been coming to New Glasgow for over a quarter of a century—is just as active as the first day he set foot on the wharf—and has a lot of friends here.—New Glasgow Eastern Chronicle.

CANONIZATION AT ST. PETER'S OF 2 BRITONS

Sir Thomas More and Bishop Fisher Canonized Yesterday.

By Andre Berding, Associated Press Foreign Staff (By Guardian's Special Wire)

VATICAN CITY, May 19.—Sir Thomas More and Bishop John Fisher, executed 400 years ago by order of Henry VIII for opposing his marriage to Anne Boleyn, were made saints by Pope Pius XI in a gorgeous ceremony at St. Peter's today. 80,000 persons attended the canonization.

The Pontiff urged his audience to pray that England might return to Rome, declaring: "We desire that with your ardent prayers invoking patronage of the new saints you ask of the Lord that which is so dear to our heart, namely that England be in the words of Saint Paul, meditating the happy consummation which crowned the two martyrs, may follow them in their faith and return to the Father's house in unity, faith and knowledge of the Son of God."

Speaking in Latin and flanked by his Cardinals, the Pope continued: "Let those who are still separated from us consider attentively the ancient history of the British people which was once the reflection and the increment of the glories of the Church of Rome."

"Remember that this Apostolic See has been waiting for them so long and so anxiously not as coming to a strange dwelling place, but as finally returning to their paternal home."

The Pope said the Church as founded by Jesus Christ was destined never to perish.

Special seats were given several thousand British pilgrims here for the ceremony. Many British bishops were among them. Former King Alfonso of Spain and his family were present.

The throng of 80,000 released a huge cheer when the Pope pronounced the two martyrs saints. He declared in Latin that they "luminated in the catalogue of the Saints and their memory be celebrated in the Universal Church every year with pious devotion."

At that moment six silver trumpets, led by Swiss guards in a balcony over the main door of the Basilica, pealed throughout the Cathedral. The enormous congregation, led by the Swiss Choir, chanted a "Deus in Excelsis" in honor of the new saints.

The Canonization Proper began at the moment a Cardinal and two prelates knelt before the Pope and thrice asked him in Latin to declare Blessed Thomas More and Bishop John Fisher saints. "I do," he said. When the three ecclesiastics made their third request, the Pope rose to his feet. With his lofty mitre on his head, he pronounced the solemn declaration placing the British martyrs in the canon of saints. The ritual that has been observed for centuries followed at the Offertory of Mass.

Indorse Tuber Bonus Plan

At the May meeting of the Marshfield W. I. the following resolution was passed: "Whereas a movement has been inaugurated in this Province looking towards a request to the Dominion Government at Ottawa to assist farmers in financing their potato crop by paying a bonus of ten dollars (\$10.00) an acre on last year's crop; and whereas it is vitally important that some such financial help should be forthcoming to enable our producers of this staple foodstuff to tide over present difficulties and carry on until market conditions are better; therefore be it resolved that the Marshfield Women's Institute hereby indorse the request to the Dominion Government as hereinbefore outlined, and further resolved that a copy of this resolution be forwarded to Mr. John Phillips at O'Leary in this province and a copy to the Charlottetown newspapers for publication."

DOUKHOBORS TO LEAVE CANADA

Mass Migration To Paraguayan Chaco From Saskatchewan Planned.

(By Nelson J. Riley, Associated Press Staff Writer)

(A. P. By Guardian's Special Wire)

WASHINGTON, May 19.—Wreary of what they term religious persecution in Canada, 15,000 members of the strange Russian sect of Doukhobors are ready to leave their Western Canada homes for greener fields in the wilds of the Paraguayan Chaco.

Preparations for the future mass migration will be started tomorrow in New York, where Dr. Enrique Bordenave will go to discuss with a delegation of Doukhobors, who soon will sail for Paraguay to select a locality for the new colony.

Heartened by reports of the success of the Mennonite experiment in the Chaco, which has grown in 10 years to a community of 6,000, and guaranteed complete religious freedom by Paraguayan law, the Doukhobors have decided to re-begin in a strange land the life they started 28 years ago in Canada.

The Doukhobors in Canada are a remnant of a sect expelled from Russia about 1885. Literally, the name means spirit wrestlers, some were expelled from Canada and others to Cyprus. They have no stated places or ceremonies of worship, no holy days and no ordained ministry. They deny the divinity of Christ, and give mystical interpretation to the scriptures.

Present clashes with Canadian authorities have kept these people before the public in recent years. Their retaliation has taken the form of nude processions in public places, resulting in the arrest and imprisonment of some of their leaders.

KINGSTON, Jamaica—Workmen, fixing a broken watermain, found a circular formation of brick masonry and considerable speculation has been started as to its source. One theory is that it was an old well, but another suggests it might be the entrance to the underground passage said to exist between the parade buildings and Headquarters House.

Mass was celebrated for the children at 9 o'clock, and at 10.30 High Mass was celebrated by Rev. Paul G. Fisher, C.S.S.R., who also preached at all the Masses, taking as his text, "Every best gift and every perfect gift is from above." The mixed choir, directed by Alfred Doucette, rendered the singing at High Mass.

The retreat for the single men opened last evening. An eloquent and impressive sermon was preached by Rev. Father Fisher, in which he pointed out to the young men the great necessity and importance of living up to the principles of their faith. Benediction of the Most Blessed Sacrament was given by Rev. H. I. Fleming, C.S.S.R. The singing was congregational.

The subject of the morning sermon was "The Cost of Christian Privilege" based on Jude the fifth and sixth verses and stressed the importance of "keeping the faith once for all delivered to the saints." At this service Miss Nan MacKay was the soloist.

At the evening service the subject of the sermon was "The Temple and Its Builder" and was developed under three headings, "As the Builder of the Spiritual Temple," "Christ purchases the Materials," "He prepares the materials," and "He unites them in the Temple not made with hands, eternal in the heavens." This was the second in a series of Sunday evening sermons on the Temple of the Lord. The music included a number of evangelistic hymns and a special number by the choir.

TRINITY UNITED CHURCH

The preacher at the morning service yesterday, was Rev. Hugh Miller, M. A., who took as the subject of his discourse "The Man Who Could Not Believe." Fort Augustus Potato Growers Join Bonus Scheme

At a meeting of the Potato Growers of Fort Augustus and adjoining districts held in Webster's Corner Hall on May 17, the following resolutions were moved and adopted unanimously:

"Whereas the Farmers of Prince Edward Island, more or less, depend upon potatoes as a cash crop, and as the price paid on the 1934 crop was below half of the cost of production—with a large surplus still unsold—and whereas the freight rate per carload is higher to the Central Markets of Canada due to the greater distance than from any other Province. The following resolution was moved by Mr. Joseph Kelly and seconded by Mr. Philip Smith: Therefore be it resolved that we respectfully request the Dominion Government to grant the potato growers of this Province a bonus of ten dollars per acre up to six acres on their 1934 crop. The following resolutions moved by Mr. Philip Smith and seconded by Urban Ouey were unanimously adopted at the meeting: Be it resolved that we request the Federal Government at Ottawa to restrict the acreage by placing a tax of twenty-five dollars (\$25.00) on any grower planting over five acres. Also that a copy of these resolutions be sent to The Honourable Chester S. McLaughlin and Hon. John H. Myers, to be presented immediately before the House of Commons.

Signed, William Holland, Chairman of the meeting and Daniel MacDonald, Secretary.
