Here's joyful news for every fleshy person who loves good things to eat, especially those who are denying themselves the things they like most because of their desire to keep down their weight or to reduce the fat with which they are already burdened.

There is no further necessity to diet in order to keep your weight down or reduce the fat you have already acquired.

The famous Marmola Prescription has been put up in tablet form, and is now sold by all druggists at one dollar for a good size box. To get rid of fat at the rate of two, three or four pounds a week, just take one of these little tablets after each meal and at bedtime until you have reduced your weight to where you want it. No wrinkles or flabbiness will remain. Use Marmola Prescription Tablets according to directions a few weeks and get results without going through long sieges of tiresome exercise and starvation diet. Get them at any drug store or send the price to the Marmola Co., 93 Garfield Building, Detroit, Mich., and receive them by mail, prepaid, in plain, sealed cover.

ROUND UP OF DRUG ADDICTS PLANNED.

OTTAWA, Sept. 25—By an order printed in a special issue of the Canada Gazette today, some far-reaching regulations affecting the drug traffic in Canada go into force immediately. Every doctor and druggist within the Dominion is to be circularized with a view to rounding up drug addicts, and measures are to be adopted which will make the carrying on of illicit drug traffic practically impossible.

That the Government health officials are sincere in their effort to clean up the drug evil, and also that they are enjoying nothing short of wonderful success, is shown by some figures given out to day.. Compared with the three months ending June 30 last year, the amount of cocaine imported into Canada for the same period this year has dropped from 2,373 ounces to 605 ounces. Cocaine has dwindled from $12,384 worth to $5,816 worth. Morphine has dropped from 11,098 ounces to 3,978 ounces, and opium from 7,931, pounds to 992 pounds.

The round-up of drug addicts will have to be carried out according to a policy which will have to be decided by the Government. It may be that the Government will keep the matter entirely within federal limits or seek the co-operation of the provinces. At any rate, the department is circularizing every doctor and will tabulate a list of names and details of drug addicts when all replies have been received.

Letters received by the department from other countries show that Canada's method of overcoming the drug evil is being copied in several instances and some experts have gone so far as to declare that the Canadian system is the most comprehensive, most practical, and, indeed, more successful that any other system yet devised.

BOY IN VIENNA KILLS SISTER

VIENNA, Sept. 25.—A terrible crime has been committed in Vienna by Joseph Storia, a boy of nineteen, Joseph Storia, the son of respectable parents, having been turned out of his father's house for various crimes he had committed, joined a gang of burglars. The other night while his parents were out for a walk he broke into their apartment and stole valuables amounting to many thousands of crowns.

When his parents arrived home, towards midnight, they discovered the theft but could not find their ten-year-old daughter Ludmilla, whom they had left at home in charge of the place. In the course of his search for the child the father discovered a piece of her clothes hanging out of a wooden trunk which was locked. When he opened the trunk he found little Ludmilla lying dead, her limbs being tied together with ropes, and a doctor who was called in declared that she had died of strangulation.

Joseph Storia, who was arrested by detectives, confessed that he had murdered his sister. The little girl entered the room when he was packing the loot into a bag, and in order that she might not give evidence against him he strangled her to death.

There were relay races of various kinds and other group games and the last event of the evening was a song contest between the two groups. Points were awarded for first and second place in all events and the score resulted in a tie. During the evening Miss Jenkins and Mr. Taylor favored the company with violin and piano selections. Mr. and Mrs. R. H. Jenkins and Mrs. Gorbell acted as chaperones. The National Y. M. C. A. Boys Work Secretary, Taylor Statten was a guest of the evening. A PLAY OF THRILLS

The Woman in Room 13 Presented by The Urban Stock Co., at the Prince Edward Tonight.

Suppose your wife divorced you, married a man you had never seen or never new was in existence and then suppose that the employer of your wife's second husband became infatuated with your former wife and sought to win her away from her husband. And then suppose to further his end the employer sent the husband on a six month's business trip so that he could play his little game uninterrupted. And then suppose the husband fearing that his employer might trap the innocent and unsuspecting wife sent to a detective agency to engage a man to watch and protect his wife, and then suppose that you happened to be the detective assigned to the job. Quite a complication, don't you think? But that is one of the many complications that arise in "The Woman in Room 13" the great human drama that comes to the Prince Edward theatre tonight fresh from the Metropolitan by the stock company. You will see it and will say that it is the best play of a melodramatic order that you ever saw and that it should be for it was written by Samuel Shipman who wrote "East is West" and Max Marcin who wrote "Cheating Cheaters,, and other successes. Seats now on sale for all performances.
