The Reason Why This Trademark and This Razor Are "Known The World Over"

The chief reason is that the "GILLETTE" meets the requirements of every shaver the world over for a quick—simple—easy—comfortable shave.

The best proof that the "GILLETTE" is the highest type of perfection in razors is, that the men of all civilized lands now demand the "GILLETTE" Razor and the "New Process" Blades.

The men of Canada are especially well pleased with the "GILLETTE," and take not a little pride in the fact that it is made by Canadians in the Canadian factory at Montreal.

You can examine the "Gillette" at your Jewelers or Druggists—at Cutlery or Hardware dealers—or at any Sporting Goods or Departmental Store. Standard sets $5 —for sale everywhere.

THE GUARDIAN'S WEEK-END SERMON

Sermon preached by Rev. J. N. Aikens, Halifax.

Every man that striveth for the mastery is temperate in all things. 1. Cor 9.25.

The word "temperance" has now many meanings but the original scriptural meaning was self-control. Paul "reasoned of righteousness temperance and judgment to come." "Add to virtue, temperance," "The fruit of the spirit is temperance." In all these quotations temperance means self-mastery.

Self-control is a kingly virture. "He that ruleth his spirit is greater than he that taketh a City." The man who has taken a City has overcome flesh and blood but the man who has conquered himself is victor over principalities and powers. It is greater to conquer the invisible than the visible, the spiritual than the material.

It is harder for some people to maintain self-control than others. No man has any right to plead heredity or environment as the sufficient and complete reason for failure, because for every man there is a way of escape if he is willing to take it.

Nevertheless the influence of heredity and environment must be recognized when we come to pass judgment on a man's strength, hence it is better to fall into the hands of God for judgment than into the hands of man, for God knows us ancestrally and is acquainted with our environment. In Gethsemane Jesus in referring to the fact that the disciples had been mastered by sleep said—"The spirit indeed is willing but the flesh is weak," and in Revelation 2.13 we read-"I know thy work and where thou dwellest even where Satan's seat is and thou holdest fast my name and hast not denied my faith." There are some people that are born with dispositions that are naturally even and quiet while others are a bundle of passions grown birth up. "Why do you not control your temper?" said one man to another. "I do was the reply—"I control more temper in five mintues than you do in a year." He had more to control.

But every one may obtain self-control if they go about it in the right way. The first step is to believe it possible to overcome. We will never succeed while we blame our failures on other people. Some one has said that "heredity" is what a man blames his father and mother for, and environment is what he blames his wife and children for." The real failures of life are not those who have tried and were defeated but those who refuse to try again. The success of others should cause us to hope. We are not alone in the battle for "the same afflictions are accomplished in your brethren that are in the world." and while some have failed many have succeeded.

A buried sailor on this coast.
Bids you set sail
Full many a gallant ship the day
that we were lost.
Weathered the gale.

Hope is a universal instinct. The pessimist is not a normal man. Farmers sow in hope, students toil in hope, fathers train their children in hope. The patient suffers in hope and the poor man keeps struggling in hope. Besides all this Jesus imparts hope. To the man at the pool who had been afflicted thirty-eight years Jesus said. 'Wilt thou be made whole'? He inspires hope and while others say, "You have failed nine times out of ten" Jesus says—"You have overcome once and I have faith in you.' A man who really wants to overcome is willing to part with any habit that masters him to any degree. He that striveth for the mastery must be self-controlled in all things. Many blunder at this point. They are willing to part with all but one thing, and that thing opens the door for grosser evils to enter. "The tongue is a little member" but "behold how great a matter a little fire kindleth," and "the tongue is a fire, a world of iniquity, so is the tongue among our members, that it defileth the whole body and setteth on fire the course of nature and it is set on fire of hell." A little thing left unsanctified and uncontrolled may cause us to be filled with hell-fire.

Dr. Watkinson has a sermon on the subject—"The discipline of the disagreeable" and as an aid to self-mastery we need this kind of discipline. It is not pleasing to the flesh to listen to an honest, candid criticism of our life but it is a wholesome medicine. "Let the righteous smite me, it shall be a kindness and let him reprove me it shall be an excellent oil which shall not break my head." There are some duties that are disagreeable but if we compel ourselves to do them because they are right the result will be an increased amount of self-control.

The supreme example of self-mastery is Jesus Christ. During all his trial and crucifixion he acted deliberately. "When he was reviled, he reviled not again, when he suffered he threatened not." When one of the officers struck Jesus, he quietly replied "If I have spoken evil bear witness of the evil but if well why smitest thou me"? Under similar circumstances Paul's reply was—"God shall smite thee thou whited wall." Those who first visited the empty tomb saw, not a scene of confusion, but the napkin was folded and the grave clothes bore evidence of quiet, deliberate self-controlled action on the part of Jesus.

It is this spirit that is imparted to us and no matter how impulsive or passionate we may be Jesus who himself conquered in the flesh can make us over-comers and Kings unto God. The Psalmist asks the question "Wherewithal shall a young man cleanse his way" and answers it by saying—"by taking heed thereto according unto thy word." In other words he said that we should feed the higher side of our nature. There is a higher side and a lower side to life and in thought, reading, companionship and all other ways we should "seek the things that are above." The scientists tell us about what they call "the energy of position." The weight at the top of a pile-driver is an illustration; its high position gives it great power. So we may be lifted up until our life is lived in "heavenly places in Christ Jesus" and from this vantage ground we can come to our battles in the strength of the Lord God.

We should also remember that those who walk in high places should not walk carelessly. Perhaps the most dangerous time in life is during the period of mid-life.

Esau, Saul, David, Samson, Peter, Judas and many others fell in mid-life. The reason may be that at this period more or less success has been attained and this has a tendency to make people careless. It was when David was King of Israel that he fell and "let him that thinketh he standeth take heed lest he fall." Soldiers have periods when they are "off duty" but there is no discharge in this war and "eternal vigilance is the price of safety.

"WOMEN!"
"Are You Nervous?"

The results of modern civilization are evidenced in an increase of nervous disorders. It could not be otherwise with the way we eat, drink, lose sleep, and keep up a continual round of excitement. The work, the worry, the excitement, all tell upon the nerves till they cry out in revolt, and will not be placated till a remedy such as

MILBURN'S
HEART AND NERVE PILLS

come along with their nerve-strengthening and energizing properties, and restore them to their normal condition.

Mrs. Wm. Levi, Markdale, Ont., writes: "I had for several years been troubled with nervousness, and, like many others, spent lots of money on medicine that did me no good. I was so bad that the least noise would make me jump and my heart would thump so you could hear it plainly and I could not lie on my left side at night. I saw a few testimonials of others and decided to try Milburn's Heart and Nerve Pills, and to my great joy and surprise they completely cured me and it only took six boxes to do it. I have a neighbor, Mrs. Rickett, and I induced her to try them and they effected a cure. I can endorse their use for anyone afflicted as I was."

Price, 50 cents a box, 3 boxes for $1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

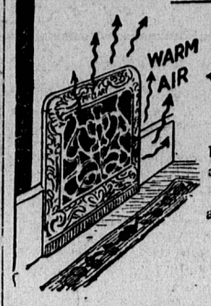
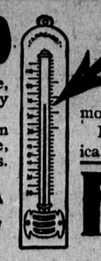
What Sunshine Furnace does

Sunshine Furnace is designed and constructed to heat a house, church, school or store, and does this more satisfactorily than any other known furnace or other style of heating apparatus.

It does this more rapidly than the hot water boiler because, as soon as fire is started in Sunshine Furnace, heated air can be obtained for the rooms.



SUNSHINE FURNACE



It does this better than other furnaces because, being made from exclusive patterns, it has more commendable features.

It does this more economically than the boiler because even air circulation keeps fuel bill low.

It does this more conveniently than the hot water boiler, because it has no radiators to take up room, congregate dust and mar the paper and woodwork.

It does this more hygienically than the boiler because pure air is admitted to the furnace through a cold air pipe.

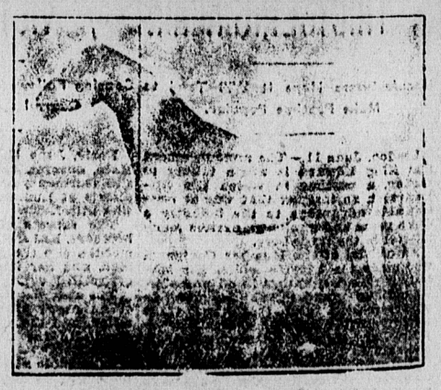
Do you know him?

Everyhorseman knows him to be king of sires for the Maritime Provincesof 1908, with 2 to 1. He was a champion colt trotter, and is a sire of champion colt trotters, he has ten in the standard list to-day, and a dozen more ready to drop in with the asking. 3 of his colts have brought in upwards of $2.000 in the last few months



Did you see him and his four year old son "Ozen" D. (3) 2,27, step an exhibition mile at the Kings County fair last September at Georgetown in 2, 25, without any preparation. "He is a dandy". Did you ever see the like?" was the expression of every one, and it was well said for it was never before equalled in King's County.

If you don't know all about him, look him up, before you risk breeding your valuable mare elsewhere.

I have a little booklet which is yours for the asking, that will tell you all about the Leading Sire of the Maritime Provinces and his progeny.
