..Leadership of the City League is at stake tonight when Navy clashes with the fast-skating Saint Dunstan's University team in what should be another of the fast, action-filled games that have featured league games to date.

✤ ✤ ✤ ✤

Saints, winners of their only start this season and that against the league leading Legionnaires, surprised all and sundry by that victory for it was felt that the University boys, short of practice and not in their best condition would not be able to match the speed that would be thrown against them. How far the fans were wrong is well known.

✤ ✤ ✤ ✤

With the benefit of that game under their belts and with additional practice sessions thrown in Coach Jackie Kane will ice a squad tonight that will be right at their peak and the "Tars" will just have to be at their best if they are going to hurdle the barrier that the Saints will throw up against them.

✤ ✤ ✤ ✤

There is a tendency among the fans to sell the Navy team a bit short due no doubt to the lacing they took against P. W. C. last Thursday night. Well, it might be a good policy not to sell them too short. Every team, no matter how good it may be is bound to have an "off night" and in this writer's opinion Navy "have had it."

✤ ✤ ✤ ✤

The "Tars" are a much stronger team than they looked against P. W. C.—at that had they cashed in on their scoring chances they would have made it a much closer struggle—and if they are back at their real form tonight Saints too can expect a tough battle of it all the way. The "Queen Charlotte" boys play the game for all that is in it and Saints will have to fight hard for every goal they get.

✤ ✤ ✤ ✤

According to Bill Reid who was present at the game Queen Square and Montague High waged quite a hockey tussle at Montague Saturday night in an exhibition game between the two school teams before the City scholars came out on the long end of a 4-2 score.

✤ ✤ ✤ ✤

The game was closely fought all the way through with both teams putting on a real good display of hockey our informant tells us, and all indications point to some great ice duels before the Island interscholastic title is decided.

✤ ✤ ✤ ✤

The City series between West Kent and Queen Square should be a natural. Judging by the performances turned in by each squad in the exhibition games in which they have partaken, they look to be about on a par. Both squads are fast, pass the puck around in deft fashion and have displayed keen marksmanship when in scoring position. Both have capable goalies, hard hitting defences when the occasion arises and are well stocked with three sets of forward lines that skate both ways all the time.

✤ ✤ ✤ ✤

But irregardless of what the outcome of the coming series may be it is indeed pleasing to see the old rivalry between the two schools renewed after a much too long period. Back quite a few years ago sport seasons would not be complete without a Q.S.S.—West Kent series. Then for some reason or other clashes between them came to an abrupt halt.

✤ ✤ ✤ ✤

That the fans missed them is certain for many a time inquiries would be made as to why a series, whether it be football, hockey or baseball was not being played. Gradually as the years started to add on inquiries ceased and it was taken for granted that they were a thing of the past.

✤ ✤ ✤ ✤

Nothing was attempted, evidently to resume the clashes, until this season Physical Director Reid got working on the matter. That he was successful in his efforts is now well known and now that the hockey series has been resumed it is to be hoped that it will become an annual feature and that baseball and the old MacMillan Trophy football series, the latter an event that drew the fans in large numbers every fall, will be added to the interscholastic program, a program that as far as hockey is concerned is this winter embracing the entire Island.

✤ ✤ ✤ ✤

Gordie Drillon former National Hockey League star and well known here still retains the scoring eye that made him one of the deadliest snipers when in the National League. Coach of the Army team of the Halifax Senior League this year Drillon personally led his squad to a 10-7 victory over Crescents Saturday night to stave off elimination. All the big right winger did was score two goals and account for five assists and that isn't to be sneezed at in any man's league.

✤ ✤ ✤ ✤

Toronto Maple Leafs are certainly making a determined bid to get into a playoff spot. Sunday night they chalked up their fourth straight victory at the expense of Detroit Red Wings, incidentally the team they have to beat out and now are only six points adrift although the Detroiters have three games in hand over "Hap" Day's team.

✤ ✤ ✤ ✤

Which brings us up to the fact that a merry battle is being waged for first place. Chicago and Canadiens are deadlocked at the top but looming very large on the horizon are Boston Bruins just one point behind. Both Chicago and Bruins have one game in hand so it can be seen that the Canadiens, who have led the league since the start are in anything but an enviable position.

Louis Free With Money, Promoter Jacobs Says

By GAYLE TALBOT

NEW YORK, Jan. 21 —(AP)— The great mystery of what happened to all the money Joe Louis has made in the prize ring is no mystery at all, insists promoter Mike Jacobs, who should know—Joe simply spent the dough.

"I've seen some pretty fast men with a dollar in my time," Mike reminisced today, 'but there's the champ. What he doesn't manage to spend he gives away. For a man who doesn't even drink, he's a wonder.

The topic arose, as it frequently has lately, over the fact that Louis, whose fists have beaten out total earnings of nearly $2,400,000 in the last 10 years is forced at this stage to roam the provinces with a dance band to pick up a little ready cash.

"There's a lot you don't know about that fellow," Jacobs grinned. "In the first place, of course, he hasn't actually made as much money as you think. By the time his purses were cut up he made less than $1,000,000 for himself, and Uncle Sam took a big slice of that. He still owes the government about $79,000, I think.

"But what he did get his hands on he spent. Joe knows how to have a good time. He's the greatest guy for picking up a check I ever saw, and he's a sucker for a touch. He hands it out $500, $1,000 at a clip. And he has to pay taxes on his touches.

"Know how much he spent the three years he was in the army, one hundred grand—that I know of."

Although Mike did not enlarge, the inference seemed plain that Louis had tapped the Jacobs till for that amount. If true, then it takes only casual figuring to show that at least $179,000 will come right off the top of Joe's purse when he fights Billy Conn in June. That is, after the income taxers have taken first whack.

Ice Racing

Despite the cold weather a fairly large crowd gathered at Oyster Bed Bridge to witness the third ice race of the season. Three classes were raced, the first called being the Free for All Pace which saw Royal Jim win the first two heats from Nellie Worthy by an eyelash. In the third it was Just Flicka who showed her nose in front, only after a thrilling stretch drive with Cindy Worthy, Nellie Worthy third and Royal Jim fourth.

In the Class A Trot and Pace there were four starters — Janet Bud, C Albert Budlong, Mickey Rooney and Connie Clegg. This proved a good race, although Janet Bud had just a little too much speed for C. Albert Budlong, Mickey Rooney was a bit unsteady and Connie Clegg made her first start.

The Class B Trot and Pace had three starters: Don Worthy, Peggy Orola and Bingen Aubry. This was won by Don Worthy, Peggy second and Bingen Aubry third.

Following is the Summary:

CHICAGO, Jan. 21 — (AP) — First baseman Hal Trosky, ending a one-year layoff from baseball, today signed a 1946 contract with Chicago White Sox.

The 33-year-old Trosky, who batted .241 for the White Sox in 1944, remained on his Norway, Ia., farm last season. "I had the itch to play again," asserted the former hitting star of Cleveland Indians who was acquired by the White Sox after he refused to rejoin the Tribe in 1943.

Breadon Has No New Offers For Players

By BEN PHLEGAR

ST. LOUIS, Jan. 21 —(AP) — Fisherman Sam Breadon of St. Louis Cardinals hasn't had a nibble on his high-prices bait since New York Giants forked over $175,000 for catcher Walker Cooper two weeks ago.

"All this talk of the $1,000,000 or so worth of players I'm going to sell before the season opens has scared everybody away," he reflected today.

His roster showed 26 flingers expected to be available for the 1946 season, with at least 13 proved major league winners.

What about the reports from New York that owner Horace Stoneman of the Giants was practising writing "$100,000" on black cheques in an attempt to line up a first-rate pitching staff.

"I wouldn't know about that," Breadon replied, "but I'll repeat that I haven't had a bite."

At the time of the Cooper deal it was understood Stoneman was trying to trade $50,000 for a good Cardinal lefthander. He said yesterday he would be interested in Max Lanier or Harry Brecheen, two of the eight portsiders on the Cardinal roster, and might talk business with Breadon during the National League schedule meetings next month.

Pitcher Undergoes Elbow Operation

BALTIMORE, Jan. 21 — (AP) — Marius Russo, New York Yankee southpaw pitcher was reported recovering satisfactorily today after undergoing an elbow operation yesterday at Johns Hopkins Hospital.

Russo said he felt comfortable and he "guessed" he would be able to pitch during the coming season.

Doctors said Russo's condition was satisfactory and that they expected "good results" but declined to make specific predictions as to when the pitcher could return to the mound. Russo said the surgeons removed a part of the ulna bone, which was clipped.

Russo was discharged this week after serving 28 months in the army.

There are many ways to describe a motion picture. Some are good. Some are bad. Some are sneaked into the theatre in the dead of night to be sprung on the unsuspecting audience along with three other features. Some are "magnificent," "grand," "stirring," "great" . . . yet at times these are no more than adjectives used by those in the movie trade.

If there has ever been a picture that reaches for a clod of earth and holds it up for all the world to see, if ever the simple dignity of man's faith in his cause, his way of life, his God, has been brought to the screen in a finer motion picture than Warner Bros.' "Objective, Murma," then this reviewer has not seen it. Truly it is a hymn to those who are sky-borne with boots of clay — the men of the parachute corps.

Here at Yeo's isthe moving tale of one parachute company, dropping like so many sacks of grain into the dark, twisted Burma jungle on a mission that will take them crawling over one hundred and fifty miles of endless Hell. It is a tale of valor and courage that can find its equal only in the annals of other men who performed similar deeds against the Japs in Burma.

Donates Two Trophies For Hockey Here

In addition to the Dr. C.F. Dougan Trophy that goes to the winner of the City Hockey League title two additional trophies came into being yesterday when Hawley Crockett, proprietor of Crockett's Jewellery and himself an ardent hockey and sports fan, announced that he would donate a silver challenge trophy to be awarded annually to the player adjudged most valuable to his team with the other trophy going to the winners of the Island Interscholastic Hockey title.

The most valuable player trophy is a magnificent one, standing about 18 inches high and mounted on a metal base and will be eagerly sought by all players.

The other trophy while not quite so large is nevertheless a fine piece of work and with this to fight for, in addition to getting into the playoffs, the two schools are likely to wage an even more determined series than what was fully expected.

A committee is to be appointed to decide the winner of the most valuable player award and the selection is to be based on scoring, defensive and offensive play, sportsmanship and conduct both on and off the ice.

Fans will appreciate this thoughtful act on the part of Mr. Crockett and with the addition of these two trophies, it brings the total of such to four as Mr. C.F. Archer, Forum manager has already donated a trophy that will go to the winner of the City school series between West Kent and Queen Square schools.

All four trophies will be competed for annually.

Toronto Boxer Wins First Pro Bout

TORONTO, Jan. 21 — (CP) — At the 30-second mark in the fifth round, Arthur King, 126, of Toronto, fighting his first professional bout, knocked out veteran Jean Barriere, 129, of Montreal, in the feature encounter of a fight card here tonight.

Frankie Brancetti 115 1-2 of Toronto, won a decision over Maurice Auger, 121, of Montreal, after six rounds. Frankie Pucci, 120 1-2, of Toronto, was disqualified for unnecessary roughness in a bout with Jean Richards, 116, of Montreal.

The fight between Ralph Walton, 131, of Montreal, and Eddie Smith, 141, of Rochester N.Y., was declared "no contest". Referee Billie Burke of Toronto ruled that the contestants weren't trying.

Horses From Eire And France Entered In Grand National Steeplechase

LONDON, Jan. 21 — (AP) — With entries from the United Kingdom, Eire and France, the Grand National Steeplechase will have a strong international flavor when it is run over the famous Aintree Course near Liverpool early in April.

It will be the first time in six years the greatest steeplechase in the world has been run and publication of the entries shows that 91 thoroughbreds have been put down for the great race. By coincidence, the same number have been entered for the other half of the "spring double," the Lincoln Handicap.

The record entry for the Grand National was 121 in 1929, when 66 chasers came under the starter's orders.

More than 20 of this year's entrants are Irish trained, including the favorite, Prince Regent, winner of the Irish Grand National. His owner, J.V. Rank, also has entered Keep Faith. Dorothy Paget, always an ardent trainer for the National, heads the list with seven nominations, all Irish-trained.

The cross-channel threat is aimed by six French entrants, Kargal, Jalgreya, Kami, Bartollon, Symbole and Walk By. Kargal won a four-mile steeplechase at Auteuil in 1943, and Symbole won the same race in '42.

The last Grand National was run in 1940 and only three of the horses which ran that year are down for this year's race—Bogskar, the winner, Micklefett, which ran second, and Black Hawk, which fell.

Local Horsemen Are Invited To Halifax Meet

Secretary A.B. Cutcliffe of the Victoria Driving Club received an invitation in the mail yesterday afternoon from the Halifax and Dartmouth Driving Clubs to race at Halifax Feb. 15th and 16th. The Nova Scotians will be returning here to race for the championships about the first week in March.

Juvenile Hockey Players To Meet

All juvenile hockey players in Charlottetown are requested to attend a meeting at the Brighton Horseshoe club Wednesday afternoon at 4 o'clock. Players will be placed in teams for the juvenile league and officials connected with the organization emphasized that it was important for all players to be on hand.

Opposes Putting Baseball Under Single Head

DURHAM, N.C., Jan. 21 — (AP) — Fusion of all baseball under one head would be disastrous to the game, president W.G. Bramham of the National Baseball Association said today.

His statement, Bramham said, was made in reply to reports that baseball commissioner A.B. Chandler had advocated consolidation of major and minor leagues under one office.

"With all due respects for the commissioner's opinion," Bramham said, "I believe such consolidation would result in tragedy for baseball. It would suggest too strongly of a trust or syndicate baseball. The minors should preserve their autonomy and identity."

U. S. Steel Strike To Affect Canada

TORONTO, Jan. 21 — (CP) — Canadian industry from small tool works to major construction companies indicated tonight that reconversion in the Dominion would be hampered by the strike of United States steelworkers but in most cases the effect was expected to be serious only if the walkout were prolonged.

With Canadian companies drawing the bulk of their supply from domestic sources, initial reaction to the strike that started at midnight last night was that shortages would be felt first in such imported supplies as heavy structural sections and fabricated parts. Sufficient stocks on hand in these to last for "a few weeks" were reported generally.

Inability to get heavy parts would "definitely affect" Canadian building programs, H.G. Hilton, president of the Steel Company of Canada at Hamilton, said. Other major companies foresaw layoffs when stocks of these building supplies were exhausted.
