CHILDREN'S AID SOCIETY annual meeting tonight, 8 o'clock. City Hall. Public invited. 11-29-45

EXHIBITION PAINTING by Mabel McCullough (Mrs. D. V. Gass) Harris Gallery, afternoon, November 29, 1945. December 1st and evening of December 1st.

FAIRVIEW BAPTIST CHURCH Annual Meeting on Thursday, 7:30 P.M. at the home of J. R. Neil, North Milton. 11-29-45

COLLEGE ANNEX - Work on the vocational training annex at Prince of Wales College is being rushed in an effort to complete the roof before the snow and frost set in. The roof of corrugated steel and cement is about one quarter completed with a large number of men working to finish up. Frost is being combated by steam pipes laid from the College to the annex. It is hoped to have the roof completed in two or three days provided the weather remains favorable.

FUNERAL SERVICES - The funeral of Mr. Daniel Coughlan was held yesterday morning from 10 to 11 o'clock at the home of Mrs. J. J. Dunne, 100 St. Dunns Avenue, where Requiem Mass was celebrated by Rev. Father McDonald who also conducted services at the grave. The pall bearers were Messrs. Leo Rush, James Burns, Edward Bradley, Frank McLeod, Wallace McDonald and Arthur Cornley. The members of the Laborers Protective Union, of which the deceased was an old and honored member attended in a body.

HARMONY AND VICINITY - Mrs. Peter MacAvoy and family recently moved to South Line Road - Blaine MacAvoy and Albert MacAvoy paid a short visit to the north shore and reported roads unfavorable. - Patricia MacDonald John Dunphy has recently left for Montreal. - Bernard MacDonald has returned home after three years of service in the R. C. A. F.

HOME FROM OTTAWA - Mr. George J. Tweedy, K.C., Col. C. L. MacKay, and Mr. A. W. Myrdal arrived home from Ottawa yesterday where they had been representing Northumberland Perse Ltd. in conference with Dominion Government officials. The other members of the delegation, Messrs. St. Pierre and R. MacKay, arrived home a few days ago.

VISITS AGED MOTHER - Mrs. William Campbell of Charlottetown spent the week-end with her mother, Mrs. J. Boyle, in Conway, P.E.I. She was also there to celebrate her mother's eighty-first birthday. Mrs. Boyle is confined to her bed for the last few years. Her other two daughters, Mrs. Bradford MacKinnon with whom Mrs. Boyle resides, and Mrs. Arthur H. Adams. Also her one son, Frank.

MISCELLANEOUS SHOWER - A most enjoyable affair was held on Monday, Nov. 12th at the home of Mr. and Mrs. Harry MacLean. Friends and neighbors and friends from this and surrounding districts gathered to honor their daughter, Miss MacLean, in conference with Dominion Government officials. The other members of the delegation, Messrs. St. Pierre and R. MacKay, arrived home a few days ago.

Plan To Attend NOTRE DAME HIGH TEA WEDNESDAY and THURSDAY Nov. 28th and 29th Beautiful Christmas Gifts in Linen and Leather - Exquisite Baby Gifts - Fine display of Agones. Certificate and Novelty Tables, Bingo and other games with appropriate prizes. 11-21-24-27-29

Patterson Jewellery Master Wayne Molvneux, Cra-paud, is visiting her cousin, Master Ernest Rossom.

A Pimple Covered Face Kills Many a Romance The lives of many young people are made miserable by the breaking out of pimples, and you probably know of cases where a promising romance has been spoiled by those red, white, festering and pus filled sores on the face.

THE WINNAH The two cylinder Duryes "motor wagon", above, won the race in 1900. J. Frank Duryes, left, built and drove the winner.

50 YEARS LATER Fifty years later, this Duryes car, built a year after big race, was in re-enactment. Mr. Duryes is shown at "tilt."

SAFE AND SILENT The Electrobat, above, won a \$2,000 medal for "sound engineering", but couldn't finish the race.

AMERICA'S first automobile race, held in Chicago on Thanksgiving Day, 1900, proved that the "horseless carriage" was here to stay, sparking off many mechanical improvements and spotlighting the need for good roads. So the race's 50th anniversary this Thanksgiving is celebrated as the Golden Jubilee of the great automobile industry. Main feature of the celebration is the re-running of the race, over the original course, by ancient cars from Chicago's Museum of Science and Industry.

C. C. F. Amendment To Budget Motion

OTTAWA, Nov. 28 (CP) - The federal budget brought down Oct. 12 was under fire from opposition benches in the Commons today as a motion of amendment formed the basis of a discussion of confidence in the Government.

The motion was made by M. J. Goldwell, C.O.F. leader, on a resolution of the debate adjourned more than a month ago. He said the income tax deductions in the budget added those in the high income tax brackets but provided practically no relief to the small wage earner.

Mr. Goldwell's motion was in the form of a sub-amendment to a Progressive Conservative amendment moved by J. M. Macdonnell (PC) - Muskoka-Ontario when the debate was adjourned.

The C.O.P. sub-amendment accented the Progressive Conservative amendment and added to each of its three clauses.

Mr. Goldwell said that the budget had announced a 16 per cent reduction in personal income taxes. This amounted to practically no reduction at all for the bulk of the population but added those who did not need aid the high income individuals and corporations.

A worker, with a wife and one child, earning \$1,500 will save, under the new plan, \$8.80 a year or \$2.20 for the remainder of this year. He said "But his employer, with an executive in his plant, with the same number of dependents earning \$6,000 annually will save \$282. The tax relief announced seemingly goes to those who do not need it."

He urged the Government to consider plans for a \$1,000,000,000 housing project to meet the drastic housing shortage.

He suggested income tax exemption for married persons earning less than \$2,000 annually and single persons earning less than \$1,200.

He stated that income tax for farmers should be based on an average annual income received over at least a five year period.

He said the House must consider ways and means of dealing with powerful monopolies and cartels which were bleeding Canada and the world.

He expressed regret the Government was not placing more importance on public works as a means of providing employment.

He advocated a public investment program plus certain phases of public enterprise as the only lasting answer to proper development of the country's natural resources.

He called for better pay for scientists employed by the Canadian Government.

Mr. Goldwell's sub-amendment expressed regret that the Government had not proposed an effective full-employment plan which would require the use of our national credit in terms of public works and program outlays.

He stated that no satisfactory policy had been advanced for the elimination of extravagant expenditures and no program outlined for the expansion of essential expenditures for social security and purchasing power.

He regretted also that the tax relief had gone to corporations and high income earners rather than those in the lower income brackets.

He called for better pay for scientists employed by the Canadian Government.

United Church Moderator Addresses Congregation At Trinity Last Evening

The rehabilitation of young men discharged from the armed services and the restoration of thousands of war workers to peaceful pursuits was a matter of grave concern to him, Moderator of the United Church in Canada, the Rev. Jesse H. Arnup told a large congregation at Trinity United Church last night.

The un-evangelized within the Church, the disinterestedness in the rural churches, caused by contact of many of its members with urban life during the war years, the gradual loss of spiritual fervour among some of the Church's members, the lack of interest in the Church, the lack in many churches of what he called "pastor and visitation evangelism" and these problems were of great concern to him, Dr. Arnup said.

Dr. Arnup arrived in Charlottetown yesterday from Summerside where he had preached to large congregations at the United Church on Tuesday. He was accompanied to the City by the Rev. M. Aitken, Miss Edith Harwood, Yesterdays program at Trinity began at 2:30 P.M. when the Rev. M. Aitken, Moderator of the organization and the purposes of the Crusade, Miss Harwood, field secretary for the United Church of Canada, addressed the women of the Church on the importance of the Crusade.

Dr. Arnup presided. Eight hundred congregations in the United Church of Canada did not increase their membership last year by a single member. Dr. Arnup stated this serious condition was one of the main reasons why he had organized the present "Crusade for Christ and His Kingdom."

He exhorted his hearers to door-to-door evangelism by the pastors, elders, and other interested members of the thousands of United Church congregations scattered throughout Canada, would in his words, "mean a new Church."

Rev. Mr. Aitken The Rev. E. M. Aitken, pastor of the First United Church, Hamilton, Ont., and a native of Prince Edward Island, presided at Dr. Arnup in a brief address in which he stressed the urgency of the "Crusade for Christ and His Kingdom."

Much uneasiness in the Christian world was caused by fear of the increasing power and growth of Communism, Mr. Aitken said. There were those who believed that within a few years the forces of Christianity and Communism might clash in a desperate struggle. He did not believe there was need to worry over the outcome of such a clash. "Communism could never win," Mr. Aitken said, "because Communism has no Cross."

He exhorted his hearers to prayer and to the increasing development of their faith in order that the United Church of Canada might the fuller serve Christ and His Cause.

Nursing at St. John. Previous to her employment here she was X-ray technician in the Provincial Hospital at Miramichi. New Brunswick, and she comes to Souris recommended as being particularly well qualified in this work. Miss Katherine McKenzie will assist in the operating room and is a graduate of the Prince Edward Island Hospital School for Nursing and has recently been promoted from Military Service. Miss Margaret Lewis is also on the staff and a graduate of St. Michael's Hospital, New York City, and has had wide experience in the nursing profession. Miss Edith Munroe has been engaged as cook and will be assisted by a staff of competent girls. Miss Munroe has had several years of experience in work of this nature at the Provincial Sanatorium at Charlottetown. The fireman and caretaker is John McIntosh, a Souris man recently released from the Army after several years of overseas service.

PRISONER SAYS IT IS SHOCKING TO DEPORT JAPS WINNIPEG, Nov. 27 (CP) - Life in a Japanese prison camp was "just like taking a course" says Capt. Dariusz Golden. "Only we didn't like the post-graduate part of it."

However, the 25 year old Rhodes scholar, who was admitted to the Manitoba bar 30 days after his return home, very definite ideas on the "ment of Canadian-born Japanese."

"I think it's shocking to deport Japanese people who were born in Canada. You never know where that sort of thing will end."

He says philosophically that his three years and eight months in prison camps at Hong Kong and Kowloon probably led to greater tolerance and understanding but "I would have preferred an easier way to learn it."

The camps were a virtual hell of nations. "We learned a lot by talking to people of different cultural backgrounds and educational systems. Many of them needed a lot of education about Canada and we tried to clarify the situation."

Contrary to general opinion, the men in camps "had a good idea of what was going on," Capt. Golden said. "We had our amateur strategists who explained just how the war would be won but they were usually wrong. I was always wrong. Only one Canadian-born Japanese. One of the favorite pastimes in camp was talking about food. "We used to prepare recipes and dream of the meals we'd like to have."

Souris Hospital To Open Saturday

As announced in an advertisement appearing elsewhere in today's issue, the new Souris Hospital will open on Saturday, December 1st for the admission of patients.

The construction of the building located on the site of a community enterprise shortly more than two years ago, is a distinct credit to the generosity and initiative of the people of Eastern King's County and reflects their interest in and realization of the importance of modern medical and surgical treatment for their citizens.

The building itself is a modern design and overlooks the waters of Colville Bay. Immediately inside the main entrance, a circular counter, finished in marble encloses the office and adjoining it is the records room and drug room. Located on the first floor are three private rooms, semi-private room and one four bed ward - which can be increased to four beds.

The wards and patients rooms in the Hospital are furnished with Simmons Full Caste mattresses, "Beauty Rest" mattresses. A bedside table, overbed table, wardrobe locker and dresser complete the furniture in each room. The ceilings of wards and halls present an attractive appearance, covered with sound-proof fibre board squares attached to gypsum board backing, while the walls and the wards and halls are covered with one-eighth inch linoleum glued to heavy felt.

The bathroom, tiled in asphalt flexible tile which is non-slip, is of concrete, finished with a coating of Broco and painted.

Located also on the first floor is the operating room, adequately equipped to handle all surgical operations, not of major character. The surgical operating room table is of very modern design, constructed and covered by a 240 watt Scanlan-Morris Operating Room Light. Natural light is provided through a single sheet of rolled plate glass, double glazed and measuring 6 feet in length by 4 feet in height.

Adjoining the operating room is the sterilizing room, equipped with a 100% American Sterilizer. Doctors and nurses scrub-up rooms complete the operating room section.

The balance of the main floor comprises living quarters for the nurses and help, together with two bathrooms, a diet kitchen, a utility room and linen closets.

On the second floor there is a four bed ward in an emergency which can be increased to three beds each. The second floor also contains the maternity section, including the case room and nursery, all of which are well modernly equipped. A nurses sitting room, nurses bedrooms, two bathrooms, a diet kitchen, a utility room and linen closets are also on this floor.

Located on the basement floor is the kitchen, from which all meals will be prepared and brought to the diet kitchen on each floor by a dining waiter. A large refrigeration room, conveniently located across the corridor, equipped with a Kelvinator Cooking Unit, a Hot Cube Maker, a Connor Brothers washing machine, operated by a 1-2 h.p. motor, and a 48 inch electric clothes ironer, operated by a 1-4 h.p. motor, are being installed in the laundry room. The X-ray department is also located on the basement floor as is also the furnace room, steam room, living accommodations for the caretaker, and a bathroom.

The facilities of the hospital will, of course, be open to all doctors who wish to admit patients, with preference first being given to those residing within the area originally designed to be served by the hospital.

Dr. R. J. MacDonald is practicing at St. Peter's and Dr. A. A. MacDonald and Dr. W. E. Colquhoun are at Souris. Dr. Colquhoun has only recently moved to Souris from New Westford, Cape Breton, where he had been engaged in practice for the past five years and where he has gained considerable surgical experience.

The operation of the hospital will be under the supervision of the Matron, Miss Catherine E. Handrath, Miss Handrath, whose home is in Timmins, P. E. I., has been engaged in institutional nursing since her graduation from St. Joseph's Hospital School for
