—POPULAR PLAYERS—The Urban Stock Co. were again greeted with a crowded house at Happyland last night when they presented for the first time on an island stage William Brady's famous play which was first produced in New York where it had a run of 32 nights, is a play that interests from start to finish and as presented by this company it loses none of its excellent parts between the acts. The spectators were as usual good. Harry Ferris with his talking dolls and Chas. Hammond in Hoop Walling were worth the price of admission alone while Geo. Sullivan in songs and stories and the De Lunas in comedy were certainly good. Tonight the company give a performance in Alberton, on Friday night at Tignish, returning to Summerside for Saturday night when they present the great melodrama. "The girl he couldn't buy."—C.

—MONTHLY MEETING.—The Egmond Bay Local Branch Boudreault of the Assumption Society held their monthly meeting in the C. M. B. A. hall on Sunday evening the 17th inst. The attendance was unusually large and the principal feature of the meeting was the report of Mr. Joseph H. Arsenault, the delegate who had attended the Grand Convention at Moncton. Mr. Arsenault was very explicit in his discourse and at some length dwelt on the cordial reception tendered to the delegates. He then gave an account of the proceedings of the convention, the eloquent speeches delivered on the occasion, and the wild enthusiasm that seemed to pervade the whole meeting. The society was in a most healthy condition and had done and was doing a vast amount of good. The educational fund was one phase of the association that was most beneficial and they had the evidence right there the first morning when High Mass was celebrated by Priests who had secured their education through the society. As the field for resulting was getting larger, it was decided to name a second organizer, so that no place would be left neglected and that all the branches could be helped in any possible way. Mr. Arsenault was tendered a unanimous vote of thanks for his interesting report.—M.

Thin People Can Increase weight

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test, worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and many thin men and women we believe can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it aims to turn the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepare it in an easily assimilated form which the blood can readily accept. Much of this nourishment now passes from your body as waste. But Sargol works. To stop the waste and do it quickly and to make the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive, leading druggists in this vicinity sell it in large boxes—forty tablets a package—on a guarantee of weight increase, or money back as found in each large box. If you find a druggist who is unable to supply you with Sargol, send \$1.00 money order or registered letter to the National Laboratories, 74 St. Antoine St., Montreal, and a complete ten days treatment will be sent you postpaid in plain wrapper.

WHOSE WAS IT?

An absent-minded man came home one evening triumphantly waving his umbrella to his wife. "Well, my dear," he said, "you see I didn't leave it anywhere today." "I see, dear," said his wife. "The only trouble is that you didn't take one from home this morning."

Demands Ruthless Use of Submarines

(Canadian Press Despatch.)

Sept. 20.—(Via London, Sept. 20.)—Major Ernst Bassermann leader of the National Liberal party in a keynote speech delivered on Monday before his constituents in the Saarbruecken district, declared that the submarine campaign had been postponed and not abandoned. Major Bassermann advocated the widest possible use of both subma-

rines and Zeppelins and the most ruthless methods of warfare.

The National Liberal leader asserted that his views were shared by Admiral Von Tirpitz, Admiral Von Koester, Prince Von Buelow and Count Zeppelin. He maintained that in a struggle wherein the existence of Germany is at stake, the most ruthless use of all possible weapons is called for.

This sentiment was heartily applauded by his audience. Submarines and Zeppelins, continues Major Bassermann, were the most effective weapons against "our arch-enemy, England."
