Induction At Dundas

The Presbytery of P. E. I. in connection with the United Church met at Dundas on Nov. 12 for the induction into that congregation of Rev. D. McD. Clark. Rev. E. Lockhart presided and Rev. J. A. McLellan was appointed clerk. With them were Revs. J. M. McLeod, F. H. Littlejohns and J. Stirling. Rev J. Stirling preached. Rev. F. H. Littlejohns led in prayer. Text: John 7:37. Scene, The Feast of Tabernacles at Jerusalem at the close of the harvest. For seven days the people lived in booths commemorating the time Israel lived in tents on their way from Egypt to Palestine and where they had no harvest. As part of the rites a priest followed by the multitude went with a vessel to the Pool of Siloam and taking the vessel full of water carried it to the altar in the temple followed by the shouting multitude. The water was poured at the foot of the altar and flowed away from it. This typified the water from the rock in the wilderness and also was prophetic of the outgoing influence of the church as shown in Ezekiel's vision (Ezek. 47). In the midst of the celebration a voice was heard, ringing clear and distinct "If any man thirst let hime come unto me and drink. He that believeth in me out from him shall flow rivers of life giving water." It was Jesus. He knew the thirst of the multitude was not satisfied by the shadow. In him would their souls' longing be satisfied. The rulers sent officers to arrest Him. The officers refused to do so saying "Never man spoke as this man." All felt power in His words. In every soul are yearnings. Jesus satisfies all. Some say "We want truth." Jesus says "I am the truth." Some want life. Jesus says "I am the life." He came to give us the very life of God. Multitudes through the ages testify that Jesus can do all this. He satisfies not only by giving life to those who seek, but satisfies by making all such sharers in passing the life to others. Not only that we receive we must also give. This Jesus gave to the woman at Jacob's well and she must go and pass it on to her people. So ought all who receive this life giving influence to do. We who receive ought to give this living water so that desert places be made fruitful, desert lives be made life giving. Paul was glad to suffer that he might be the means of passing on this life giving power —the knowledge of Christ, that is life to all who receive. Only a small stream flowed in the early days. Andrew, of whom much is not said gave his knowledge of Christ to Simon Peter, his brother. From Peter flowed the power that brought three thousand into the church at Pentecost and after the death of Stephen the message was carried to all lands. It had become the mighty river of Ezekiel's vision. In later days Luther's soul thirsted and he heard the words "The just shall live by faith." He drank of that stream and he gave us the mighty, purifying, living stream of Protestantism. Wesley drank of this life giving stream and from him came the mighty stream of Methodism. John Geddie and many others went to the dark desert of heathenism and to light and life came there. The streams there were healed. We know not what God may do through us as we yield ourselves to His truth.

After sermon Mr. Lockhart narrated the steps leading to induction. After the congregation became vacant no one being available for a call, an application was sent to the Settlement Committee for supply. Rev. Mr. Clark was appointed supply, and after a little while an appeal was made to Presbytery that he be settled as regular Pastor. This was the pleasure of Presbytery and the induction of Mr. Clarke as Pastor of the congregation was carried out in due form. Rev. Mr. McLellan addressed the minister from the words in Malachi 2:7. The priest was mediator between the people and God, but for us Jesus Christ is only Mediator. The priest was also to teach the law and the people were instructed to inquire at his mouth. Jesus sent out messengers "to teach." Paul and his companions said they were "ambassadors for Christ." In the seven churches of Asia were "messengers" to whom the message of Revelations was sent. In all the ages of the Church God raises up messengers. To them as to Peter He says "Feed my sheep. Feed my lambs." In bread there is the essential element of wheat flour, but the housewife can by differing form and flavor satisfy the varying needs of her household. So the messenger of Christ in presenting Christ, the Bread of Life, can present Him in doctrine, parable and illustration to suit all who look to him for light and leading. Rev. J. M. McLeod in a stirring address to the people exhorted them to stand by their minister by their prayers, their presence and their praise and personal work. Jesus Himself is an illustration of the need of prayer. Paul appealed to the believers that they strive for him in their prayers. Ministers need the prayers of their people. Presence at public worship by his people is a joy and strength to the minister. A minister's pleasantest memories are the presence of devout worshippers Sabbath after Sabbath. Absence from church strikes a blow at public worship.

Find as little fault with your ministers as you can. Carping criticism will cause much harm. Many homes lose the blessing the minister could bring because of harsh criticism in the presence of the young. Stand by him in his faithfulness. In personal work uphold his hands as Aaron and Hur did for Moses.

The Master gave "to every man his work." All at it and always at it. "Be ye steadfast always abounding in the work of the Lord."

At the close of the service the congregation welcomed Mr. Clarke as their pastor, and treated the members of Presbytery and others to a luncheon during the taking of which a very pleasant social time was enjoyed.

Safeguard their Eyes

CORRECT Lighting is *always* easy on the eyes. Buying Edison Mazda Lamps, to keep your children's eyes alert, is much better than buying glasses to correct damage caused by wrong lighting.

Electric light has become the least expensive of all modern comforts. The average family pays less for light than for cream for the breakfast coffee.

For your portable and floor lamps use all white Edison Mazda Lamps. Incidentally, you will be surprised at the wonderful difference an extra floor or table lamp will make to your living room.

Near you is an Edison Mazda Lamp Agent. There you can obtain real information about good lighting.

THE MARKETS

(Canadian Press)

MONTREAL, Que. Nov. 16.—The export trade in Canadian grain on the Montreal market Saturday was quiet owing to the fact that foreign buyers did not respond readily to the higher prices asked by exporters.

Some cables came in stronger at a further advance of 4 ½ D. to 6 D. per quarter for Manitoba wheat and some business was done nearby positions and there were also some orders for oats. Sales of No. 2 northern wheat were made. At 8 ½ cents per bushel over the Winnipeg November option C. I. F. Montreal. On the spot car lots of Ontario and Quebec No. 2 white oats sold at 52 ½. No. 3 white at 51 and No. 4 white at 49 cents per bushel ex-track.

There was no change in the condition of the flour markets, prices for spring and winter wheat grades were well maintained under a good demand. A fair business was transacted in most lines of mill feed and prices were unchanged. Standards grades of rolled oats were also firm.

Prices for all grades of fresh eggs closed Saturday with advances of 3 to 5 cents dozen. Storage grades were also firmer, being up 1 to 2 cents per dozen. A moderate amount of business was done in the butter trade, prices were marked ¼ to ½ cent per pound. The cheese market was quiet firm.

Women Javilin Tossers Can Now Shoot At 178 Foot-Mark

LAUSANNE, Nov. 15.—If Mlle. Pianzola of France could pack as heavy a punch in her right or left as she can put in a swing with the javelin there might be a feminine boxing queen. She set a new world's record for women at a track meet here with a heave of about 178½ feet, right and left hand throws addded.

STOP THAT HACK

The longer neglected the harder it will be to cure. Continuous coughing weakens and over taxes the lungs, leaving them exposed to attacks of other diseases.

White Pine Tar
AND
Wild Cherry

is a pleasant effective remedy for coughs, colds, bronchitis and all irritations of the throat.

It is the Ideal Household Cough Mixture

PRICE 35 AND 60 CENTS

..*INSTITUTE MEETING—The Little Ponde Women's Institute held their first meeting at the home of Miss Laura MacDonald, Thursday evening, Nov. 5th. Ten members and five visitors being present. After the business part of the meeting a paper entitled "An Ideal Country Home" was read and discussed. Valuable suggestions on Institute work were given by Mrs. H. J. MacDonald, Souris. The social hour was most pleasantly spent in practising Institute ode and other Institute songs. A homorous reading by Miss MacDonald was much enjoyed. The members present expressed much interest in the newly organized Institute and hoped that all the forthcoming meetings be as successful as the first. Mrs. Alex. A MacDonald invited the members to her home for the next meeting, Thursday, Decfi 3rd.

..*GOOD CATCHES OF CODFISH ON THE NORTH SIDE.—During the fine days with south wind, last week (the first favorable days for over a month splendid catches of codfish were taken on the north side both by trawls and hand-lines. Fish were very plentiful and of fine quality, a dip of one hour of the trawl was sufficient to make a good haul. On Friday morning Anslem Longaphie set his trawl off Blackbush, and in one hour hauled it up taking 1500 lbs of fine big codfish. Many of the shore-men obtained their winter's fish. Salmon was probably never so plentiful going up stream to spawn. At Big Pond such a body of salmon going up river recently was never before witnessed. Big Pond has in late years become a great salmon stream, next probably to Morell in Kings County, and strange to say this fine salmon stream apparently has no protection.

Fashion Fancies

By Marie Belmont

An import from the French, like the drawing above, has just come in.

This particular model is of flesh crepe de chine. The side is slit and caught together with three fabric strips which allow freedom of movement.

The model could be copied in navy or black, to wear with the slim cloth frock for Fall.
