LOOK OUT!

Many a man is looking out for his health, but looking for disease in the wrong direction. He takes medicines for the nerves, which seem "gone to pieces."

It is a common thing for some one who has used Dr. Pierce's Golden Medical Discovery for "stomach trouble" to find that when the diseased stomach is cured the "weak" heart is made sound, the sluggish liver stimulated, and the throbbing nerves tranquilized.

Food is the basis of life and of strength. But it is not the quantity of food eaten which supports the life and health of the body. The body is sustained by that portion of the food which after being eaten is converted into nourishment and properly assimilated.

Every person suffering from disease in chronic or aggravated form, is invited to consult Dr. Pierce by letter free. All correspondence strictly private and confidential.

Accept no substitute for "Golden Medical Discovery." The main motive of substitution is the desire of the dealer to make a little more profit out of you by selling you a less meritorious medicine.

ABLE TO WORK AGAIN. Mr. John L. Cousenour, of Glensavage, Pa., writes: "I had been unable to work most of the time. The doctor said I had heart disease and indigestion."

"SUFFERED ALL THE TIME." "I feel that I would be doing an injustice to you if I did not send you a statement of my case."

CHOCOLATE KISSES. These are something new and are quite a favorite. Have you tried them? For sale only at THE Medical Hall, J. G. JAMIESON.

THE MORNING GUARDIAN

FRIDAY, JANUARY 25, 1901.

KING EDWARD VII.

The King at his accession made a simple, brief but noble address. On reading it one cannot but reflect that it contrasts very strongly with that by which a few years ago his nephew, the youthful Emperor of Germany announced his assumption of Imperial power.

There is something beautifully touching in the reasons which His Majesty assigns for taking the name of Edward rather than that of Albert, the name of his ever to be lamented, great and wise father, Albert the Good.

We doubt not that the King's accession address will meet with universal approval, and that as the years roll on it will be found that it has truly set forth the guiding principles of his reign.

The King has come to this throne with such high endowments of descent, hedged in by such noble traditions of the family circle and so enriched by the high examples set for him that we may have great hopes he will live nobly and reign royally in the highest sense of those words.

His Majesty has long been most happily married and it is a great good fortune to him and to the Empire that Queen Alexandra, now that Victoria has passed away, stands foremost among women in the affectionate regard and reverence of the British people.

perils at times, but have ever held a warm place in popular love and regard. Though loyalty is not altogether a personal thing, in the case of King Edward and Queen Alexandra there are the best of reasons to believe that the loyal devotion of the British people will continue to be in the future as it was during the long reign of Victoria, strengthened and enhanced by personal love and regard.

GOD SAVE THE KING!

A well known clergyman in another Province writes in strong commendation of THE GUARDIAN. Among other things he says: "I appreciate it because it seems to recognize the true dignity and office of the press, viz, to be the truthful exponent of the thought and happenings of the day, and not the hireling mouthpiece of a party."

It is now said that an agreement is practically complete by which the United States will purchase the Danish West India Islands for \$4,000,000. There are three islands, St. Croix, St. Thomas and St. John, with an area of 118,000 square miles and a population of only 32,000.

In Distress With Eczema

Mrs. R. Stoddard, Delhi, Norfolk County Ont., writes as follows:—"I was troubled with Eczema or Salt Rheum for over twelve years, and during that time doctored with four different physicians, but found that they could only give me temporary relief."

The keen misery which many endure from the tortures of skin disease is most appalling, and so much the worse because it is unnecessary. Dr. Chase's Ointment stands alone as the one unfailing remedy for salt rheum, eczema, scald head and every form of itching skin disease.
