Montague High School Sports

The Montague High School Sports went over with a big success at the Community Rink on Friday night when 28 speed skating events and a double-header hockey game were run off with excellent success before a capacity house.

Coming up with some of the best speed skating competitions to be seen here during the past few years, the boys and girls of the school put on a full evening's entertainment which was packed full of thrills and laughs that gave the large audience of parents and children a most enjoyable evening.

Although every race provided its special thrills, the relay race between the Montague and Georgetown girls proved to be the most interesting of all. Starting off with a tough break, the leader of the Montague four took a spill quarter way around the first lap, and the Georgetown team took a commanding lead not to be overcome, although the local squad came closer and closer.

The visiting Georgetown boys and girls hockey teams split wins with their Montague opponents with the Georgetown girls taking a 1-0 victory, and the Montague boys leading their opponents with a 3-2 win.

There were many other exciting races in both boys' and girls' divisions which provided a great deal of excitement. The evening was brought to a close by an hour's skate for all contestants and spectators.

The following are the officials who presided over the meet, and the full results of the evening's competitions.

SUNLIGHT DISPLACED

OSLO.—(CP)—Producers of salted dried fish here are becoming increasingly interested in specially-bull drying plants rather than the old method of sun-drying for processing. Several plants are already in operation and an industrial laboratory is at present constructing an experimental plant for testing the effects on fillets of temperature and atmosphere changes.

Do You Worry About Losing Your Hair?

Neglect, Not Heredity, Most Frequent Cause—Experts Say

To keep your hair abundant and good-looking, you must have a clean, healthy scalp. Too many people wash their hair carelessly and neglect giving the scalp the thorough, pore-deep cleansing it needs. They fail to remove the almost invisible film made up of the natural scalp oil and dried skin, combined with perspiration, dust, smoke and grime—which seals itself over your scalp and cuts off nourishment from the hair. Dandruff and an excess of falling hair often result.

There is one sure way to ensure a clean scalp—just thoroughly massage in Fitch Dandruff Remover Shampoo; then add water. Fitch's creamy, stimulating lather works down pore-deep, right into the thousands of tiny hair openings on your scalp. Fitch Dandruff Remover Shampoo quickly dissolves and washes away all dirt and dandruff—allowing the scalp to breathe freely.

There's no substitute for Fitch Dandruff Remover Shampoo. Fitch is the ONLY SHAMPOO guaranteed to remove dandruff... the only shampoo that gives your scalp a health treatment and your hair a beauty treatment at the same time.
