Old Eyes Made Young
And young eyes that are affected can be corrected by our proper fitting glasses. We can bring back to your eyes, weakened from strain, the clear vision of the natural eye. Putting it off has brought about the ruin of many eyes as any other one cause. There may be a slight feeling of inconvenience at first, but in a few days, DON'T DECIDE YOURSELF. If there is the slightest symptom of an eye defect, you should not rest until a competent eye specialist has been consulted who may save you a life of sorrow and discomfort by coming to us in time. We are specialists on eye sight. Consult us at once. No expense if you do not need glasses. Reasonable if you do. Examination free. Our Optical Parlor is the only one in this province that has four diplomas.

The bright appearance of the corner occupied by the McKinnon Drug Co. in this city has been an object of admiration from all sides since the paint brush wielded by that master-hand, John Stentford, has been lavishly used in decorating the exterior. The outside of the building is finished in a light green while the casing and woodwork around the windows and doors is in green and brown, the green being nicely grained, the whole making a particularly pleasing effect. In addition to this exterior decoration the McKinnon Drug Company are having some work of the same nature completed inside, and the object of the proprietors seems to be that of providing for their many customers a store of most inviting and attractive appearance without regard to expense. The splendid fittings are most complete and the store must be kept in accordance with its furnishings. In conversation with the proprietors The Guardian learns that their business venture which was so auspiciously launched last December has already proven a success and even in the past three months a gain of one hundred per cent in business has been shown. This is gratifying to the proprietors and can be taken by them as a proof that they enjoy the confidence of their customers who appreciate a courteous treatment, up-to-date goods and lowest prices consistent with the highest quality of all their wares.
