

**Asthma.**  
You've tried almost everything for it, haven't you? And we presume you are about discouraged. Now what do you think of our idea of breathing-in the medicine, bringing it right up to the diseased part? It looks reasonable, doesn't it? And it's successful too.  
When you inhale Vapo-Cresolene your breathing becomes easy, the wheezing ceases, and you drop to sleep. For croup and whooping-cough it's a quick cure.  
Vapo-Cresolene is sold by druggists, or sent express prepaid on receipt of price. A Vapo-Cresolene outfit, including a bottle of Cresolene, complete \$1.50. Send for free illustrated booklet. KERRICK, 201 St. St., Montreal.

**ELECTRIC POWER  
\$8 PER HORSEPOWER**

What the Saving Would be if the Government Took Hold of the Niagara Question--The Saving Almost Beyond Belief--Cheap Street Lighting.

MONTREAL, April 10.—That electric energy can be developed at Niagara Falls for \$8 per horsepower, which figure would cover money invested and operating expenses; that it should only cost \$5 for

transmission to Toronto; that under such conditions the saving to consumers of Toronto as against steam would be from \$500,000 to \$750,000 a year, and that it would mean a saving of \$10,000,000 a year to the Province as against steam were the striking statements made by Hon. Adam Beck in an address delivered before a general meeting of the Toronto Board of Trade recently on "Electric Power."

The report of the Ontario Municipal Power Commission, which has been completed, gives in detail the result of the examination of the project by electrical and hydraulic engineers, contractors and accountants. The construction of a power plant and a transmission line by the Government, it is understood, is urged, and the following careful estimates are given of the cost of the work:

Cost of development, transmission and distribution of 30,000 horse-power, \$6,084,000.  
Cost of same for 60,000 horse-power, \$9,354,000.  
Cost of same for 100,000 horse-power, \$11,900,000.

The cost of power for manufacturing purposes, it was found, could be supplied for \$17 per horse-power per year. Some estimates placed this fair selling price at \$15 per horse-power per year.

It was also found by the commissioners that it would be possible to effect a reduction of at least twenty five per cent in house lighting.

The last contract made by the City of Toronto for arc lamps was at the rate of about \$65 per year per lamp. The commission found that arc lamps could be provided for about \$40 a year.

The commission also estimated that there would be a saving of \$1,850,000 each year to the municipalities interested.

**WEARING AWAY YOUR LUNGS!**

Yes, and your strength too. Stop coughing and get rid of that catarrh. The one remedy is "Catarrhzone" which goes to the diseased tissues along with the air you breathe; it can't fail to reach the source of the trouble, it's hard to kill the germs, and as for healing up the sore places, nothing can surpass Catarrhzone. If you don't get instant relief, the ultimate cure you will at least get back your money for Catarrhzone is guaranteed to cure catarrh in any part of the system. You run no risk—therefore use Catarrhzone—at our expense if not satisfied.

**EVERY MOTHER SHOULD KNOW**

That Ozone (the coupon kind) taken with Celery King is the quickest and most reliable way to cure children of colic, coughs, colds, fevers, chills, summer complaints, and a hundred other ills, it destroys the germs that causes these troubles, and children never object to take solution of Ozone—it is just like lemonade if a little sugar is added. To make a cure certain Ozone (the coupon kind) and Celery King, the well known laxative tonic, should be used together. We give Celery King free—one 25c package with each purchase of Solution of Ozone. Mothers need have no fear in using these two preparations, because Ozone (the coupon kind) contains no drugs nor alcohol—simply gas (in solution)—and Celery King is made up of pure wholesome herbs, the best that money can buy. Always ask your druggist for Ozone (the coupon kind).
