

IMPORTANT READING MATTER SELECTED FROM THIS WEEK'S NEWS FOR THE GUARDIAN'S SATURDAY SUBSCRIBERS

TUESDAY

—Miss Flossie Hunter, Summerside, who has been visiting friends in Charlottetown has returned home.

—Dr. Delaney of Wellington, was a passenger on the Empress Saturday morning en route to Winnipeg, Vancouver and other Canadian Cities. He will be absent about two months.

—Miss Maud Hanley who holds a responsible position as trained nurse in the Boston City Hospital left on return yesterday morning after spending a few weeks vacation with her people at Bear River.

—Mrs. Tiste Burton, who spent the summer with her parents, Thomas and Mrs. Howat, Cape Traverse, crossed by the Empress yesterday en route for Boston, where she goes to train for a nurse at the Hale Hospital.

—Wm. G. Taylor, North Bedouin, left yesterday via Charlottetown to attend the Synod of the Maritime Province, which meets today in Pictou. Mr. Taylor goes as a representative elder from the Summerside Presbyterian congregation.

—The marriage took place at the Manse, Summerside, at 10 a. m. yesterday of Augustine G. McKinnon and Miss Lillian E. Williams, both of East Bideford. Rev. H. J. Fraser was the officiating clergyman.

A special meeting of the Charlottetown C. M. B. A., was held in their hall Sunday evening at 8 o'clock a very large and representative gathering of the brethren being assembled. The object of the meeting was to present an address to Bishop Morris on the same being accompanied by the gift of a magnificent 400 day clock specially imported and suitably inscribed. Eulogistic addresses were delivered by Bro. Joseph McCarey, Rev. Dr. McLeish, Dr. Conroy, C. W. P. Seale, J. J. Desmond and D. Ryan. His Lordship made a very feeling reply sincerely thanking the members for their thoughtful act and assured them that he would always remember their kindness and cherish the pleasant associations formed in the C. M. B. A. of which he has been so closely connected for many years as spiritual director.

In the morning service of the First Methodist church last Sunday, Rev. J. Heaney made reference to the loss which the congregation had sustained, and the sorrow through which so many friends had been called to pass in the removal by death, of Henry Weeks and Frederick H. Sellar. He said "Mr. Weeks was advanced in life being eighty years of age and had been in poor health for some time, we knew the end could not be far away. Mr. Sellar was a comparatively young man being in his forty-ninth year, and was active in business and a regular worshipper in the church till about three weeks ago, when he left home for a trip to Winnipeg, accompanied by his wife. His death in Toronto on the way back was sudden and unexpected and came in the nature of a shock to the whole community. The sincere and heartfelt sympathy of the congregation goes out to all the sorrowing friends of both departed brethren and let us pray that the God of all Grace will sustain and comfort them in their time of sadness and loss."

"BEAVER" FLOUR Makes the True Home-Made Bread Your Mother Used to Make

"Beaver" Flour is a blended flour—really two flours in one. It contains the quality, nutriment and flavor of Ontario fall wheat and the strength of Western wheat.

"Beaver" Flour is a perfectly balanced flour. It makes baking easy because it is always the same in strength, quality and flavor. Your grocer has it. Try it.

—W. B. Arthur, Montreal, was in Montague Saturday, and registered at the McDonald Hotel.

—Mrs. Harry Wilkinson, Murray River, leaves this morning on a visit to New Hampshire.

—Frank and Mrs. Stewart, Charlottetown, left this morning on a short visit to Boston.

—The death occurred at St. Eleanor's Saturday of John, the ten-year-old son of Robert and Mrs. Muirhead. The little fellow had been ill of scarlet fever. The funeral took place on Sunday at St. John's Cemetery. Rev. Chas. Dewolf-White was the attending clergyman.

Capt. Thos. Baldwin was in the city yesterday en route for New York. He is returning from Charlottetown, where he has been giving exhibition flights. Some very successful flights were made there by young Peoli, and in one of them an altitude of 6,000 feet was reached in spite of adverse winds which affected the flying to some extent. Capt. Baldwin is on his way to Danbury (Conn.), where he is booked for some exhibition flights. At Staten Island, the captain says, he will very soon open an aviation school to teach flying and for experimenting with air machines. The ground has already been purchased and the necessary arrangements are being made. In November the airman will leave for a visit to Japan, where they purpose giving exhibitions of soaring to the wily Jap. The captain wears a magnificent diamond ring, and the reporter learned that this was a gift from the late King Edward who had been a witness of some of Baldwin's balloon ascents at the Crystal Palace, London.—Halifax Exr.

A well-known citizen of Charlottetown, Peter Keenan, met with an accident last evening that but for the promptness of Bruce Stewart, of Bruce Stewart & Co., Charlottetown, in coming to his rescue, would have resulted in the loss of his life.

Keenan who was slightly under the influence of liquor, was seen going down the wharf which was in total darkness. Shortly afterwards Bruce Stewart heard cries but thinking they were the shouts of some celebrant paid no attention to them. The calls being continued Mr. Stewart decided to investigate and taking a flash light proceeded to the wharf. He found Keenan in the water struggling and apparently almost exhausted. He at once got aboard a vessel that was near and lowered a water bucket to the rescue. The man managed to get his arm over the bucket and was thus kept afloat till further assistance came.

Rufus Hogan, who was passing attracted by Mr. Stewart's call for help, came to his aid and climbing over the side of the boat got hold of Keenan's arm and held him until John Bell, a longshoreman, arrived. With their combined efforts they hauled the now almost unconscious man aboard.

A cabman who was passing, was asked to drive the man to his home but refused to do so.

Messrs. Stewart, Hogan and Bell took him to the Labor Union Hall on Water street where he received further care.

Keenan had almost fully recovered from the shock of his plunge in the briny deep when left by his rescuers who deserve great credit for their prompt assistance.

—Miss Tiste Clarke returned to her home in Cape Traverse yesterday, after spending the past week in Charlottetown, the guest of Mrs. E. H.

The S. S. Halifax arrived in port at Charlottetown this morning at six o'clock with a general freight and the following passengers:—A. Corkrum, P. G. and J. L. Bratton and J. McDonald.

It was W. W. Gibson of Marshfield who secured the third place for judging of dairy cattle at the recent Provincial Exhibition, held in Charlottetown, and he is being heartily congratulated.

52 Rutland Square, Boston, was the scene of a very pretty wedding on the evening of Sept. 25, when Hester A. Wood was united in marriage to John W. Jones, in the presence of about one hundred friends.

The room was beautifully decorated with asters, chrysanthemums, autumn leaves and wild flowers. The bride's gown was white crepe de chene trimmed with silk point d'esprit and duchess point lace. The presents were numerous and beautiful, among them a solid oak buffet and mission rocker from Mr. Jones' men and a handsome haviland china dinner set from the staff of Noyes Bros. The bride and groom left on a two weeks trip including Niagara and other points of interest. Mr. Jones is a successful contractor in Boston. Both he and Mrs. Jones were formerly of Pownal.

Rev. Mr. Peters who has been supplying for the Pownal Circuit for the past four months preached his farewell sermon on Sunday night in the Pownal Methodist Church. The text was most appropriate 2nd Cor. 13 & 11th. Finally brethren farewell. He perfect, be of good comfort, be of one mind, live in peace, and the God of love and peace shall be with you. The speaker said he felt the full force and meaning of these words, and preached an eloquent sermon, which was listened to with breathless attention. He heartily thanked the people for the great kindnesses he had received during his all-too short stay with them. The Choir rendered suitable selections and after the benediction sang "God be With You Till We Meet Again." Mr. Peters left Monday morning for his home to renew his studies. His departure is universally regretted as his services were much appreciated. The Circuit presented Mr. Peters with a well worded address, and a purse of \$50.00 thus showing in a tangible way, their appreciation of his services. This in addition of his salary.

The full returns of Heavy Artillery competitions for Canada have been received and once more this Province captures first and second places by large margins. No. 4 Battery formerly old No. 2, wins first in all three competitions viz Efficiency of Personnel and Equipment, Gun Practice, at Petawawa and General Efficiency of Canada. This is the third successive year that this battery has carried off the General Efficiency—this year by a larger margin than ever. No. 3 Battery, formerly No. 1, wins second place in each competition others being far behind. It should be a matter of interest to every Islander to have such splendid results achieved by the "boys in blue." Their superiority is so marked in every competition that there are no real rivals to dispute their claims to first and second places.

The No. 4 Battery wins Efficiency of Personnel and Equipment prize of \$30 with 273 points. No. 3 \$20 second with 271 points. No. 4 wins Gun Practice at Petawawa, the "Wilson Smith Challenge Cup" and \$60, with 321 points. No. 3 the Meschie Challenge Trophy and \$50 with 264 points. No. 4 wins the Governor General's Cup for General Efficiency of Canada valued at \$100 also \$35 cash with 594 points. No. 3 the Association Challenge Cups and \$25 with 530 points. It will be seen from the above that the two Charlottetown batteries have captured all the good things on the prize list. Various other prizes for Gun Layers, Rangefinders, Signallers etc., have not yet been received.

Lt. Col. A. G. Peake, who is in command of the Regiment is certainly to be congratulated on its showing during his first year of command. He has every reason to feel proud of its standing among the crack regiments of the land. The Officers of the P. E. I. Heavy Brigade successful batteries are as follows.

—NO 3 BATTERY—

Major C. Leigh
Capt. C. L. McKay
Lt. J. N. Stanley
Lt. W. McCalder
Lt. G. McLeod

—NO 4 BATTERY—

Major J. R. Darke
Capt. D. A. MacKinnon
Lt. J. A. S. Bayer
Lt. E. E. Jordan
Lt. H. I. Bethune
Lt. L. N. Seaman.

Do away with the old-fashioned, arm-tiring method of scraping. Old Dutch Cleanser saves you both labor and time. The fine particles will immediately loosen and remove the grease and the hardest "burnt-in" crusts which soap, soap powder and scouring brick only imperfectly wear off after long hard scrubbing. An "all-round" cleanser for every part of the "nest-as-a-pit" house. Strictly hygienic.

Garnet LeLacheur, left last Thursday to complete his course at Macdonald College, St. Anne De Bellevue. He was representative of the Seed Branch, Ottawa, for this Province. He began work on the 1st of April looking after the inspection of seeds. As many amendments were made to the Act, so that it was almost a new act, his work was largely educative, so that all the seed merchants on P. E. Island should know the act thoroughly next year and should not have lack of knowledge as any excuse. He also collected a large number of varieties of seed for the seed branch, Ottawa, and judged the standing fields of grain competition in East Prince, and the competition at Excelsior Institute, York, and also the potato competition conducted at Tracadie Cross. He is continuing his work in Macdonald College, specializing in Cereal Husbandry under Prof. L. S. Klink, who conducted some meetings in this Province a year ago.

\$3.50 Recipe Free For Weak Men.

Send Name and Address Today—You Can Have it Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, fading memory and general exhaustion, brought on by excessive natural drains, or the follies of youth, that has cured so many men who were men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and vitality, quickly and quietly should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope to any man who will write me for it. This prescription comes from a physician who has made a special study of men and I am convinced it is the surest and most powerful combination for the cure of deficient manhood and vigor ever put together. I think I owe it to my fellow man to send them a copy in confidence so that any man anywhere that is weak and discouraged with repeated failures may stop dragging himself with harmful pain-killers, secure what I believe is the quickest-acting restorative, upbuilding, STIMULATING remedy ever devised, and so cure himself at home quietly and quickly. Just drop me a line like this: "Dr. A. B. Robinson, 367, Lake Street, Detroit, Mich., and I will send you a copy of this splendid recipe in a plain ordinary envelope free of charge. A great remedy, written out a prescription like this—but I send it entirely free."

Body-Building and BOVRIL DIGESTION and assimilation are dependent upon very small matters. You may swallow large quantities of nutritious food but, if the functions essential to the work of digestion and assimilation are out of order, the food fails to nourish and strengthen you. The physiological tests made by Professor Thompson, M.D., Sc.D., which were fully reported in the "British Medical Journal", demonstrated clearly that "BOVRIL" assists the digestion and absorption of food in a very special manner. The tests established incontrovertibly: 1. The remarkable food value of "BOVRIL". 2. The peculiar power of "BOVRIL" in enabling the system to extract the full store of nutriment from ordinary food. 3. That these two properties give "BOVRIL" a body-building power of from 10 to 20 times the quantity of "BOVRIL" consumed. (See Diagram). BOVRIL is more than a food.
