IMPORTANT READING MATTER SELECTED FROM THIS WEEK'S NEWS FOR THE GUARDIAN'S SATURDAY SUBSCRIBERS

THURSDAY

The Dean mare of James Lannigan, Panmure Island, dropped a beautiful bay foal on July 6th, sired by Prince Cresceus. This foal is pronounced by the most competent judges to be one of the best ever sired in that locality. The sire of this foal was purchased from M. W. Savage of Maine, by James Riely, Gaspereau.

A Goldendale, Wash., exchange says:—Word was received at an early hour Tuesday morning of the death of Alexander M. MacLeod, of Goldendale, who has been in Berkeley, California, for the past several weeks on account of his health. An operation was performed last week from which he never recovered, his heart being so weakened that the shock proved fatal. He has been troubled with a stomach disorder for some time, and in going to California, he anticipated relief by both the climate and the change in altitude. Mrs. MacLeod and little daughter Jean, were with him in his last hours, and every care and attention was given in hopes of his recovery.

Alexander M. MacLeod was born on Prince Edward Island on June 14th, 1852 and died at Berkeley, Cal., June 20th. He came to this country thirty-two years ago, going first to San Francisco, later to Portland, and The Dalles, where he was married twenty-five years ago to Miss Emma Lusher. He engaged in business at Oakesdale, Washington, coming to Goldendale in 1898, when he entered the mercantile business, engaging in the same until 1904, when he was elected for two terms as county auditor. He was a good husband and father, and his family was always uppermost in his mind. He took an active part in local civic affairs, interesting himself in the moral and intellectual welfare of the community. He was elected mayor of the city and also treasurer, filling both offices in a capable and effective manner. He was a member of the local A. F. & A. M. of which at the time of his death he occupied the office of Worshipful Master; the Odd Fellows, the Woodman and the Workman.

Harold MacLeod received the sad news of his father's death, while in the city for a couple of days this week, and left immediately for Portland, where he was joined by his sister Lois, who was attending the Pacific University at Forest Grove departing at once for Berkeley, where the funeral services and last rites of the Masonic Lodge, who have charge of the body, will be held this week.

He leaves to mourn his sudden calling to the Great Unknown, his widow, son Harold, and two daughters, Lois and Jean. The Sentinel wishes to voice the sympathy of the entire community who have lost a good friend and neighbor, to the bereaved ones in this their greatest hour of mourning.

Mr. MacLeod had some property interests in this city, in Glenwood and at Lyle, and he also carried heavy life insurance. Mrs. MacLeod is almost prostrated from the shock of his death and it will be some time before she will be able to travel, as they contemplate returning to this city as soon as possible.

The Alexander M. McLeod above referred to was the fifth son of the late Malcolm and Mary McLeod, Hartsville. He worked in Charlottetown for some time for the Messrs. Beers and afterwards was placed in charge of that firm's branch store at Cardigan.

He leaves to mourn four brothers and one sister who are: Wm., Vancouver; John, Quincy, Mass.; C. K., Lynn, Mass.; John A., Sumas, B.C.; Mrs. A. McKenzie, Iowa, U.S.A.

Many changes have taken place since he left his native Island home, but many of his old friends and neighbors will be sorry to learn of his early calling away.

FRIDAY

The Guardian had a pleasant call last evening from Rev. Alfred Hall, sometime of London England, more recently of Natal, South Africa, and now touring Canada in the interest of the patriotic movement to distribute Nelson Shields among the schools and educational institutions of Canada, at the charge and cost of Lord Strathcona.

These shields are made from the copper of Nelson's flagships the Victory and the Foudroyant, and are 13½ inches by 8½ inches in size, designed to be hung upon the wall of the schoolroom. They will be furnished to every school in Canada desiring the same for commemorative and competitive purposes.

The Nelson Shield is quite a work of art. On the upper corners are the oak and maple leaves. In the upper centre is the historic ship Victory under full sail. In the lower centre is the bust of Nelson, on one side of which is his immortal flag signal, and on the other the date of the momentous event in the Empire's history. At the bottom, upon the scroll, are the following words: "Made of copper from H. M. ship Victory and Foudroyant. Presented by Lord Strathcona and Mount Royal, G. C. M. G. through the British and Foreign Sailors' Society for Canadian schools, 1907. E. R. VII."

Each shield is mounted and ready for hanging, with copper carrier to receive the name of the winner and holder for the year, and the legends, "Warden of the Shield for this year. Palmam qui meriut ferat."

Rev Mr Hall was the originator of the movement, which began in South Africa. Lord Strathcona became interested and in a spirit of characteristic patriotic beneficence bears the cost of presenting these most interesting mementoes to the schools of Canada. Rev Mr Hall has been some months in Canada with headquarters at Toronto, engaged in interesting the educational departments of the different Provinces and the heads of universities and colleges in this movement and has been met in the most cordial spirit from the Atlantic to the Pacific and in Newfoundland.

It is most natural that in every Canadian school there should be a desire to possess a tangible memorial of England's greatest sailor and his flagship, guaranteed to be genuine and redolent of British heroism and historic victory. There is probably no part of Canada or the Empire where Nelson Shields will be more valued than in Prince Edward Island.

Rev Mr Hall yesterday waited upon Dr Anderson, Chief Superintendent of Education, to make arrangement for the distribution of the shields through the schools and colleges of this Province. He informs The Guardian that private schools and business colleges are eligible to receive the Nelson Shield, one for each on written application to him at Toronto. He leaves for the mainland this morning.

The marriage of Miss Margaret Mabel Elliott, daughter of G. A. and Mrs. Elliott, 505 Balmoral St., to Benjamin Leonard Deacon, took place Wednesday, June 28th., in Westminster Church, Winnipeg, the Rev. David Christie officiating.

The church was prettily decorated with palms and ferns, the first pews being marked with white satin bows and white roses. Miss Grace Mitchell was at the organ, and played the wedding march, and while the register was being signed Miss Maud Cowie sang "Beloved, It Is Morn."

In the absence of her father, the bride was given away by her cousin, A. H. Stinson. Her wedding gown was of ivory satin charmeuse, the skirt having a draped tunic edged with pearl and crystal fringe and caught up in the front by a cluster of satin roses and pearl ornaments, the bodice draped with rose pointe lace and finished with a yoke of lace embroidered with pearls. Her veil was held in place by a cornet of orange blossoms, and she carried a shower bouquet of bride's roses and lilies of the valley. She also wore her gift from the groom, a beautiful pearl sunburst. The bride was attended by a maid of honor, Miss Eva Elliott, and a bridesmaid, Miss Mary Clark, a cousin of the bride. Their gowns were fashioned alike, of silk crepe, with yokes of dewdrop red and bands of crystal beaded net and crystal fringe, Miss Elliott's gown being carried out in shell pink tones, and Miss Clark's in palest yellow. They wore white tagal hats, faced with lace and trimmed with lace plumes and pink roses, and they carried bouquets of pink roses. The gifts from the groom were pearl pendants, Miss Elliott's being set with sapphires and Miss Clark's with peridots.

To his best man, Dr. Mothersill, the groom gave gold cuff links, and to the ushers, Lawrence Lawler and William Reynolds, pearl tie pins.

A reception was held after the ceremony at the bride's home. The bride's table was centered by the wedding cake, and decorated with smilax, white roses and lilies of the valley.

Mr. and Mrs. Deacon left on the 6.20 train for a wedding trip to Toronto, New York and Atlantic City, returning here to reside. The bride travelled in a pretty suit of navy blue serge, the coat opening over a waist of white chiffon, embroidered in coral pink. Her hat, a becoming poke bonnet shape of white tagal straw, was trimmed at the back with a mount of white ribbon edged with blue satin and black velvet.

Mrs. Elliott, the bride's mother wore a handsome gown of white satin, made on the Empire lines, with touches of coral, and a black toque trimmed with black willow plumes. She carried Richmond roses.

Mrs. Welsh (Pinar del Rio, Cuba), sister of the bride, was gowned in maize silk crepe with a black plumed hat, and she carried mauve sweet peas.

Mrs. W. B. Pound, sister of the groom was attired in pale blue crepe -de-chene, with a white plumed hat.

Miss Lottie Daecon, the grooms youngest sister, was prettily gowned in white french lingeris, trimmed with Carrick-macross lace, bodice made surplus. The High Waist Line being finished with a girdle and sash of white satin with pearl fringe. Her large white hat of white silk net was trimmed with Wistaria and soft white satin bows. She carried a bouquet of Shastana Daisies.

Miss Florence Bowman, cousin of the groom was gowned in pale pink embroidered mull, inset with cluny lace, and a fringed sash of satin, with hat of pink mohair braid, and silk roses.

Mrs. C. V. Cummings wore a French lingerie gown, with a white lace hat trimmed with pink roses, and she carried a bouquet of pink roses.

Mrs. E. Dowswell wore a black satin gown with a black lace hat with touches of coral.

Miss Lawler was gowned in white embroidered organdie over mauve satin, with a hat to match.

The remains of Miss Dora R. Harris arrived in Charlottetown last evening on the Northumberland. They were accompanied by Mrs. Harris, Mrs. Robinson, Miss Campbell, Rev. C. R. Harris and James E. Harris from Pt. Medway and by Rev. E. A. Harris and W. C. Harris. The remains were taken to St. Peter's Cathedral. The funeral will leave the church this morning at half past nine o'clock.

HOW SKIN-TROUBLES HAVE BEEN CURED

A Remarkable Record of Itching, Burning, Disfiguring Eruptions Successfully Treated.

That those who have suffered long and hopelessly from eczema and other torturing, disfiguring eruptions of the skin and scalp and who have lost faith in all manner of treatment, may learn that there is one way to find immediate relief, the following remarkable series of condensed testimonials is published:

W. H. White, 312 E. Cabot St., Philadelphia: Knee to ankle a mass of eruption. Suffering simply indescribable for six long years. Had to scratch till blood ran and health was undermined from lack of sleep. Cuticura Remedies cured it without a mark.

Mrs. M. C. Maitland, Jasper, Ont.: Itchy rash on her baby's head when but three months old. It spread over entire body. Put mittens on him to prevent tearing skin. Reduced to a skeleton. One bath with Cuticura Soap and application of Cuticura Ointment soothed him to sleep. A single set cured him. Thinks child would have died but for Cuticura Remedies.

Mrs. Wm. Hunt, 259 Fairmount Ave., Newark, N. J.: Whole body a mass of raw torturing eczema. Agony was beyond words. Hair all fell out and ears seemed ready to drop off. Clothing would stick to bleeding flesh. Hoped death would soon end fearful suffering. Cuticura Remedies cooled the itching, bleeding flesh at once and soon cured her.

Mme. J. B. Renaud, 277, Mentana St., Montreal: Treated by doctors 25 years for bad eczema on leg. It peeled from knee down, foot like raw flesh. Doctor advised cutting leg off. Decided to try Cuticura Remedies first. In two months' use of Cuticura Remedies she was cured.

Mrs. Nora Emmott, 26, Lena Gardens, Brook Green, London: Two little girls had dreadful scalp trouble that doctors called ringworm. Cried with intense itching. Hospital treatment gave frightful pain but did no good. Suffered three years, cured by three sets of Cuticura Soap and Ointment.

H. A. Krutskoff, 5714 Wabash Ave., Chicago: Itching eruption spread from hands to body. Literally tore his skin off in shreds. Doctors and remedies did no good. Cuticura Soap, Ointment and Pills stopped itching quickly and cured disease in three weeks.

Frank Gridley, 325 E. 43rd St., New York: In twenty-four hours he became raw from head to foot with a dreadful burning itch. Suffered agonies and could not lie down or sit up. Cuticura Soap and Cuticura Ointment cured him in a single day.

Mrs. Kate Brougham, 200 Dewey St., Bennington, Vt.: Rash came on her baby and soon turned to watery, crusted eczema over face, head and body. He was a fearful sight and all attempts at cure were fruitless. Vastly improved in a week by use of Cuticura Remedies and soon skin was clear and healthy.

G. J. Dance, 27, New Road, Brentford, England: Tortured for five years with bad skin disease. Attended hospital five months without success. Covered with eruption. No sleep nor rest. Felt like tearing himself to pieces with terrible itching. With first application of Cuticura Ointment was relieved and got good night's sleep. In a fortnight Cuticura Ointment cured him as if by magic.

Cuticura Soap, Cuticura Ointment, Cuticura Resolvent and Cuticura Pills are sold by druggists everywhere. Send to Potter Drug & Chem. Corp., Boston, Mass., for free 32-page Cuticura Book on skin diseases

HOW TO OBTAIN A GOOD COLOR

A Treatment to Restore The Blood Supply That Has Been Most Successful.

There is only this to tell people who are pale, weak and bloodless. You are pale and weak because you haven't enough blood and you won't be better until your blood supply is increased. You should not lose any time in increasing your blood supply, for people who neglect anaemia, often slip into a deadly decline. When you have increased your blood supply you can reasonably expect to have a good color, to have lost that tired, breathless feeling, to have a good appetite and get good nourishment from your food. Now the only quick and always effective way to get a supply of new, rich, red blood is to take Dr. Williams' Pink Pills. Every dose helps to make new blood, and this new blood coursing through the veins, brings health and strength to every organ and every part of the body, making weak, ailing people, bright, active and strong. This has been proved in thousands of cases of which the case of Mrs. George Clark, Abbottsford, B.C., is a fair sample. Mrs. Clark says: "After spending two years and six months in a hospital training for a nurse, I began to fail in health, was very pale and the least exertion would leave me out of breath. After graduating I came to British Columbia to take up my profession as a private nurse. The first case I took I found I was not able to go on with my work. Doctors' tonics failed me and acting on my own judgment I purchased a supply of Dr. Williams' Pink Pills. Before I had finished them I was really surprised at the result. The color came back to my face. I gained in strength and by the time I had used nine boxes I was back at my work as a nurse. I have since married, but still have my friendly feeling for Dr. Williams' Pink Pills."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Special to The Guardian.

OTTAWA, July 20—When asked as to the prospect that he would retire from the Government and accept a place on the Supreme Court Bench, Hon Mr Brodeur stated that he would not retire from the representation of the County of Rouville without first consulting his electors.

When asked if the meeting which he will hold in Marieville on Sunday next might be regarded as such consultation, he said it might.

AFTER 7 YEARS SUFFERING

I Was Cured by Lydia E. Pinkham's Vegetable Compound

Waurika, Okla.—"I had female troubles for seven years, was all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and wrote to Mrs. Pinkham for advice. In a short time I had gained my average weight and am now strong and well." —Mrs. SALLIE STEVENS, R. F. D. No. 3, Box 31, Waurika, Okla.

Another Grateful Woman

London, Ont.—I feel as if I could not tell others enough about the good Lydia E. Pinkham's Vegetable Compound has done for me. I was so weak and tired that I could not rest nights. A friend recommended your Compound and I soon gained health and strength and could not wish to sleep better. I know other women who have taken it for the same purpose and they join me in praising it.—MRS. WM. A. BUFFY, 905 Dame St., London, Ont.

Lydia E. Pinkham's Vegetable Compound has surely cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, and nervous prostration.

The death occurred at Lot 48 yesterday of Daniel Kennedy aged 84. Besides his sons Alexander Kennedy with whom he lived he leaves to cherish his memory other sons and daughters as follows: Fred in Klondyke, Wilson, in Boston, Solomon in California, Mrs George Worth in Colorado and Miss Margaret Kennedy of this city.

—St. Mary's Church, Indian River, was the scene of a pretty event on Tuesday, July 11th, when one of New Annan's most popular young ladies, Miss Mary Elizabeth McMillan, was united in the holy bonds of matrimony to John W. Chisholm. Rev. M. G. R. Gillis was the officiating clergyman. The bride was attended by her cousin Miss Mary Condon while Peter McMillan, brother of the bride attended the groom. Congratulations go out from hosts of friends to the happy couple.—S.

The body of the late William J. McLean who lost his life in the Porcupine fire arrived here last night. It was accompanied by C. P. and Mrs. Hill and D. Jerrold McLean, Montreal. T. A. McLean and D. McLachlan also arrived last evening from Marble Mountain. The funeral will take place from the residence of Mrs Alex McKinnon, Euston St, today at 3 p. m. Interment will be in Sherwood Cemetery and Rev T. F. Fullerton will officiate. The pallbearers will be James McMillan, G. E. Ritchie, J. Lewis, Parker Hooper, Gordon Hughes and Parker Moore.

The grim reaper Death visited Hampton on the 4th inst. and called to her eternal rest Margaret, relict of the late John Wilson, in the 79th year of her age. The late Mrs. Wilson was the daughter of the late Stephen Halliday of Augustine Cove and was born in that place in September, 1832. Mrs. Wilson was a woman of excellent qualities, kindly and hospitable, and as a result was much esteemed by all who knew her. Her husband predeceased her by forty years and left her with a family of small children to bring up and of her it can be truly said that "Her children rise up to call her blessed." Six daughters and one son survive her, namely: Mrs. Newton Howatt, Tryon; Mrs. Albert Sherren, Augustine Cove; Mrs. Hector Kier, Granville; Mrs. Joseph Ferguson, Hampton, and Fannie, Ella and Robert at home. These, with a large number of relatives and friends, are left to mourn. The funeral services were conducted by her pastor, Rev. Wm. Thompson, and the large number of carriages which followed the remains to their last resting place in Crapaud Cemetery testified to the respect in which she was held in the community. "There remaineth, therefore, a rest for the people of God."

WINNIPEG, July 19—The crop prospects in western Canada today could hardly be more favourable.

Some apprehension was felt on account of frost in certain localities and 1,000 correspondents in the three prairie Provinces were wired to, asking if the cool wave was having detrimental effect on the crops.

The replies are of the most reassuring character, showing that while light frosts have been experienced in a few localities, they have not affected the crop in the slightest degree.

GEORGETOWN, July 20.— The Supreme Court at Georgetown was occupied all day with the case of the King vs Molyneaux.

In the morning the testimony of Catherine Kemp was taken as to circumstances surrounding the preparation of the body of the deceased for burial.

Dr. Barnes, Sheriff McDonald, and the clerk of the Crown were called to identify the roller of the towel rack which was produced.

Mr. Johnston asked for permission to have certain marks on the roller examined by a medical man. Mr. Mathieson argued contrary, contending that anything at present disclosed on the surface of the roller could not be called conclusive as to its condition when it left the rack.

The request was refused by the court.

Dr. Barnes was on the stand in direct and cross examination all the afternoon. Court adjourned at 6.15 until 10 a. m. tomorrow.

CARDIFF, July 19—The striking seamen and dockers got a dampening yesterday when the fire brigade turned streams of water on the strikers.

The water only aroused them more.

The strikers stoned the firemen and police and there ensued a desperate struggle.

The strikers were driven off, but returned to the docks and stoned the steamship's crew.

Later there was a fight with the police in which clubs were used freely and a dozen were seriously injured.

ANTWERP, July 19—Serious disturbances occurred last night when the strikers attacked men loading a Red Star steamer and when the police intervened the crowds took their stands with the strikers.

The police were assailed on all sides, stones, crockery and other household utensils being showered on their heads from the windows and on the houses!

They were finally forced to use revolvers.

Special by Telephone

GEORGETOWN, July 19.—At the Supreme Court here this morning the case of the King vs Wm. W. Molyneaux, Milltown Cross, against whom a true bill had been found by the Grand Jury on an indictment for murder, was commenced.

The case for the Crown is being conducted by J. J. Johnston, K.C., and G. S. Inman while the prisoner is being defended by John A. Mathieson, K. C., and James D. Stewart.

Court met at eleven o'clock when the jury was empannelled.

The following are the jurors: Angus McLellan, St George's, (foreman), John P. Bears, Montague; John Fitzpatrick, Wood Islands; Thomas Cameron, New Perth; James Quinn, Cardigan; Thomas Dunn, Summerville; Angus Sutherland, Cardross; James Kickham, Souris West; Patrick Campbell, Baldwin's Road; Lemuel B. Hughes, Peake's Station; Hugh Collings, Whim Road; Norman J. McPherson, Brooklyn.

In the selection of a jury the prisoner challenged ten, seven were stood aside by the Crown, who afterwards challenged three.

Mr. Inman opened the case on behalf of the Crown outlining the circumstances of the case and stating briefly the facts proposed to be proved by the Crown.

The only witness examined in the forenoon was Thomas May, who produced plans and measurements of the Molyneaux house and property and adjacent premises.

Henry Campbell was examined in the afternoon, his testimony taking three hours to submit. Finlay McBeath was on the stand when the court adjourned at six o'clock. These last two witnesses gave evidence practically the same as at the preliminary hearing.

Court meets tomorrow morning at 10 o'clock.

MONTRE&L, July 17—That William J. McLean of Charlotteton, who perished in the fire which swept over the West Dome mine, died heroically in trying to save the lives of others, is now apparent from telegraphic despatches received by members of his family iliving in Montreal. The report that Mr. McLean had sought refuge down the shaft of the mine, has been disproved of by Mr. Mecklenburg, who himself escaped only by plunging into the lake; and who afterwards saw the body of Mr. McLean lying near the water tank a short distance from the mouth of the shaft, and still clinging, even in death, to the hose, which, as master mechanic of the mine, it was his duty to ply. The body was not disfigured, said Mr. Mecklenburg, only the face was a trifle swollen and easily recognizable.

Enquiries have revealed the fact that under the circumstances, Mr. McLean would be working the pump, as a stream could not be thrown if the water were not hot; and it is evident that in thus discharging his duty and in straining every nerve to save the lives of those who were struggling against death in the shaft, he himself met death unflinchingly.

The deceased was thirty years of age and unmarried. Born in Charlottetown, P. E. I., the son of the late Mr and Mrs T. A. McLean, he was deservedly one of the most popular and esteemed young men in the gold country, and news of his death will come as a fearful shock to innumerable friends wherever he had lived. His brother, D. G. McLean, is chief engineer of the Jones Underfeed Stoker Company, Coristine Building; and his brother-in-law, C. P. Hill, who lives at '1 Rea Minc. Members of the family have expressed their appreciation of the kindness of C. A. Hancock, Ernest Williams and W. G Cooper, the two latter of the Dewick Moreing Company, who have been instrumental in establishing the late Mr. McLean's identity and who have supplied information of the tragedy. The body will arrive in Montreal tomorrow morning, and will in the evening be taken on to Charlottetown for burial.

BOSTON, July 17—The Plant line steamship Halifax, which grounded on George's Island this morning, while making her way up the harbor thru a heavy fog, was floated on this afternoon's flood tide, and fulfilling the old adage about misfortunes never coming singly, had proceeded but a short distance before she was in collision with Dominion Atlantic steamship Prince Arthur.

When the Prince Arthur, Captain Kenny commanding, left her pier, the thick fog of the morning still hung over the harbor, and the steamer proceeded slowly from her pier, also keeping her whistles busy. Just off Castle Island the government revenue cutter Winnissimmett approached the Halifax and Captain George Barrett was about to board the Plant liner when there loomed up through the fog the lowering form of the Prince Arthur.

Pilot Thatcher, of the Winnissimmett, saved his craft by quick action in signalling for full steam ahead. His boat shot forward and the big Prince Arthur surged between her and the Halifax, striking the Halifax a glancing blow on the starboard bow.

On board the Prince Arthur were some two hundred passengers, most of whom were on the deck when the crash came.

There was considerable excitement on the Prince Arthur when the ships ground together, but nothing in the shape of a panic.

BOSTON, July 17—While feeling her way through a dense fog up Boston harbor late to-day, after having been aground on George's Island for several hours, the steamer Halifax, inward bound from the provinces, collided with the Dominion Atlantic liner Prince Arthur, outward bound. As the vessels were proceeding catiously, neither sustained very serious damage. They struck nearly bow on, the Halifax having some of her plates indented and a small piece piece of the deck rail broken. There was considerable excitement for a few minutes on board both vessels.

After a superficial examination both steamers proceeded. The Halifax reached her dock without further mishap.

The Halfax, which grounded while treading the narrows early today during the thick weather, was floated at high tide this afternoon. The passengers earlier in the day were removed by tugs and brought up to the city. Shipping in general was tied up by the fog, several coastwise steamers being anchored below Boston light throughout the day, including the City of Macon, from Savannah, and the Bunker Hill, from New York, Two fishing vessels went aground in the harbor but were later floated.

LONDON, July 17—Father Bernard Vaughan, the noted Jesuit, is completing arrangements for a tour of the United States.

He will sail at the end of September and will remain until after Lent.

He will probably begin speaking in San Francisco and work east.

Special to The Guardian.

BRIDGEPORT, July 18—The 50 foot power boat Romania which is to cross the Atlantic under command of Capt. John Wells, has arrived here from New York and will remain until Wednesday.

On leaving here the first stop will be in Halifax and the second at Queenstown.

DUMOIS, July 17—Twenty-one miners were killed in an explosion in a shaft of the Cascade Coal and Coke Company's mine at Sykesville yesterday.

All of the dead but three were foreigners. The explosion was slight, as was evidenced by the small damage done in the mine but the deadly after damp is responsible for most of the deaths.

Special to The Guardian.

MONTREAL, July 17—William J. McLean of Montreal, a native of Charlottetown, met a hero's death in the fire at Porcupine.

His body was found lying by a length of charred hose to which, as master mechanic of one of the Heinze Mines it was his duty to attend.

He was 30 years of age, born in Charlottetown, son of late T. A. McLean.

Always the cookbook says: "*Sift Your Flour.*"
No lumps, you see. *Aerates* the flour, making it lighter.
Put FIVE ROSES in *your* sifter.
Never soft and sticky — never lumpy, musty, woolly.
Never *coarse.*
Milled superfine from *Manitoba's* grandest wheat.
Fine, *granular,* very dry.
Nothing remains in the sifter—FIVE ROSES is *free,* heavy.
And your bread is more *porous,* more yielding, more appetizing.
And more *Digestible.*
Because the particles are finer, *easier* to get at by the stomach juices.
Use this very fine flour—*superfine.*

RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage a Simple Remedy for Dandruf, Falling, Faded, Gray Hair.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to the hair. The tea made their hair soft and glossy, and gradually restored the natural color.

One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days, on account of souring quickly. This objection has been overcome, and by asking almost any first-class druggist for Wyeth's Sage and Sulphur Hair Remedy the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair, but will also stop the hair from falling out and make it grow.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

E. A. Foster, The MacKinnon Drug Co.
