parts of the empire and asked for a decision. I consider that he has taken a frank way of placing his cards on the table and getting down to business. The conference is fairly asked, whether it will accept Mr. Bennett's proposal. If it will, the Canadian Premier points out, that the way is clear for getting down to discussion on the details. If it will not, I interpret Mr. Bennett's attitude as being opposed to a continuance for the mere purpose of passing pious resolutions."

Girl Is Found Not Guilty Of Brutal Murder

FREDERICTON, Oct. 11.—After deliberation by the petit jury for three hours and a half, on the twelfth day of the trial, Isabel Carr, housemaid, was tonight found not guilty by the petit jury of murdering her aged mistress, Mrs. Mary E. Clark, at her home in this city on August 7, last.

With the discharge of the prisoner by Mr. Justice Crockett, the Crown failed to solve the crime which shocked New Brunswick by its brutality.

Fatal Results At Convention

BOSTON, Mass. Oct. 11.—Orders were today to "dry up" Boston as "wets" and "drys" engaged in bitter debate to fix the responsibility for liquor conditions during the American Legion convention which resulted, a check-up revealed, in the deaths of four and necessitated the treatment of 358 persons in Boston hospitals.

Double Tragedy In Philadelphia Brokerage Office

PHILADELPHIA, Pa., Oct. 11.—Edwin W. Sprankle, member of a socially prominent suburban family and a confidential clerk of Carstairs and Company, stock brokers, was shot to death today at the company's offices by a former customer who then shot himself and died a short time later in a hospital.

Sprankle, who was 32, was shot three times while he talked with the former customer, Adam Jakus, a barber of Oakview, a suburb, as they stood inside the Walnut Street entrance to the broker's offices on the ground floor of the stock exchange building. Nearly a hundred persons in the board room of the broker's office were within a short distance of the men and general confusion and alarm followed the shooting.

Police said Jakus had recently taken a friend to the company's office and that the friend had slumped heavily in the stock market slump. They indicated the shooting might have resulted from an argument over the friend's account.

TRUCK CATCHES—Last evening a delivery truck caught fire on Queen Street. A hand extinguisher was used to put out the blaze, which was caused by defective wiring.

SEVENTY-EIGHT IN OCTOBER—Reaching the mid-summer heat of seventy-eight degrees yesterday, the temperature attained a level for the month of October above that in the memory of most people of today. Fall coats were discarded over the weekend, and the streets were crowded with pedestrians in summer garb, enjoying the return of the season just past. A warm southerly wind permitted of little variation in temperature. Beginning early in June with the heat often approaching ninety degrees, it seems as if the 1930 summer season will increase its almost unprecedented length by disregarding the time limit for its usual termination.

GRAHAM—At Cavendish, Oct. 11, Mrs. Wm. E. Graham, age 68 years, funeral today at 2 p. m. from her late residence, interment at St. Thomas Cemetery, French River.

FITZGERALD—In this city, October 12th, Henry Fitzgerald, aged 78 years, funeral from the residence of his son, 42 Water Street, Tuesday morning at 9 o'clock to St. Dunstan's Basilica, thence to Cemetery.

Voice Of Bennett Will Be Broadcast

(Special to the Guardian)

TORONTO, Ont., Oct. 11.—The voice of Premier Bennett will be transmitted across the Atlantic and relayed to Canadian radio listeners on Wednesday from 5.05 to 5.20 p. m. by the trans Canada broadcasting system, says R. W. Ashcroft, General Manager of CKGW, today.

Mr. Bennett will speak, especially to Canadians, from London, Eng., where he is attending the Imperial Conference. The address will be transmitted by Marconi beam across the ocean and will be picked up on the Quebec coast and rebroadcast to CKGW by land wire. It will then go out over the Canadian network.

Federal Govt. To Pay 50 P. C. Cost of N.B. Work

SAINT JOHN, N. B., Oct. 11.—New Brunswick will receive the sum of \$500,000, its portion of the \$2,000,000, passed by special session of the Federal Government for unemployment relief, through the Federal Government bearing 50 percent, of all other road work done up to July next; 50 percent, of the loss of revenue caused by the recent reduction in stumpage rates, and a portion of the cost of the construction of the provincial museum.

Announcement to this effect was given out here last evening by Premier J. B. M. Baxter, following a special meeting of the Provincial Government to hear the report of Hon. D. A. Stewart, Minister of Public Works and Hon. C. D. Richards, Minister of Lands and Mines, who represented New Brunswick at the conference of unemployment relief held at Ottawa.

Premier Baxter said that Hon. Mr. Richards and Hon. Mr. Stewart reported that they were told that the Canadian National Railways in addition to building a new station at Saint John would do extensive graveling on its road in the province and the railway concerned 30 percent, while the province will bear 30 percent, of which one half may be taken out of the \$500,000 allotment to this province.

Jonathan Lewis, Federal Prohibition Administrator for New England, issued orders for a clean-up by his agents almost immediately after Paul E. Leary, Little Falls, N. Y., Legationnaire, had been fined \$250 in Federal Court on bootlegging charges. Leary, agent said, had in his possession when arrested ten quarts of liquor, and a search of his hotel room had revealed liquor price lists and letters and telegrams concerning the delivery of liquor from Miami, Fla.

Scores of cases of temporary blindness and paralysis were reported at the City Hospital, the Legion Hospital in the Cadet Armory, and the Haymarket Relief Station. Hundreds of cases, hospital officials said, had been treated in their outpatient departments. It was believed that the total treated since last Saturday night would run close to 600 persons.

Boyd Reaches Croydon Field

departure, Harbor Grace, Nfld., is my birthplace. I sincerely trust you are feeling fit after such a heroic and trying experience."

The following cable has been received from the flyers by Lieut. Gov. Heartz:

LONDON, Oct. 11.
Lieutenant-Governor Heartz, Charlottetown.

Allow us to thank you for your cable of congratulations. We miss the hospitality of you and our friends in Charlottetown and trust that the time may be short before seeing you again.

Capt. J. Erroll Boyd,
Lieut. Harry P. Connor.

MAY TAKE-OFF FOR AUSTRALIA

LONDON, Oct. 12.—Capt. Erroll Boyd last night said he and Lieut. Harry P. Connor, having completed their trans-Atlantic flight, were considering prolongation of it to Australia. They will decide upon it within the next few days.

CROYDON, Eng., Oct. 12.—A round grinning Canadian and a sober faced lean Yankee set the trans-Atlantic monoplane Columbia down on Croydon field at 3.55 o'clock yesterday afternoon (10.55 a. m. E. S. T.), completing a voyage from Harbor Grace, Nfld., to London via the Scilly Isles in 27 hours and 3 minutes flying time.

Captain J. Erroll Boyd, formerly of the Royal Air Force, and Lieut. Harry P. Connor of the United States Naval Reserve, flew their ship swiftly from Tresco, Scilly Isle, where they spent Friday night after a gasoline line clogged and forced them to land. The misfortune prevented them from drawing on a reserve 100 gallon tank in the fuselage. When they finally spotted a landing place on the tiny island off the southwest tip of England, they dumped this tank as a precaution against explosion in setting down.

Ducked The Clouds

Returning to his recital, the Canadian flyer said that the Columbia ducked clouds virtually all the way over, flying near the water at times and at others going as high as 12,000 feet to escape fog and rain. At the same time the higher altitudes permitted Connor to reckon their position.

Blown South Of Course

Because of terrific cross winds, which Boyd said reached 60 miles an hour, the plane was blown south of its chartered course. Both flyers were lavish in praise of each other and "the old boat," referring to the Columbia, which crossed the Atlantic on before, with Clarence Chamberlin and Charles Levine, and even took Roger O. Williams and Connor on a round-trip to Bermuda this summer.

Talked With His Family

After seeing the plane stowed away, they went to a hotel with Levine, who lent them the Columbia. One of Boyd's first acts was to call his home in Montreal for a talk with his mother, wife, and four daughters. "Sweetest kids in the world," he commented.

Race With Death

Capt. Boyd said that all went well with the Columbia after its takeoff from Harbor Grace until about noon Friday, when the flyers found that

and finally, to quote those who attempted to free them, "clumsily and brutally beheaded."

Before being thus put to death, however, the women were treated with the utmost disrespect, neglect and cruelty, Miss Harrison being forced some days before her own execution to witness the end of four captives of the Chinese bandits, one of them shot and the other three beheaded.

The sufferings of the women were related by A. J. Martin, British Consul at Kienning, and the Rev. Dr. Alfred Sille, of the Church Missionary Society, who returned from Kienning after several weeks of strenuous but unavailing attempts to save the captives.

Both emissaries said that for three months of captivity in a communist lair in the mountains of North Fukien, the two missionaries were subjected to the most brutal physical

and mental treatment. They were allowed neither exercise nor privacy, the narrators said, and were guarded night and day by four bandits who repeatedly told them a horrible loom was hanging over their heads.

Finally, after an attack by a rival band upon the communist headquarters ten miles from the scene of their hiding place, the two women were taken to a lonely place on a hillside and slain.

The two missionaries left Chungking in North Fukien, on June 28, their destination being Foochow. They travelled by boat down the Miniklan River only fifteen miles when they were captured by the communists and carried off to the mountains.

Chinese officials at Kien Yang-Hsien were informed of the abduction and at first displayed indifference, the British investigators said, but afterwards sent troops to the area. No strenuous efforts were made, however, to release the missionaries.

MISSING SALESMAN ON ISLAND

for points in the Province and Prince Edward Island. It is feared that he might have been held up by some one who knew he had the money.

No report of him having been received by his company up to yesterday the matter was turned over to the Nova Scotia Police who immediately took up an investigation and late last night were endeavoring to verify a rumor to the effect that the missing man had arrived at his destination although up to a late hour no confirmation of the report had been received.

The truck is a new model Road 1-3 ton bearing the license D-61 B. (The Provincial Police have received a wire from the motor company. Burroughs is reported to have been seen in the western section of the island.)

British Cruisers Ordered To Brazil

(Special to the Guardian)

LONDON, Oct. 11.—Two British cruisers in the West Indies have been ordered to stand by in readiness to sail for Brazil and protect British interests during the civil war there, if necessary. The Admiralty stated that the cruiser Delhi, now coaling in Trinidad and the cruiser Dauntless, at Kingston, Jamaica, were being held ready for emergency. Each is of 4,800 tons, carrying six inch guns.

Tale Of Cruelty To Murdered Missionaries Comes Out Of China

(Continued from Page 1)

Three extremely enthusiastic meetings in the Prince Edward Island Hospital campaign were held Friday evening in Cardigan, Fortune Bridge and Vernon Bridge. Representative audiences greeted the speaker and entertainers from Charlottetown. Leading local men in each place expressed the conviction that the counts outside of Charlottetown, should do their full share towards raising the \$250,000 with which to build the construction and equipment fund for the new Hospital. It is believed the entire countryside will co-operate generously and that large contributions will be the rule rather than the exception.

At Cardigan Dr. Ira J. Yeo was the speaker of the evening. John Mustard, District Chairman, presided and made a "peppy" address. The entertainers were Mrs. Willard Spencer, solo, Mr. Lloyd Ward, trumpet, and Miss Thelma Burns, piano.

At Fortune Bridge, Dr. J. C. Houston and the Rev. Dr. Ramsay were the speakers. District Chairman Harry Francis presided at the meeting. The entertainers were from Seaside and included the Rev. Mr. McDonald, solo, and Mrs. McDonald, piano and Mrs. Percy Barlow, reading.

At Vernon Bridge, Executive Chairman W. F. Tidmarsh and Dr. C. C. Archibald were the speakers, setting forth the Hospital's appeal. The entertainment was provided by local artists, including Mrs. Mutch, solo, Mr. Richards, solo, Mrs. Frances Wood, piano, and Miss McEachern, reading.

Announcements of further meetings in the campaign will be found in the local columns of this newspaper.

HOUSE BURNED AT ROSENEATH—A house at Roseneath formerly owned by Mr. John A. Stewart, and at present the residence of Mrs. McSwain, was burned to the ground yesterday afternoon. It is thought that the fire originated in a defective flue.
