MAN DANGEROUSLY INJURED BY HIT AND RUN MOTORIST

Mr. George L. Simmons While Walking On The Sidewalk At Corner Of Peake And Euston Streets, Struck By Motor Car. -- Driver Does Not Stop To Aid Injured Man.-- Mr. Simmons' Condition Pro- nounced Extremely Grave.

At 12:45 p. m. yesterday a serious and possibly fatal accident occurred at the corner of Peake Street and Euston Street.

A car, described by eyewitnesses as a Ford Tudor Sedan, bearing foreign license markers, came up Pownall street, travelling, it is alleged, at very high speed. It did not turn sufficiently to the right to keep to the road-way of Peake street, but mounted over the curb, and so onto the sidewalk on the left of the street striking a pedestrian, Mr. George L. Simmons, of Spring Park Road, and knocking him down.

The driver did not stop to aid the injured man, but kept on going North on Peake street, zig-zagging, mounting the right walk, and narrowly missing a board fence. The marks of the tires could be distinctly seen, both before and after the man was struck, but especially so on Pownall street, which is paved.

The left front tire and the right rear tire blew out from the force of the impact with the curb, and it was not long before two physicians, of whom one lived nearby, and the other chanced to pass in his car just after, rendered first aid to Mr. Simmons, who was unconscious, and bleeding freely about the head. It was found that he was suffering from a broken leg, a fractured skull and severe cuts and bruises. He was rushed in an ambulance to the Prince Edward Island hospital where at 1 o'clock this morning he was still unconscious, and his condition is pronounced extremely grave.

The pursuit of the fleeing car was at once taken up by Chief of Police Birtwhistle, who was on the scene almost immediately after the occurrence. Acting on information received he proceeded to the C. A. A. Grounds, where it was said, the driver had stripped his car, and attempted to change one of his damaged tires. Falling in this, he evi-

dently proceeded on his rim, the right rear tire being removed, for the marks made by the rim could be plainly seen on the road. In any case, he had left before his pursuers arrived. The trail was later lost.

At 1:30 p. m. a Ford Tudor Sedan with the left front tire blown out, the right rear tire missing, and bearing last year's Michigan license markers drove into Jenkins' service station on Great George Street. It was driven by Archibald MacKinnon, Jr. The back seat was occupied by Lawrence Clinton, who it is stated, was asleep. MacKinnon got out of the car, and negotiated with the attendant, for the repair of one of the tires and the purchase of a new one. Having left his order, he went to the Green Lantern Cafe.

Acting on certain clues, Constable Biggar arrived at the Service Station. He put Clinton under arrest on suspicion, and had the car removed to the Charlottetown Garage at which place, it is stated, the men had stopped to enquire about repairs before going to Jenkins' Service Station. He then went to the Green Lantern Cafe and placed MacKinnon under arrest. The police say that both men were intoxicated when taken into custody. They will appear before the Magistrate this morning.

The car was later examined by Constable Higgins. A cross brace for the front fenders which had been picked up at the site of the accident, evidently belonged to the machine. The left rear wheel had several of its spokes cracked close in towards the hub. The breaks appeared to be quite new. On the front axle, a small stain was discovered and a few hairs were found adhering to it.

A physician removed some of the material and examined it. The hairs were human hairs, and the stain was made by human blood.

DALHOUSIE GRADUATES NUMBER 140

Degrees Will be Conferred at Convocation on Tuesday Next.

HALIFAX, May 12. — Dalhousie pass lists were made public yesterday, revealing the fact that approximately one hundred and forty students, many coming from places scattered throughout Canada and the United States, will receive degrees from the various faculties at the annual convocation day exercises in the Studley gymnasium next Tuesday afternoon at three o'clock.

Dalhousians were on the qui vive last night searching for the result of their year's endeavors at study, and newspaper offices were filled with students anxious to find out how they fared in their recent examinations. There were more students interested in the outcome of last year's work than ever before in the history of the college, over 800 having written the examinations.

While the list of graduates this year is exceedingly large, it falls far short of last year's mark when a new record was established. Last year there were over one hundred degrees awarded in the Faculty of Arts and Science, while this year there were slightly over sixty.

WILL RECEIVE DEGREES

Degrees are to be conferred in the Faculty of Arts and Science on the following Island students:

- Bachelor of Arts**
- Helen T. Begg, Summerside, P. E. I., H. E. Foster, Charlottetown, Kittle E. Holman, Summerside, Adelaide Humphrey, Kensington, J. W. McNaught, Coleman, C. A. Yeo, Northam, F. R. Woodside, Darnley.
- Honors and Distinctions**
- High Honor in Classics**—H. E. Foster, C. A. Yeo.
- L. B. (Faculty of Law)**
- Michael A. Farmer, Kinkora, David L. Mathieson, Charlottetown.
- Faculty of Medicine**
- At a meeting of the Faculty of Medicine, held yesterday, it was decided to recommend the following to the Senate of the University for the degree of M. D., C. M.:
- W. M. McPhee, Commercial Cross, P. E. I., Charlotte Munn, Marshfield, A. J. Murchison, Clyde River, J. G. Toombs, Mt. Stewart.

Two Pilots Killed

(Canadian Press)
DETROIT, Mich., May 12. — Two pilots of the Ford Motor Company were killed today when a tri-motor transport plane crashed and caught fire soon after taking off from the airport.

'ONE WAY MINDS' ARE 100 OFTEN CLOSED FOR REPAIRS

This new machine is being sold throughout the Island by the Hardie Manufacturing Company, who have recently established a branch at Summerside and one at Charlottetown, by taking over the L. A. Hazard property on Grafton Street.

Internationally famous for the fine spraying equipment service they render to the crop growers throughout the continent, and numbering among their patrons, nearly every Experimental Station and Agricultural College in the Dominion, The Hardie Manufacturing Company needs no introduction to the growers here.

It is worthy of note that the Dominion Experimental Farm at Charlottetown is adding over one thousand dollars worth of this company's machinery to their equipment this year.

To Appear Before Ottawa Committee

(Special to The Guardian)
REGINA, May 12.—M. J. Caldwell, Regina, Alderman who is alleged to have made charges that members of parliament were trafficking in special immigration permits has received official summons to appear before the parliamentary immigration committee at Ottawa and will leave today for the east. He will appear before the committee on Tuesday.

Prize Picture Puzzle

First Prize \$25.00 **Second Prize \$10.00**

10 PRIZES OF \$1.00 EACH

SECOND WEEK—BUT YOU CAN START NOW

The Competition is an easy one placed within everybody's reach by the publication in last week's Charlottetown Guardian of the list of towns and villages, in which all the solutions are to be found.

Each picture represents the name of a town or village. Try your hand at solving them. You can check yourself by referring to the list of names.

As you solve each picture in this Second Set write your answer in ink in the space underneath. Keep your sets until next week, when we will give you the third set to solve, and so on for eight weeks in all. With the final set we will give full instructions for the sending in of entries.

THERE IS NO ENTRANCE FEE

RULES WHICH MUST BE STRICTLY ADHERED TO

All solutions must be written in ink. Competitors may submit any number of attempts provided that each answer is written upon a separate coupon.

Only complete series of pictures—i. e., Sets Nos. 1-8 inclusive—for each attempt will be accepted. Incomplete sets will be disqualified.

Mutilated, altered or alternative solutions will be disqualified. No responsibility can be taken for delay or loss in the post or otherwise. Proof of posting cannot be accepted as proof of delivery.

No correspondence can be allowed.

Entries can only be accepted on condition that the Editor's decision is final and legally binding.

In the case of a tie the Editor reserves the right to divide the prizes as he thinks fit

NEW READERS

By ordering last week's Charlottetown Guardian which contains the first set and the list of Towns you can start now.

EXPERIMENT AND COMPROMISE FOLLOWED BY THE LIBERALS AT OTTAWA TO KEEP IN POWER

Hon. R. B. Bennett Gives Inspiring Message To Conservative Forces At Annual Meeting In London, Ontario.

LONDON, Ont., May 12. — The our day and generation. Whether Ontario, assembled here in annual meeting yesterday, received a message from the new leader of the party, Hon. R. B. Bennett, to "organize, educate and agitate" and also heard Premier G. Howard Ferguson of Ontario, present his government's attitude toward the St. Lawrence development project and in opposition to the Federal Government's decision to discontinue Federal grants for technical education.

The first appearance of Hon. Mr. Bennett on a London platform since his selection for the Conservative Federal leadership aroused extra interest in the annual rally of the association.

"We do not seek power or power for selfish ends," he said, "but so that those who come after us may live better because we have served

Four Women Killed In Laundry Explosion

(Canadian Press)
KOKOMO, Ind., May 12. — Four women were killed, six persons were seriously injured and fifteen others were suffering from shock and bruises as a result of the explosion of a flat work steam mangle in the Fridlin laundry here this morning.

Marathon Swim Will Be Held In Toronto

(Canadian Press)
TORONTO, Ont., May 12. — The third Wrigley Marathon swim will be held in Toronto during the Canadian National Exhibition, it was announced by J. Allan Rose, representing William Wrigley, Jr., of Chicago, Ill., here today. The swim will be held in two parts, one for men and the other for women. The women's race, of ten miles, will be held on August 29, and the men's race of 15 miles on Sept. 5. The prize list will total \$50,000.

DEFEAT MOTION FOR 6 MONTHS HOIST FOR BILL

Vote in House on Power Company Bill is 58 to 52.

(Special to The Guardian)
OTTAWA, May 12. — Narrowly concurring in the view of Hon. Mr. Dunning that any person or corporation had the right to present its requests to parliament and have them fairly considered, the House of Commons voted by 58 to 52 this evening to send the bill of the Great Lakes and Atlantic Canal and Power Co. to the private bills committee, rather than throw it summarily out of the House as a measure threatening the prospects of St. Lawrence development.

The bill seeks the sanction of Parliament to the incorporation of a company which shall have the right to construct a canal from Cornwall to Montreal on the St. Lawrence, and to develop the power which will be created by such a project.

The Commons heralded it largely as a bill similar in character to the Georgian Bay Canal bill of last session and the debate over it was reminiscent of the battle which was waged over last year's measure.

The bill was finally advanced solely by virtue of the government's majority in the house which was barely sufficient to secure progress for it.

The Conservatives and Progressives voted solidly in favor of a six months hoist for it, and they had the support of A. W. Neill (Comox-Alberni) and Col. Malcolm Lang (Cobalt) who were bolters from the government ranks.

The controversy opened with Mr. Church's motion for a six months hoist on the grounds that the measure could not be properly considered until the Supreme Court had rendered its verdict upon the question of federal versus provincial jurisdiction over water power matters. Mr. Church also declared that the fate of the St. Lawrence development was bound up with the bill.

Toronto Distillers Making Settlement Of Tax Arrears

(Special to The Guardian)
OTTAWA, May 12.—Hon. William D. Euler, Minister of National Revenue, stated tonight that Goodenham and Worts, distillers, Toronto, are making settlement in full of the Department of National Revenue's claim for arrears of sales tax.

The amount involved is some \$675,000 and there will be no appeal from the judgement secured by the Department some weeks ago. Although they have lost the case the company have accepted the verdict in a fair and business-like way, Mr. Euler said.

A considerable number of the brewers have already made settlement and a number of others are pending. Total amount of the Department's claims against the brewers and distillers, for which writs have been issued is \$5,000,000. It is anticipated the greater portion of this amount will now be collected with resort to the law courts.

Italy Now One Party Constituency

(Canadian Press)
ROME, May 13.—The Senate, after a speech by Premier Mussolini yesterday, adopted the new electoral law, making Italy a one party constituency by a vote of 161 to 45. The chamber of deputies already has approved the measure.

"I heard the Minister of Finance himself admit in the House that one of his provisos would mean the destruction of a particular industry. The destruction of that industry was a matter of grave concern to the people of Canada. You cannot play with a free people all of the time. The day when this hypocrisy and compromising for power must end is close at hand.

"The reductions of taxation of which they boast simply means that they imposed fresh taxes upon you, then reduced them and asked you to reduce because they did it. I could not help but smile when Mr. Robb reduced the sales tax from four to three percent. They found it at three percent when they went into power, raised it to six, then found that would not do and cut it back to four and finally three again.

"The only reason they have been able to do this is that you have short memories. Education is needed. The people should know. Take the receipt tax. They put it on last elections, but he contended they are interested in the tax and tariff policies which the King Government has viewed merely as some thing to play with.

"There was none when they came into power and when they took it off they asked you to be pleased. Mr. Robb says "behold what I have done to the income tax." In the six

NATIONALIST FORCES MOVING TOWARD PEKING

Cavalry Forces of General Feng Yu Hsiang Continuing Drive—Leader Confident of Occupying Tientsin Soon.

TIENSIN, May 12. — Cavalry forces of General Feng Yu Hsiang, now allied with the Nationalists are now continuing the southern drive on Peking, occupying Tchow on the Shantung-Chili border last night.

Reports were received today that advance guards of the Southerners have reached Wu Kiao in the province of Chi itself and that the northern commander of the eastern district has begun a withdrawal to Machang, which is only 31 miles south of Tientsin.

It is stated that Feng Yu Hsiang, after the occupation of Tchow, appointed a committee of political affairs for the war zone of Tientsin in anticipation of occupying Tientsin itself shortly.

TSINAN CAPTURED BY JAPANESE FORCE

TOKYO, May 12.—Japanese military operations in the Tsinan China, area have been ordered ceased by the chief of staff of the Japanese army. The situation was believed to be satisfactory with the expeditionary force controlling the city, after many hours battle, and also having control of the Tsinan-Tsingtao railroad. This gives the Japanese forces a direct control against the southern nationalist army, it was believed.

Japanese losses from the recent intensive activity when the small expeditionary army battled its way to the walled city of Tsinan and routed the Chinese there were not believed large. One report here said nine men had been killed and 115 injured in one of the most bitter battles. The expeditionary forces cut a direct path towards Tsinan, according to military advice. They were stopped by various patrolling groups of the Chinese army but continued on their vigorous attack until they had managed to seize a part of the walled city.

Aeroplanes were sent overhead to advise the Chinese to surrender and a steady bombardment had been continued against the walled city. Finally the Chinese evacuated their last stronghold in the walled city—a section adjoining the main commercial area and the Japanese were in complete control. However, numerous minor engagements continued and sniping activities were frequent, reports said.

DANGER REMOVED

TOKYO, May 12. — Premier Tanaka believes that any immediate danger at Tsinan and the vicinity has been removed and he has instructed competent authorities to use diplomatic means to settle the Tsinan affair.

The Premier told newspapermen today that he believed the clash at Tsinan was instigated by communists in the nationalist army. He said that Japan had no intention of interfering with the military operations of the southeast coast but because of the possibility of the southern forces pressing on to Peking and Tientsin with fighting in that region, it is necessary for the powers to have full understanding regarding the protection of foreigners.

Of English invention is a walking stick with a red tail light for pedestrians using highways at night

Motorcycles specially designed for carrying machine guns are being tried out by the French army.
