

# Westclox

Call me early

EVERY morning in every home some one requires an early call. Let Westclox get this person up in time. Set it for the hour required. All through the night it will accurately clip off the minutes. At the proper time its insistent, cheerful ring will effectively rouse the soundest sleeper. Every Westclox is made to run on time, ring on time and stay on time. It can be relied upon to render accurate service. Look for the trade mark Westclox on the dial and six cornered orange bordered buff tag.

### Roosevelt's Home Will be Demolished

NEW YORK, April 8.—The Douglas mansion at 128 West Fourteenth Street, another famous landmark of old New York, will be torn down to make way for the new Salvation Army headquarters. The old brownstone structure served as the boyhood home of Theodore Roosevelt, the site of the Metropolitan Museum of Art, and a saloon and dance hall with a lurid police history. The venerable structure, overlooking a thoroughfare now wholly given over to business, is a reminder of days when the elite of Manhattan devoted afternoons and Saturdays to strolling leisurely through the spacious grounds with which the old house was surrounded. Since 1907, the structure has been controlled by the Salvation Army.

### Year of 13 Months of 28 Days Each New Calendar Plan

WOOSTER, O., April 8.—The world's calendar may be changed all around in 1928. The year then may consist of 13 months, each of 28 days, with an extra day in regular years and two extra days in leap years. Such is the objective of scientists, according to Dr. B. F. Yanney, professor of mathematics and astronomy at the College of Wooster, and the revision probably will be acted upon at a world congress of scientists likely to be held in Geneva, Switzerland, in October. A special committee, of which Prof. M. R. Cotsworth, Vancouver, B. C., director of the International Fixed Calendar League, is secondary, soon will set a definite date for the congress.

The committee was selected at the Cincinnati meeting of the American Association for Advancement of Science. International agitation to change the existing form of the calendar now has reached such a stage that organization to change to a simpler type is under way, Dr. Yanney said. He expressed himself as certain, if the proposed Scientists' Congress adopts the thirteen month style, that sentiment will be strong to bring about its adoption in 1928 by all countries.

There are many defects in the present calendar, Dr. Yanney asserted. It is of Roman origin with a number of changes by Augustus Caesar and Pope Gregory XIII. "There are 14 varieties of yearly calendar," Dr. Yanney continued. "They depend upon the kind of year common or leap, and on the day of the week that the year begins. In any century those 14 varieties occur in cycles of 28 years, but by reason of the fact that of centennial years only those divisible by 400 are leap years, it requires a complete period of 400 years for a complete cycle to occur. "Due to the number of days in the months, there are eleven varieties in a year. Apart from the year in which a monthly calendar may appear, there are altogether 28 varieties of monthly calendars. The shortest period of time in which these 28 varieties may occur is 24 years and one month, the latter being February if a leap year. In other ways the present calendar is inadequate to meet business and scientific demands."

Should the 13-month style of calendar be chosen, the congress would settle details and draft resolutions in legislative form for adoption by the governments. Such a calendar, Dr. Yanney declared, should be good for 3,000 years.

### IN MEMORIAM

**JOHN E. MCCARTHY**

A deep shadow was cast over the community of Brockton, Lot 4, and vicinity on Wednesday morning, April 2nd, when the angel of death hovered over that place and claimed for its own John E. McCarthy in the 53rd year of his age. Deceased had been in failing health for some time and death though expected, caused a great shock of sadness to his many friends. He was a man of Christian fortitude and resignation to the divine will of God. The late Mr. McCarthy was a man highly esteemed and respected by all with whom he came in contact. By his death the community loses one who was an energetic and faithful worker in things which served its best interest, the home loses a kind father and the church a faithful member. For many years he was Justice of the Peace which office he held until the time of his death. On his deathbed he was attended by his beloved pastor Rev. John A. MacDonald who administered unto him the last sad rites of the Holy Catholic Church. He leaves to mourn two sons: James, Boston, Mass; Eugene at home also two brothers and two sisters, Charles and Marjorie Campbellton, Lot 4, Margaret and Ellen, Boston. His funeral which was largely attended took place to St. Marks Church, Lot 7 on Friday morning, April 4th Requiem High Mass was celebrated by Rev. Fr. MacDonald after which the procession wended its way to the cemetery where the remains were tenderly laid to rest there to await a glorious resurrection. The pall bearers were: Dominic Quinn, Joseph O'Holloran, John O'Mara, Thomas Griffin, Frederic O'Holloran and Thomas McCarthy. May he rest in peace. (Summerside and Boston papers please copy.)

# GOLD MEDAL Phonographs

WE have just received a shipment of the most beautiful samples of these Phonographs we have yet seen. The cases are finished the same as the most expensive pianos, in satin or high polish to suit the customer.

**Tone Reproduction**  
We will leave this to your judgment. In our opinion it leaves nothing to be desired. Universal Tone Arm and Reproducer plays any make of record, either lateral or hill and dale.

**The Motor**  
The Motor is the highest grade and latest design. Has double spring, operating in lubricant, with silent bevel gear wind, plays three 12-inch or four 10-inch records with one winding.

**The Equipment**  
The equipment includes automatic stop, speed regulator, tone-control, nickel plated trimmings, etc.

**The Price**  
Not for the past ten years have we offered such a good quality instrument at such a low price, notwithstanding the cry of high freight rates, high taxes, high salaries and high prices.

**WE WISH YOU TO CALL**  
and see for yourself if the above is correct. It is not necessary for you to buy. Our clerks are here to show you the goods, and let you hear the favorite records on any of these machines. If you do not want one yourself tell your neighbor about them.
