NEWS OF HORSES MANY SOURCES

What Local Horseman Are Doing Some Good Horses Now In Province

In another column will be found eight entries for stake races No. 3 two years old trot and pace, to be held this autumn on the Charlottetown Driving Park. Out of the eight colts entered, six of them are by Commodore Ledyard—a very remarkable showing for one sire.

Henry F. Sanderson, North River, sold yesterday to Aubrey Mutch, Southport, a four year old, Knight of Argowan, for the sum of $170. Inside of the past eighteen months Mr. Sanderson has sold four horses that have realized the handsome sum of $682 all of which he raised himself. The horses brought as follows: One colt by Dunsmore Gay Lad, $200; one colt by Lord Abeerdeen $160; one filly by Admiral Dewey $151; one filly by Knight of Argowan, $171. Total $682. Mr. Sanderson is a believer in stock raising and his herds of cattle are among the best in this Province. He claims there is more money to be made from this branch of farming, than any other.

John Henderson's standard bred mare, Nordica, 2.16¼, recently dropped a colt by Commodore Ledyard. This colt is large and horsemen who have seen him say he is the best they have seen for some time. In breeding, this colt is hard to excel for he has twelve crosses to Hambletonian 10, the fountain head of all the trotting horses of America—eight crosses through his sire and four through his dam. Mr. Henderson is to be congratulated on being the owner of such a fine-bred animal and already has refused good prices for the youngster. Descendants of Bingen bring big prices. Dr. J. T. Jenkins, refused a tender of $225.00 for a two-year-old by Commodore Ledyard. Allan McPhee sold a weaning for $100.00 and William Miller sold a 1½ year-old for $125.00 and the present owner has refused over $200.00. Duncan Robertson, North River, has refused over $200.00 for his brown colt, by the same sire. Alfred Stewart Southport refused $140.00 for a yearling. Most all of the above colts show extreme speed and the oldest is only two years old.

REMEDY OF THE 200,000 CLUB

(Continued from page 1.)

already got, be it large or small. Instead of constant friction we must drop all personal considerations, as far as possible, and pull together in this movement. Let steady progress and improvement be the watchword for everyone. Improve your farms, your houses, your roads, your public works of all kinds, and in a very short time you will be amazed and pleased at the change. If your taxation has been increased a little, the people cannot complain; because they are taxed more lightly here than in any other place I know of.

But how can we persuade the present population to arouse themselves, to do all in their power to improve, beautify and add to the general prosperity of this Province?

Only one way, and that is by organizing. Nothing permanent can be accomplished without a complete system of organization. With this end in view the writer suggests the formation of a club called the 200,000 Club of Prince Edward Island. It will will be composed of members from all parts of the Province and will have its headquarters in Charlottetown. A branch club should be established in every town, village and settlement on the Island, and an Assistant Secretary for each branch will be appointed and paid a small salary by the head office in Charlottetown. All fees shall be payable at the headquarters and anyone refusing or persistingly neglecting to pay his fee will no longer be recognized as a member and will not be allowed to attend meetings. All suggestions and ideas should be promptly sent in to headquarters, and will be thankfully received from any source whether members or not. The duties of the assistant secretaries will be to call meetings at stated intervals, and to gather up all suggestions, ideas, complaints, statistics, etc., and forward same to headquarters. Of course letters to headquarters from individual members will always be especially welcome. The main club itself shall be controlled by a large executive committee and a Secretary-Treasurer, President and Vice-President. No cheques can be drawn by the Secretary-Treasurer without being signed by any two of the committee. The Secretary-Treasurer and Assistant Secretaries will be the only salaried officials, and the Secretary-Treasurer will be required to keep a stenographer and any other assistants necessary. The head office must be located on a prominent street and will also be used as a Bureau of Information, which will be especially useful to strangers. One or more of the executive committee of those living in Charlottetown, or of those who reside elsewhere but who happen to be in town at the time, will be expected to frequently drop into the office as occasion may require, either to entertain visitors or aid the Secretary-Treasurer with their advice. All these clubs must, of course, be strictly non-partisan, politically, and work for the common good of the people only. The branch offices will also be expected to look after the interests of their respective towns and villages, by discussing improvements and suggesting same to their municipal heads.

This organization is intended to keep in touch with, and to benefit every nook and corner in this Province and everything possible will be done to make it a perfect and complete success. In Vancouver, B. C., they have a Board of Trade, a 100,000 Club, an Information Bureau, and several other associations. In Calgary, Alberta, they have a Board of Trade, a 100,000 Club, an Information Bureau, an Immigration Association, and several other similar associations. All throdgh the United States it is the same. In fact, all over the North American Continent, with the exception of the Maritime Provinces, will be found these organizations, all advertising and bringing their countries to the notice of the whole world.

Are we going to sit still and watch all this immigration pass our doors? It remains for the people to say. The cost of maintenance and advertising expenses of these clubs is trifling, and can easily be covered with a small annual subscription. The 200,000 Club can easily be started with a few hundred names obtained from all over the Province at $2.00 per head annually. Of course, we expect eventually to have a very large membership. The expense, entailed by the branch clubs would largely be borne by the Head Office and would not be a serious obstacle.

To be Concluded.

A HARD CASE OVERCOME.

No longer necessary to suffer from muscular rheumatism. Every case can be cured. Ferrozone is, unfailing as proved by David Johnston of Ormond Ont. "My wife was a dreadful sufferer" he writes. "For two years she could scarcely do any work. Her knuckles and joints swelled, causing torture. To get up or down stairs was impossible. She took box after box of Ferrozone and rubbed the sore places with Nerviline. Improvement started and she mended fast. Today she is quite cured and we thank Ferrozone for her recovery." No remedy more popular with doctors than Ferrozone; it does cure, 50c. per box at all dealers.

NERVOUS?

Do You Brood? Have Morbid Fears? Toss In Your Sleep?

Your Physical Condition is Below Par and Must be Built up. Try Ferrozone.

All the vital activities of the body are quickened into new vigor by Ferrozone which contains all the constituents necessary to make nerve strength.

Its first action is upon digestion.

It stimulates the secretion of gastric juice, ensures perfect digestion and prepares the food so as to be easily assimulated.

Thus everything you eat is converted into nourishment that enriches the blood and lends new strength to the nerves.

By Ferrozone the mind is relieved of those brooding tendencies, of morbid unnatural fears, of unwillingness to concentrate attention on things that should be done.

Won't you try Ferrozone?

Won't you give it a chance to win you back to health; it will do it, just as it did for Mrs. Creighton Zinck of Palm St., Lunenburg, N.S., who says: "I want to give my experience with Ferrozone because I believe it will be of assistance to thousands of women who need it badly. I was very thin, run down in flesh and lacked color. My nerves were in a dreadful state. If anything fell I would jump and start. At night I would suddenly wake up, heart palpitating and all keyed up. Ferrozone went right to work. It restored my poise and balance, gave me self-control, cured my nervousness. Ferrozone increased my appetite and my weight came up so fast that I simply didn't need to use it any longer. Eight boxes cured me."

Why won't you use Ferrozone also, it certainly will do you good in many ways —sold by all druggists in 20c boxes.

CARTERS HASZARD'S IMPROVED Weight 25 lbs.

Turnips!

The accompanying illustration is a genuine photograph of a specimen of Carters' Hazzard's Improved Turnip grown from Seed purchased at our Seed Store by James Farquharson Esq., Southport, and grown in his field together with many other Turnips of nearly equally as large. Four other turnips weighed 92½ lbs. combined. We have no hesitation in saying that this Turnip weighing as it did 25 pounds is the heaviest Turnip of the Swede variety at least grown in the Maritime Provinces, [or perhaps in Canada.] Don't experiment with cheap so-called Haszard's Improved sold by foreign Seedsmen. They haven't got the genuine (they can't get it.) Our stock is grown annually for us from selected roots. We have sole control for the genuine Carters' Haszard's Improved Turnip Seed. Sold only in sealed packages. Price 30 cents per pound.
