QUEEN ELIZABETH CLOCK
LONDON, June 22.—(By The Canadian Press)—After keeping excellent time for over 300 years the Queen Elizabeth clock at Castle Rushen, Isle of Man, is being repaired. The clock has only one hand

and three wheels, and the bell which strikes the hours was presented by the Earl of Derby in 1729. It is probably one of the oldest clocks still going.

These performing troupes from New York, and four days horse racing. Write to your friends abroad and plan to entertain them that week. Send for prize list. J. W. Boulter, Secretary, Charlottetown, P. E. Island, dly-1f

CALLBECK-CUTCLIFFE.—A pretty wedding was solemnized at the home of Mr. and Mrs. Joseph Cutcliffe Cape Travers, on Wednesday, June 19th at one o'clock, when their daughter, Bertha Phoebe became the bride of J. Albert Callbeck of Tryon, son of Mr. and Mrs. Geo. Callbeck. The marriage ceremony was performed by Rev. Geo. N. Semers, while the bridal party stood under an arch of apple blossoms. The bride was attended by her sister Miss Ruth Cutcliffe and given in marriage by her father, while a cousin little Emily Hignens acted as flower girl. Mr. Kenneth Muttart of Charlton supported the groom. The double ring service was used. The bride wore a dress of powdered blue georgette crepe and carried a beautiful bouquet of pink roses. About forty guests relatives and friends were present at the happy function. Miss Laura Muttart played the wedding march and while the register was being signed, Mrs. (Dr.) L. H. Callbeck of Crapaud sang "Oh Promise Me." After congratulations had been offered, a buffet luncheon was served. There was a beautiful array of gifts including silver, cut glass, linen and cheques. After the reception the bridal party motored to Borden where Mr. and Mrs. Callbeck, took the evening boat for the mainland. They will go by auto to Halifax, Annapolis, St. John and other points. On their return they will reside at North Tryon where the groom has just completed a beautiful new residence.

In Memoriam

MR. CHARLES MOORE
The little village of Dunedin, P. E. I. was again called upon Saturday, June 15th, 1929, to bear the loss of another valued citizen—Charles Moore, whose death occurred in the City Hospital.

The late Mr. Moore was very highly respected by his numerous friends in city, country and abroad. For over 25 years he was a member of St. Lawrence Lodge I. O. O. F. and was a valuable member in good standing.

The funeral which was held from his home Wednesday 19th was one of the largest seen in that section of the country for a number of years was evidence of the respect in which he was held.

Owing to some negligence in the part of the I. O. O. F. Order, the funeral was not conducted by them as expected, but was in charge of Rev. H. D. Raymond at both house and grave. He was assisted by the Rev's E. J. Purdy, Charlottetown, W. R. MacWalker, North River, and E. M. Aitken, Cornwall.

Three favorite hymns of the deceased were sung, "Shall We Meet Beyond the River," "Let Us Gather up the Sunbeams," and "In the Sweet Bye and Bye."

The remains were laid to rest in Shaw's Cemetery, St. Catherine's where only eleven months ago, one son, George, who was the victim of a drowning accident at Malignant Cove N. S., was laid to rest.

The pall bearers were Colin McPhail, Will Shaw, James McPhail, Lawrence Kickham, Hector Darrach and Nell Darrach.

A large number of letters and cards of sympathy were received including the following floral tributes: Pillow, family; Crescent, Brothers and Sisters; Anchor, Mr. Bruce Stewart; Wreaths, Mrs. George J.

Have You Heard This One about a Commercial Traveller?

Less and less is heard of the commercial traveller whose car broke down on a lonely road and who had to seek shelter at a farm house. The reason is that such break downs are a thing of the past, now that Wakefield Castrol Motor Oil is on sale throughout Canada.

It is a most significant fact that the vast majority of commercial travellers who cover their territories by automobile use Wakefield Castrol Motor Oil.

And there's a reason. The traveller has a tough job to perform. He must make long runs from town to town from city to city. In a year's time his car covers a tremendous mileage—15,000, 30,000 and even 40,000 hard miles.

Salesmen started using Castrol in the first place because they wanted to avoid break downs and loss of time. Then their experience taught them that while this marvellous lubricant cost a few cents more per quart, it actually saved them real sums of money, because they got 1,500 to 2,500 miles before a change was necessary.

Watch for the Castrol Sign

Profit by the experience of these men. You, too, can save money by using Castrol; you, too, can depend on your car getting where you want when you want! And it will keep the engine in finer shape, improve its resale value.

Watch for the Castrol sign at Independent Service Stations and Garages.

Once you have sped over country roads with Castrol in the crankcase of your car you will understand why commercial travellers have given it their badge of approval.

Super-tires at no extra cost

THE terrific strain of modern high speed demands the protection found only in Gum Cushioned Tires. This exclusive cushion principle, built in by master craftsmen, is the secret of the stability of these super-tires. It is the secret of their ability to resist heavy flexing strains—the grinding and pounding of uneven surfaces. You pay no more for "GP" Tires than for old style tires. Go to Gum Cushion Tire Stations—they'll show you. "Built Better to Wear Better!"

Gutta Percha & Rubber, Limited, Toronto
The largest All-Canadian Rubber Company.
Founded in 1883

—a wonderful cushion feature exclusive to GP Tires
Say "GP" Pure Gum Tubes
The price of "GP" Pure Gum Tubes is no higher, but the quality of the material used in the manufacture of these tough, slippy tubes is of the very best.

There's a Gum Cushion Tire Station near you.

carrying a bonus of 1/2 share of no par value common stock with each \$100 of bonds.

(Fractional shares of no par value common stock will be adjusted at \$25 per share).

An Investment in a City's Popularity

Summer finds Montreal crowded. Hotels, large and small, are filled, often to overflowing. Again in mid-winter comes a call for accommodation, while, all year round, there is a demand for the up-to-date, quiet hotel that combines hotel service and apartment-comfort.

The De LaSalle Apartment-Hotel, Montreal, enjoys a substantial popularity among both tourists and the steady all-season trade. It is situated in the heart of the city, within easy reach of railway stations, business, theatre and shopping districts.

It consists of a five-story apartment-hotel and a four-story apartment building. A five-story addition is now under construction.

The "De LaSalle" is owned and operated by the Drummond Street Realty Corporation, and we offer, as an attractive investment, the Corporation's present offering of Refunding Sinking Fund 6 1/2% Gold Bonds.

Full particulars will be sent on request
