RECOMPENSE.

Straight through my heart this fact today.

By Truth's own hand is driven; God never takes one thing away, But something else is given.

I did not know in earlier years, This law of love and kindness; I only mourned through bitter tears My loss, in sorrow's blindness.

But, after following each regret O'er some departed treasure, My sad repining heart was met With unexpected pleasure.

I thought it only happened so; But time this truth has taught me No least thing from my life can go But something else is brought me.

It is the Law, complete, sublime; And, now, with Faith unshaken, In patience I but bide my time When any joy is taken.

No matter if the crushing blow May for the moment down me, Still, back of it waits Love, I know, With some new gift to crown me.

TORONTO TROUBLED WITH FROZEN WATER PIPES.

TORONTO, Jan. 14.—Suffocated un-derstand day of the season, the firemen had no less than twenty-five alarms of fire to answer before noon.

"TIZ" EASES TIRED, SORE, SWOLLEN FEET

SO TIRED OF BURNING, SWEATY, CALLOUSED FEET AND CORNS? USE "TIZ."

When your poor, suffering feet sting from walking, when you try to wriggle your corns away from the leather of your shoes, when shoes pinch and feel tight, when your feet are swollen, sore, chafed—don't ex-periment—just use "TIZ." Get instant relief. "TIZ" gets rid of the itching, aching, painful feet. Ah! how comfortable your shoes feel. Walk five miles, feet won't hurt you, won't swell after using "TIZ."

CHERRY VALLEY.—Service will be held in Christ Church, Cherry Valley on Sunday next at 2.30 p. m.

MEETING.—Mr. Duncan Anderson of the Live Stock Branch Dept. of Agriculture, Ottawa, will address an agricultural meeting in the Hall at York on Saturday evening at 7 o'clock. Ladies are particularly invited to attend.

HEAVY ROAD.—No doubt a greater number of farmers would be taken advantage of the excellent weather of Friday and come to Charlottetown to transact business if the roads had been in a better state. The snow drifts continued up, till Wednesday night and consequently the roads could not be broken until Thursday. The late breaking of roads to make them fit for traffic resulted in a heavy road on Friday.

ISLANDERS IN FIRE.—The store and dwelling house owned and occupied by A. D. McLeod, Howland, Maine, was destroyed by fire at noon Sunday, Jan. 11th with all its contents. The fire started on the first floor in the store while Mr. and Mrs. McLeod and children were in the front room and stairs and spread so rapidly that they had barely time to escape. Mr. and Mrs. McLeod both formerly belonged to Valley Field East, P. E. I.

MCKENZIE'S HAT IS FOUND.—A report from Pictou landing says that Colin McKenzie's hat was found on top of the ice in Pictou Harbor recently. It being identified as the hat he was wearing at the time of his disappearance now a week or two ago. This report has been confirmed, but it is true that is every reason to believe that the missing man, who was well known in Charlottetown, found a watery grave beneath the ice of Pictou Harbor.

WESTMORELAND SCHOOL.—The following are the results of examinations of Westmoreland school for December. James C. Trainor teacher.—Grade V.—1st, Hillard Canfield, 2nd, Walter Campbell, 3rd, Frank Campbell, 4th, Myrtle Campbell, 5th, Myrtle, 6th, Myrtle, 7th, Myrtle, 8th, Myrtle, 9th, Myrtle, 10th, Myrtle.

PURCHASED FOX.—Dr. B. F. Pende and W. E. Sherrard, president and treasurer of the Head Fur Farms Ltd., of Moncton, have just returned from P. E. Island bringing with them a magnificent Island fox of the stock of James Phipps, Black Bay. The animal is a silver black male, whose mother was from the famous Oulton three legged fox and whose father's pit was sold for \$490 in London in 1910. Local fox men say this is one of the best silver black foxes ever brought to the mainland from the Island. The animal was exhibited Thursday in the window of F. W. S. Colpitts & Co.

HOCKEY.—The year just past has been a record breaker in the hockey world. But business is not the only thing that boomed—the sporting fraternity of the province also has a record 1913. The beginning of 1914 finds the senior and intermediate hockey clubs prepared for war, but what about the juniors? As far as is known no hockey teams have been arranged to represent the schools of Charlottetown for the season. There is not a doubt that West Kent and Queen Square schools have played in their midst. Why not get together and form a team? Games could probably be arranged between an aggregate from either of these schools and Summerside, Alberton, Georgetown or some of the towns that already have such teams. In past years there has been a school hockey team at least in the city. Do not go back in 1914.

SCHOOL EXAMINATION.—The examination of Fredericton School took place on Dec. 24th. The pupils were examined in the various subjects by Mr. Emmett Peters teacher at Hazel Grove and Miss Penzie Sillick a former pupil, now teacher at Junction Road, assisted by Mr. Geo. W. H. Stevenson, Mrs. Frank Weeks, Mrs. M. Buchanan, Mrs. J. A. Cutler, Mrs. M. Nelson Murray and Miss E. Stevens. At the close of the examination the teacher, Miss Harris treated the pupils to candy and presented each with a Xmas Card. A very kindly worded address accompanied by a beautiful silk umbrella was presented the teacher. Frank Cutler read the address and Herbert Buchanan made the presentation in behalf of their fellow pupils. The teacher thanked them for their kind words of expression and for their suitable gift. Very encouraging remarks were made by Mr. G. W. H. Stevenson, Trustee, and Mr. Emmett Peters on the condition of the school.

FOSTER, Central Drug Store, Charlottetown, P.E.I.

USEFUL SOUVENIER.

The hearts of many school children in Charlottetown were gladdened yesterday when they were presented with Red pencils by Mr. Harry James. The pencils which were of a cheap grade bore the inscription "Harry James," the Moir Chocolate man.

ENJOYABLE DANCE.—A very enjoyable dance was given by Mr. and Mrs. Frank Pidgeon, French River, on Tuesday evening, Jan. 5th inst. Over sixty guests were present. Violin music was furnished by Messrs. Bernard Ready, Chas. Poynter and Heath Campbell with organ accompaniment by Misses Mabel and Viola McKenzie.

CONFEDERATION CELEBRATION.—Formal acknowledgment has been made by Premier Borden of the informal memorial addressed to him by the Committee having charge of the arrangements for the celebration here this year of the conception of Confederation. In his reply, the Prime Minister says that the matters represented in the memorial would receive the careful attention of the Government.

THE MARKET.—The market in Charlottetown was only fairly attended. Inside eggs sold from 28 to 40 cents a dozen, butter at 30 cents a pound. Chickens were disposed of at from \$1.40 to \$2.00 per pair while fowl sold from \$1.30 to \$1.50. The butchers with regular stalls were selling beef in small quantities at from 10 to 14 cents per pound. Outside the market a better was sold by the quarter at from 7 to 23 cents per pound.

ISLANDER KILLED.—The body of Neil J. Mooney, the patrolman who was murdered Tuesday night by Joseph Zoria, after the officer had arrested Zoria, will be buried at Summerside, P. E. I., says a Duluth, Minn. exchange of the 10th. Arrangements have been made to ship the body here Saturday. During the day it will be in state with a police guard. Mooney's parents live in Summerside and arrangements to send the body there were made today by Blanche J. Westland, whom the officer was to have wed next June. It is expected the murderer will be taken before the jury now in session here.

COUNCIL CANDIDATES.—In referring to the Municipal Election in Friday morning's Guardian the names of Mr. R. H. Jenkins and Mr. John O. Hyndman were mentioned as candidates for Ward five. It appears that Messrs. Jenkins and Hyndman were urgently requested by numerous electors to contest the bid, but while these gentlemen appreciated the hearty support offered, they have decided that, for the present, they cannot enter civic politics. Owing to their connection with various enterprises they would be unable to devote sufficient time to the duties of councillor, if elected.

WAY DOWN IN TEXAS.—His many friends will be pleased to know that Mr. G. Harry Gillespie, formerly of the Anglo American Telegraph Company, Charlottetown, is doing well in El Paso, Texas, where he is employed in the Government Wireless Service. In a letter to a friend he writes: "The Mexican winter is keeping us working day and night. There is generally about three or four and Mexican refugees around El Paso day and night who do not hesitate to stop you on the street and ask you for food." Mr. Gillespie also asked to be remembered to his old Charlottetown friends who will be rejoiced in hearing of his welfare.

THE HALF TO COME.—The at-mau says that half the winter has already passed away and a mild half it has been, the thermometer only dropping below zero once 24 degrees being the coldest so far. What shall the next half be like? Judging by the few days just gone the half to come may be looked upon as keenly but this morning expecting zero weather but the temperature had gone up to 18 above. Local wiseacres say that the winter is to be very mild, followed by a long and cold spring. This, everyone will hope, is an error, better a good cold winter and a normal spring, for under those conditions the health of the general public is better.

Stomach Troubles Due to Acidity

SO SAYS EMINENT SPECIALIST

So-called stomach troubles, such as indigestion, wind, stomach-ache and inability to retain food, are in probably nine cases out of ten, simply evidence that fermentation is taking place in the food contents of the stomach, causing the formation of gas and acids. Wind distends the stomach, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the fermenting food. Such fermentation is unnatural, but may involve most serious consequences if not corrected. To stop or prevent fermentation of the food contents of the stomach and to neutralize the acid, and tender it bland and harmless, a teaspoonful of bisphated magnesia, probably the best and most effective corrector of acid stomach known, should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, and neutralizes the acidity in a few moments. Perspiration, indigestion, and acidity, are dangerous and unnecessary. Stop at once, then by the use of a proper antacid, and unnecessary. Stop at once, then by the use of a proper antacid, and unnecessary.
