The WEEK at S. D. U.

Greetings Alumni- After numerous delays and false starts your favorite column is again at press. We regret that due to the unfortunate illness of last year's reporter publication was discontinued during the last term. This year we shall try to be as interesting and informative as our predecessors have been in former years. Our purpose is to give you inside information on activities at the Alma Mater. Here we go...

This year there are a number of old familiar faces missing around the campus. Rev. Francis MacQuaid has been relieved of his duties as Bursar and has left to take up his new post at Kinkora. Our loss is Kinkora's gain. Father MacQuaid is greatly missed by students and faculty alike and the good wishes of all go with him.

Dr. H. L. Johnston Ph.D. another old stalwart whose loss is keenly felt, has taken a position at Aquinas College, Grand Rapids Mich.

Rev. E. J. Roche who began his teaching career here last year is also absent. He is now studying at Notre Dame in South Bend Ind. and will return here after completing his course.

Rev. J. Wilfred Picaud M.A., professor of French for the past two years has been appointed administrator of Mt. Carmel Parish. We are certain of his success at his new post and all here wish him well.

Dr. J. T. Crofton, who taught here in former years and who was very active in the local co-operative movement, has returned to the United States where he has accepted a position at Xavier University in Cincinnati.

With these men gone we have some new faculty members. To take Father MacQuaid's place we have the very capable Rev. W. Simpson. Father Simpson has already shown that in his new position his efforts will leave nothing to be desired.

Mr. A. P. Campbell M.A. an army veteran has taken Dr. Johnston's place in the department of English. Mr. Campbell has already taken his place among that elect group who seem to belong at S. D. U. and is doing an excellent job on a difficult assignment.

Rev. Charles Galland has the French faculty this year. His manner already made him a favorite with the students and by Christmas I am certain that we shall all be speaking French as they do in Paris.

Rev. E. J. Roach has been replaced by Mr. J. J. McIsaac, B.A.

Mr. McIsaac has many old friends around the College who are very glad to see him back again.

There are of course countless new faces among the student body. The enrolment this year is about the same as last, approximately two hundred and seventy (including day students.) Some applications unfortunately had to be turned down as facilities are taxed to the limit as it is. Among the newcomers are a number of veterans. Student veterans to date have been very active in college life.

In the co-ed department (this is something new to old alumni) we also have some new faces. Mildred MacIsaac has joined the class of 40 the Sophomores, and Anita McCabe, Peggy Green and Marie Kelly are with the Freshman class.

Although few in number the records of St. Dunstan's are very active in all phases of college life and St. Dunstan's University fulfilled a very great need when it offered Catholic University Education to the young women of Prince Edward Island.

I was talking about facilities a moment ago. Here is something further on that subject. The drive for funds of a year ago is bearing fruit. After a slow start, due to labor and material shortages the new residence, Memorial Hall is rapidly taking shape. It will be a three story brick structure. At present we are laying bricks on the third story. (Any of you follows bricklayers?) It is hoped to have the building covered before the winter really sets in. In case you are interested it is located to the right when you are facing Dalton Hall in line with the Science Building. Got it? When completed it will be used to accommodate University students.

Another new landmark on the campus is the grandstand on the football field. The dream of many of the students came true with the construction of this grandstand. It is unique in the fact that it is a product of co-operation between old Saints and pre-sent day Saints. The alumni of the college supplied

the funds for construction and the present day students supplied the labor. Special thanks is due to Father Richard Bliesworth and Mr. Frank McIntyre who supervised construction. It just shows you what the Saints can do when they get together.

Talk of a grandstand on the football field naturally brings us around to the football team. Practices were late starting this year as registration was not until Oct. 1st. The team this year looks very good on paper and also has shown plenty of form in the field. By the time you read this though you will have a pretty good idea of what kind of a team we have as we will either have won or lost the N.B.-P.E.I. Intercollegiate series. For a more detailed report on the team consult the sports section of this paper.

Just one more thing. If any readers have any comments on this column I should greatly appreciate hearing from you. This is your column and I should like to make it as interesting as possible for you. So if there is anything lacking or anything you like or do not like about the column drop me a line and I shall do my best to fix things up to your liking. I am anxious to know if anyone really reads this. Drop a card or letter to: Week at S. D. U. c/o Red and White, St. Dunstan's University Charlottetown P.E.I.

RAISE PRODUCTION STANDARDS

NEW DELHI. —(CP)—To raise the standard of Indian products to the level of other industrial countries, the government of India will set up an Indian Standards Institution. Among other things, experts will consider and recommend national standards for the measurement of length, weight, volume and energy.

Rundown Feeling is Often Caused By Nervous Trouble

Strained, tense nerves are often the cause of restless nights. Improper rest, night after night, is quickly followed by loss of appetite, irritability and a tired, run-down condition.

For disorders such as these, Milburn's Health and Nerve Pills are highly beneficial and, once tried, their medicinal value soon becomes apparent by the improved general condition of the health.

The iron and other ingredients they contain help to improve the blood content, stimulate the nerve cells, and the appetite, aid digestion, thus helping to promote peaceful sleep. They have helped thousands of others. They should do the same for you. Milburn's Health and Nerve Pills are sold at drug counters everywhere. Price 50¢ a box. The T. Milburn Co., Limited, Toronto, Ont.
