THE TAX ON FARM IMPLEMENTS.

The Examiner is pretty hard driven when it builds an argument upon our statement that Island farmers are forced to buy their agricultural implements "from abroad."

as we have shown, 20 per cent. That is, it ranges from 17 1/2 per cent. on binders and mowing machines up to 32 1/2 per cent. on shovels, the average being 20 per cent.

WHY THE LORDS' VETO MUST GO.

During eighty years past the House of Lords has delayed or thwarted almost every reform which the people of the United Kingdom have sought to bring about.

hour in this generation without bringing on a revolution. That is why the veto question is now so urgent and why the Liberal Government in the United Kingdom is desirous to obtain a straight and decisive vote on that question.

It was the same with Catholic emancipation, previous to which no man of Roman Catholic faith could hold office in the Kingdom. The Lords stubbornly opposed from time to time since that day the extension of the voting franchise to the masses of the people.

Every effort is being made by the Opposition to confuse the issue, but this time there are indications that the veto question will be the dominating one upon which the electors will vote.

The Scotch electors ask for a Land Bill. Veto! The British electors have returned large majorities in two successive Parliaments to put an end to the abuse of one man casting his vote over and over at the same election.

Try This Home-Made Cough Remedy. Costs Little, But Does the Work Quickly, or Money Refunded.

Mix two cups of granulated sugar with one cup of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a 16 oz. bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

You will find that this simple remedy takes hold of a cough more quickly than anything else you ever used. Usually ends a deep-seated cough inside of 24 hours.

In a word the veto power of the Lords stands for the maintenance of class privileges, the stubborn resistance to most necessary and reasonable reforms, and for the enforcement of the will of the landed aristocracy, the liquor interest and the State Church upon the masses of the people.

This plan of making cough syrup with Pinex and Sugar Syrup (or strained honey) has proven so popular throughout the United States and Canada, that it is often imitated.

all measures which the majority of the people demand, cannot much longer be maintained in a free country.

GENERAL FRENCH'S REPORT.

The publication of Sir John French's report on the Canadian militia has operated as a distinct relief to the country and the Militia Department. Instead of the terrible things the report was foreshadowed by the Opposition to contain, it is almost as mild as milk and more commendatory than censorious.

It had been commonly thought that the militia machine was top-heavy, being overloaded with too many staff and departmental officials at Ottawa. Sir John French holds the contrary view. No doubt, as he mildly intimates there are too many political colonels, and the annual drill is better fitted to make a good show on parade than to create real efficiency for war.

Talk about the Senate having nothing to do! Scarcely had Parliament opened when Senator Landry had put on the notice paper no fewer than twenty-four notices of enquiry or of motions he intends to make.

A BAD GATHERING

Sore Healed by Zam-Buk.

Mrs. W. Purser, of 1885 Elgin Ave., Winnipeg, has proved how valuable Zam-Buk is in curing gatherings and painful, discharging sores. She says: "I had a bad sore on my heel, caused by the lining of a new shoe rubbing against the flesh. The sore gathered and for three weeks I had a very bad heel. The pain at times was almost unbearable, and I had to leave off wearing a shoe, the only thing comfortable being a slipper with the heel cut out. I tried various remedies, but got little benefit, and I still continued both lame and in great pain."

"We have also found Zam-Buk useful for other ailments. Some months ago I was troubled with bleeding piles and tried all kinds of preparations, including doctors' remedies, but could find no relief until I began using Zam-Buk. Several applications brought a complete and speedy cure."

It appears that in Alberta some of the new settlers from across the border have objected to the children singing Rule Britannia in the schools, and that the practice has since been discontinued. This has roused the ire, also the sarcasm, of Col. Sam Hughes, M. P. who has given notice of a number of interpellations on the subject.
