King's County Member Stresses Car Ferry Need

Dr. T.V. Grant, M.P. Speaks Out Strongly On Island Transportation Problem.

Dr. T. V. Grant

Speaking on the Budget in the House of Commons, Canada, on March 19, Dr. T. V. Grant said: Mr. T. V. GRANT (Kings): Mr. Speaker, since my time as limited I shall not attempt to debate the matters referred to by the hon. member for Parkdale (Mr. Bruce) in the speech which he has just read. There has been so much talk in this House recently about the amount of money that has been spent on the car ferry that I was beginning to think that Mr. McCarthy was getting uneasy. As those hon. members who have spoken already on the budget are anxious to have it concluded, I shall make my remarks brief and confine myself to matters pertaining to my (Kings) province of Prince Edward Island, the smallest and poorest province in Canada. If any member of this House doubts the assertion, let him remember that in proportion to its population Prince Edward Island has contributed a larger number of men to the three armed services than any other province in the Commonwealth. Prince Edward Island has been the first to go over the top in providing money for the Red Cross and that Prince Edward Island has been the first to exceed its quota by way of war savings certificates and bonds. We are not the richest province in Canada, but we are united. Like all other provinces, we are loyal. We have plenty of good fellowship. We have a good Liberal Government, and a good Conservative opposition. We have no Co-operative Commonwealth Federation and no strikes. We have no social credit and no inflation. Before taking up matters concerning my own province I should like to extend my warmest congratulations to the Minister of Finance (Mr. Tisley) upon the budget and upon his wonderful qualities of endurance. We have had the last to add to his burden, but I do agree with the hon. member for Banff (Mr. MacInnis) when he says that the postage on third-class mail should have been increased. The postage on letters has been three cents an ounce or fraction thereof; the postage on circulars has been one cent for two ounces or fraction thereof. Any one who has ever handled material of this kind knows that circulars are much more difficult to handle than letters. They are uneven in size; they cannot be put up in packages like letters; they are sent through the mails at the rate of one cent for two ounces, and that rate has not been increased. The Minister of Finance would do well to increase the postage on circulars from one cent for two ounces to two cents for one ounce. It might eliminate a good deal of that class of mail matter, but we could not afford to have it eliminated, besides receiving a higher revenue.

requirements of the various services of the armed forces in the province. I am sure that the tax on transportation facilities and greatly decreased the carrying capacity of the car ferry for other purposes. And whereas the present car ferry is being worked to the utmost limit its capacity and has proved inadequate to cope with our freight situation, because the S.S. Prince Edward Island carries two-thirds of the freight carrying capacity of the S.S. Charlottetown; and whereas the volume of traffic is increasing enormously and in addition much of the freight formerly moved by steamer must now be ferried. "And whereas in the opinion of this legislature it is totally unsafe to rely upon one aged ferry which has met with two serious accidents in the past, to maintain the essential services already set forth. "Therefore resolved that the legislative assembly of the province of Prince Edward Island take steps to build a new car ferry, as a war measure to be ready for the 1943 fall trade."

Dorothy Dix Says-

DEAR DOROTHY DIX-I am young married and adore my husband who is perfect to me, but I get spells when I am desperately unhappy because I can't seem to click with people. My husband is an extrovert and everyone loves to have him around, but so many times I feel like excess baggage. No one pays any attention to me except him.

I want the married couples we deal around with to really like me and want me at their gatherings, not just because I am Jim's wife. What can I do to draw people to me? Shall I try to change my personality? MRS. S. J.

MODEST WIVES ENJOYED IN SOCIETY

ANSWER-Unless your personality is of the catty kind that makes you say cutting and caustic things to everyone with whom you come in contact, don't try to change it. When we try to ape the people who are social hits, we always make a sad mess of it. We don't acquire their glamour and we lose our individual charm.

Don't you think you are borrowing trouble and imagining you don't click with people just because you don't make a noise? When you enter a room, people don't shun a welcome to you as they do to your exuberant, half-fellow-well-met husband, but they are just as glad to see you and like you just as much. We don't do it and an over a violet as we do over some exotic tropical flower, but it is the violet that we pin on our breast.

For your comfort remember this: In society there has to be a background. Somebody who is willing to listen as well as somebody who wants to talk. Somebody who laughs at the right places as well as somebody who tells the good stories. Somebody who is quiet and restful as well as somebody who is the life of the party. And that is where the modest, self-effacing, intelligent wives of brilliant men come in. They form an audience without which the showoffs couldn't show off, the talkers couldn't talk, the jokesters couldn't get off their gags.

So don't imagine you are just invited to the parties because you are Jim's wife. You are the most important guest because you are a listener.

DEAR DOROTHY DIX-I am 19 years of age and have a baby 2 years old. I haven't anyone to leave the baby with so that I can get out dancing. I haven't had a bit of fun because I got married when I was 16. I have been thinking of going away and leaving the baby with my mother-in-law because I am so unhappy having to stay at home all the time. Do you think I would be foolish to do this? C. B. S.

ANSWER-I think you would be worse than foolish. You would be criminal. The baby is your responsibility, not your mother-in-law's.

8,400 Minimum Cars

I have several other resolutions here from different boards of trade in the province asking that a new car ferry be constructed in time for the 1943 trade, but I shall not take time to read them. I should like, however, to read a report by Mr. J.W. Boulter, secretary of the potato growers' association of Prince Edward Island, which is reported in the press as saying: "We require approximately 3,000,000 pounds of butter, 1,000,000 pounds of
