12 VAUDEVILLE ACTS 12

Interspersed between the heats of the horse races will be our Vaudeville Program featuring The Kings of the Air, one of the world's greatest aerial acts before the public today. It consists of four super-aerobats, three men and a lady, who are coming all the way from California to perform before our audiences. In addition to their high acts 110 feet in the air, they perform on the spring board. Their volcanic act and balancing feats are unexcelled by any circus artists in the world. Their comedy act is a mixture of abandon and gaiety that will bring laughter galore from our spectators. This is positively one of the greatest acts ever brought to Canada, and it will be its first appearance before a Canadian audience.

THE REXOLA TROUPE. Each member is a polished artist. As a sextet they engage in pyramid building and tumbling work. As a quintet they perform one of the speediest and most glittering acts known to the world of rollers. Few if any troupes can parallel them for diversity—acrobatics and skating. Their perch act, which is the third performance they offer, is something that will surely interest you. It is balancing par excellence.

ROBERTA'S ANIMAL CIRCUS. Miss Roberta is known as one of the great animal trainers of the world. Her name and fame is known over two continents. This animal circus which she will bring to Charlottetown is a creation of her own especially suited for Exhibitions. It has a galaxy of dogs, ponies and monkeys that are dressed in gay and clever fashion. The star feature of the Circus is a comedy mule of highly stubborn variety, whose antics and death-dealing qualities of his hoofs provide a provoking finish and barrels of laughter.

YOUNG LADELL & COMPANY. This is literally comedy gone wild. There is comedy in every action of the circus artists known as Young Ladell and Company. These laughing clowns of the big tops have regaled audiences from the Atlantic to the Pacific. They have been with the biggest shows on earth both in Europe and America, and many millions have roared with laughter at their funny antics. You will be pleased with this feature.

THE FLYING BAYERS. They are four in number and in their special act, the flying trapeze, perform one of the most intricate and difficult feats in all circusdom. These men have an international reputation and some months ago were a feature act with Hagenbach Circus in Chicago. You will applaud the Flying Bayers.

CHARLIE CHAMBERLAIN in a complete new repertoire of songs. Charlie has had large audiences in American cities and over the radio since he was with us last Exhibition. You will like Charlie we are sure and the program he has to offer.

The above Vaudeville acts and singing will be interspersed between the heats of the Horse Races, so that you will have no uninteresting moments.

(EVENING SHOW 7.30 P. M.)

Judging of Horse Show classes with entries from the Charlottetown Riding Club in the Horse Show Arena in front of Grand Stand.

On or about 9.30 P. M. the Fireworks will be set off. Our show last year was a good one, but this program is very much ahead of it.
