Glorious Weather and an Enthusiastic Crowd Gave Prince of Wales a Magnificent Welcome to Old Quebec.

R. H. the Prince of Wales. The heir to the British throne boarded a fast steam yacht from the Renouveau a few minutes before six o'clock while the marines were playing God Save The King to which the guns of the mighty warships and those of the citadel pounded in a formidable chorus.
On the Kings Wharf His Royal Highness who was followed by the prime minister of Canada Sir Robert Borden, was at once greeted by His Excellency the Governor General, The Duke of Devonshire, the Lieutenant Governor of Quebec, Sir Charles Fitzpatrick; His Eminence Cardinal Begin, head of the catholic church in this country, the Lord Bishop of Quebec, the Provincial Premier Sir Lomer Gouin, the mayor of Quebec, Mr. Lavigne and Brig. PREJUDICE AGAINST JEWS GROWING THROUGHOUT ALL CENTRAL EUROPE

Anxiety Caused in the Various Capitals--Blamed by Ignorant for Wave of Bolshevism.

BERLIN, Aug. 21.—The steady rise of anti-Semitic feeling in Central Europe is beginning to cause anxiety not only in Jewish circles, but in those of the Governments as well. This feeling in Berlin has resulted in several street rows in the last few days, while a veritable pogrom atmosphere is reported from Munich, Vienna and Budapest.
An official anti-Semitic newspaper has been established in Berlin, over the street sale of which a shooting affray occurred recently, one man being wounded seriously. To consider that movement an organization has been formed to combat anti-Semitism. In Berlin the feeling has not approached anything like a dangerous phase, but in Munich and Budapest, the situation, according to reports,

Strike at Lumber Mills

NEWCASTLE, N.B., Aug. 21.—The workers at Robinson's mill here struck this morning for a nine-hour day. They then proceeded to Chatham Head and were joined by employees of Maloney's and Fraser's mills, and thence to Burchill's, O'Brien's and Sullivan's, at Nelson. Returning to Newcastle, the employees of the gear works joined the strikers as did also the men loading sleepers for J. F. Kingston. Richardson's mill is also down. Sinclair's had already shut down for a picnic. Several hundred men then marched to Buckley's mill at French Port Cove, and thence to the Miramichi Lumber Co. mill at Douglastown, both of which shut down. Union organizers are expected from Chatham this afternoon. Perfect order is prevailing. The longshoremen continue out in sympathy with the mill men.
At noon the mills and factories at Morrison's Cove and Chatham shut down, the laborers demanding a nine-hour day.
In the afternoon the millmen held a meeting in the Newcastle Square and were addressed by Thomas J. Barnett, of Douglastown; Alderman H.H. Stuart, honorary president of the Northumberland County People's Union, and a returned soldier, Jos. P. Anderson, of Robinson's Mill, who also acted as chairman. After some discussion an agreement was reached. The longshoremen got the nine-hour day and wages asked, sixty-five cents an hour for inside work and fifty-five for outside, with same payment for overtime as customary in St. John. The millmen got the nine-hour day asked for, and are promised readjustment of wages where necessary. All return to work tomorrow morning.

Lighting Sets Fire to Barn

There was a bit of a stir around the city last evening when an alarm was rung in at the station for a fire in a barn on the Lower St. Peter's Road, near the golf links. The barn was totally destroyed. It was the property of Capt. James Walker, A. M. C. E. F., who is still overseas. The building covered a space of thirty-five by twenty-five feet and was filled with hay, which also belonged to Mr. Walker. The loss is very considerable, although last evening the amount of the damage could not be ascertained. It is not known if it was covered by insurance.

U. S. SENATORS TO FIGHT LEAGUE OF NATIONS

Comprehensive Missionary Plan to Raise Wave of Opposition Throughout United States.

WASHINGTON, August 22.—The first comprehensive plan for killing the League of Nations so far as the United States is concerned was outlined yesterday by Senator Philander Knox of Philadelphia. Besides Mr. Knox who expressed himself in favor of defeating the League in spite of any reservations or amendments which might be adopted, seven "irreconcilables" or "bitter enders" were present. Senators Johnson of California, Fall of New Mexico, Borah of Idaho, Moses of New Hampshire, Poindexter of Washington, Brandegee of Connecticut, all Republicans and Senator Reed of Missouri, Democrat, met at luncheon to map out a program under which all parts of the United States could be reached by speakers it was desired to arrange so that Senators and others who were to do this missionary work could leave Washington with the assurance that there would be no vote on the treaty until their return. It was decided that immediately after the foreign elections committee reports the treaty to the Senate, Senator Johnson will go to the Pacific Coast, Senator Borah to start in with Minnesota and work west, Senators Poindexter and Reed to follow routes so far undecided. The plan so far as it has gone is to attempt the conversion of the States whose Senators are wavering between reservations and downright opposition to the League as a whole. The middle and far west are regarded by the "irreconcilables" as the only sections of the country except of course the "solid south" in which the League has any large degree of support.
If a wave of opposition can be started east from the Pacific Coast and west from the Mississippi they believe enough votes can be obtained in the Senate to make rejection of the covenant certain.

WORLD'S LARGEST FLAG FLOATS IN TORONTO

Elaborate Preparation for Visit of His Royal Highness.

(Special to The Guardian)
TORONTO, Ont., August 22.—What is believed to be the largest flag in the world and certainly the largest one that has ever been made in Toronto is the huge Union Jack extending across the front of the eight storey section of Eaton's store on Yonge Street. It measures 64 by 128 feet and contains 1070 yards of material. It was made right in Toronto in the Eaton company factory.
At the centred doorway of the new wing of the store, and underneath the centre of the big flag, is a magnificent archway spanning the sidewalk with a group of statues not yet in place. Surrounding it on the top of each of the blue and white columns is a height representing the sailor and the soldier of the British Empire and each of the self governing dominions. The unity of Empire effect so vividly portrayed by the representative figures of plaster of paris and Liberty, is said to be one of the greatest triumphs in exterior decoration ever witnessed in Toronto.
When the Prince of Wales comes to Toronto he will attend one function at least where he will meet old friends, 180 officers of the army and navy and air forces, comrades in arms of His Royal Highness, who met the Prince overseas while on active service. The Prince desired to tour the Dominion and so a big dinner is being arranged to be held at the Royal Canadian Yacht Club on Tuesday evening when the 180 will sit down with His Royal Highness to a splendid repast. Then will follow a dance somewhat informal, the ladies arriving just in time for this. The officers' wives and the sisters of officers who met the Prince but were afterwards killed in action are the fortunate femininity.

MONTREAL WELCOMES SIR ARTHUR CURRIE

One of the Most Notable Military and Civil Functions in History of Montreal.

(Special to The Guardian)
MONTREAL, Aug. 22.—Following the civic reception tendered General Sir Arthur Currie this afternoon, one of the most notable military and civilian demonstrations ever held in Montreal took place at the Ritz Carlton tonight, when General Armstrong and the officers of No. 4 district gave a banquet in honor of General Currie, the Canadian Corps Commander. All that was notable in the civilian and military population of Montreal attended one of the most brilliant functions in the annals of this city.
In his address General Currie gave a series of reminiscences of the war and concluded with an explanation of the last few days of the conflict, pointing out why the Canadian Corps had persevered in the fight to the last moment, taking and occupying Mons at a time when the announcement came that the Armistice had been signed and the enemy beaten. This Gen. Currie said, had been done under direct orders from Marshal Foch.
General Currie paid tribute to the work of Montreal battalions at the front and had especial praise for General Sir Frederick Loomis and the Highland Brigade from Montreal.

Nothing in Nature Of Protectorate

LONDON, Aug. 21.—Nothing in the nature of the Protectorate of Persia is contemplated by the agreement between England and that country, Cecil B. Harmsworth, Under Secretary of State for Foreign Affairs, told the House of Commons today in replying to questions regarding the treaty.
"The policy of His Majesty's Government," Mr. Harmsworth said, "is to assist Persia to re-establish herself on a sound basis.
"There is not the slightest foundation for a suspicion that the Government proposed or that the Persian Government would have consented, to create anything in the nature of a Protectorate.
"The Persian Government, tried to Great Britain her most powerful friendly neighbor, and this Government would have departed from its traditional policy of warm interest in the Persian Government had it declined to respond to her appeal."
Mr. Harmsworth said the attitude of the Persian Cabinet and the impending visit of the Shah constituted a sufficient answer to all the insinuations.

Rails Lifted on Irish Railway

LONDON, Aug. 21.—"By far the most serious evidence of the disturbed state of Ireland was an outrage committed on the Great Northern Railway line yesterday," says the Dublin correspondent of the Daily News. "This was the first big manifestation of social revolutionary activity in Ireland. The Meath affair arose directly out of the dispute between the agricultural laborers and farmers of Meath.
In the course of the night rails had been lifted at a bend on a steep incline on the line, and a goods train from Drogheda was completely wrecked. Of 57 wagons, 30 were smashed to bits; the driver, fireman and guard had marvelous escapes.
The affair has created an uneasy feeling not only in Meath, but far beyond. It is regarded in quite a different light from the political disturbances between Nationalists and Orangemen in Derry on Friday night, which were only reminiscent of the commonplace rows of former years.
It is considered even more serious than the isolated acts of violence which are occurring here and there throughout the country, and which arise out of political conditions. It is the first violent evidence of a clash of war in Ireland, and gives indication of the bitterness of the fight between the farmers and the agricultural laborers.

Annual Meeting Canadian Press Maritime Division

(Special to The Guardian)
TRURO, Aug. 21.—The maritime province division of the Canadian Press Association met here yesterday with a fair attendance from Nova Scotia and New Brunswick. The session was of uncommon interest and profit because of the presence of W. J. Taylor, president of the national association, and J. M. Imrie, its general manager.
Mr. Taylor made a strong address advocating newspaper support for the forthcoming and final Victory loan and quite carried the meeting with his compact and forceful presentation of the matter.
General Manager Imrie, in the course of the proceedings, spoke of the newsprint situation in Canada and on the subject of advertising and his grasp of these subjects, together with his impressive analysis and instructive views, commanded very marked appreciation.
As the discussion proceeded more rapidly than had been expected, it was found possible to complete the programme at the afternoon session. Next year's meeting will be held in New Brunswick, probably in St. John or Moncton. J. C. Keating, of the Moncton Times, presided.
These officers were elected for the coming year:
E. M. McCreedy, St. John, Telegraph and Times, president.
Edwin C. Young, Halifax, Chronicle and Echo, vice-president for Nova Scotia.
J. D. McKenna, Sussex Record, vice-president for New Brunswick.
J. R. Burnett, Charlottetown Guardian, vice-president for P. E. Island.
A. D. McNeil, Glace Bay Gazette, secretary.
J. P. Malaney, Woodstock Press, treasurer.

Want Modification Of Austrian Treaty

(Special to The Guardian)
PARIS, Aug. 22.—At the meeting of the Supreme Council of the Peace Conference on Tuesday, Viscount Morley one of the British delegates, declared it to be in the interest of the Allies to alleviate the burden of Austria and asked for a revision of the economic and financial clauses of the treaty with that country. According to the Echo de Paris Foreign Minister Tittoni of Italy protested, it is said, declaring that efforts making for the restoration of the former Austrian power would injure Italian interests. The newspapers say that no essential modification will be made in the treaty. It is believed here that the pact with Austria may be signed on August 30.
