### WHAT CAN YOU SPARE THAT THEY CAN WEAR?

In the lands ravaged by the fury of war, clothing stocks of all kinds have been destroyed. Inadequately clothed, a prey to cold and sickness, the people of these lands look to you for help. Ransack your cupboards. Go through your trunks and attics. Dig out all the clothing you don't really need. Bundle it and take it to your nearest Post Office or collection depot. This is one of the things you can do to help ensure a lasting peace.
