

Hints on Hair Health

If you use our treatment, we will either stop your hair from falling or pay for the treatment ourselves.

Dandruff is a contagious disease caused by a microbe, which if not removed causes baldness.

If you are troubled with dandruff, itching scalp, falling hair, or baldness, we believe that Rexall's "93" Hair Tonic will do more than anything else to remove the dandruff, destroy the germ, make the scalp healthy and stop falling hair, and, if there is any life left in the roots, also promote growth of new hair.

We believe that probably 65 per cent of the cases of baldness could be overcome if people would only use Rexall's "93" Hair Tonic for a reasonable time, as directed.

We don't want you to take our word for this. We want you to test the merits of Rexall's "93" Hair Tonic at our risk. If you use it and it does not give satisfaction, just come back to us and tell us, and we will immediately hand back to you the money you paid for it.

We are dependent upon your confidence and patronage, and we would not make these claims, or make this offer if we did not believe that Rexall's "93" Hair Tonic is the very best hair preparation you can use.

You can buy Rexall's "93" Hair Tonic in this community only at our store:

MR. HOPKINSON.

This great comedy, dealing with the efforts of a Cockney trying to break into society, has proved a great success wherever played, and in the hands of the Colonial Stock Co. none of the fine points, so cleverly thought out by the author, are missed. The play has been carefully rehearsed, by Mr. Frank Oliver—who plays the title-role—from the manuscript used by the original company, who played the larger cities of Canada, and the States at dollar and half prices. This is the first time it has been produced at 25-35-50 cents.

Owing to two companies, which were booked in this Opera House, having cancelled, the Colonials are enabled to fulfil a two night's engagement, on Wednesday and Thursday next, May 28-29, before crossing to the mainland for their annual tour. They will present Mr. Hopkinson on Wednesday, when it is expected a large audience will turn out to welcome them, and encourage them in their efforts to give high class plays at popular prices. The play for Thursday is "Caroline" a great dramatic play with the scenes laid in the South, and New York City. This has also proved a great success, and as the Colonials have this year, the strongest, and best acting company, they have ever had, some splendid performances can be looked for. Don't forget the dates Wednesday and Thursday, May 28-29. Tickets on sale Monday at Jameson's and Rankin's.
