FATAL TRAIN WRECK NEAR ST. JOHN, N.B.

Two Men Were Killed, Two Badly Wounded and Many Received Minor Injuries. Imperial Press Train Delayed. Lord Burnham Contributed \$100 for Bereaved Families.

(Special to The Guardian.)
ST. JOHN, N. B., July 30.—Two veteran C. N. R. trainmen were killed, two passengers were badly injured and a score or more are suffering from minor injuries as a result of a train wreck near One Mile House in the St. John yards at 7.40 o'clock this morning, when the incoming suburban train from Hampton, filled with people coming to their work in the city, crashed into a shunting freight engine which was standing on a siding but overhanging the main track. The dead are William M. Megarity, driver, who had served 35 years

United States Will Finance Germany

(Special to The Guardian.)
PARIS, July 29.—According to reports which high French banking articles believe to be well founded, Kuhn Loeb and Company and other United States bankers, are fully underwriting the loan guaranteed from the Allies in payment for the coal which Germany at the Spa agreed to supply France. This move was interpreted in financial circles here as the first step expressive of America's willingness to assume the financial burden of Europe. The arrangements here are being kept very secret, financial agents in some instances denying the story.

Premier Meighen To Speak at Picnic

(Special to The Guardian.)
OTTAWA, July 29.—Hon. Arthur Meighen will deliver his first political address at a big picnic which is to be held near Belleville, in Hastings County, on August 11th. The constituency selected is that which is represented by E. Gus Porter, M. P.
The new Premier is choosing for his first political pronouncement the province which heretofore has been the strongest in its attachment to the Conservative party and to the principles which the present alliance reaffirms. While no arrangements have yet been made it is the intention that the Hastings County meeting will be the first of several in different parts of the country in which the achievements of the Union Government will be related and more particularly the new policy adopted will be expounded. Incidentally attention will be devoted to the development of party organization.

The Premier goes west tomorrow to address on Monday a meeting in his constituency of Portage La Prairie but it is under the auspices of the local Board of Trade and largely in the nature of a homecoming reception, so his remarks will not be on political lines.

BRITISH GOVERNMENT CONTINUES PEACE PLANS

Note to Bolsheviks Urges Moscow Government to Authorize Trade Delegates to Arrange for Peace Conference.

(Dom. Press Special.)
LONDON, July 30.—While the Moscow wireless continued to circulate reports of Bolshevik victories, the British Government today was going vigorously ahead with plans about peace between the Soviets and Poles. The new British note to the Bolsheviks was made public. It urged the Moscow Government to authorize Kremenoff and Krassin to make preliminary arrangements for a Russian and Polish peace conference while they are in London for the trade conference.

ALLIANCE WITH GERMANY AGAINST BOLSHEVIKI

Was the Astounding Allegation Made in Commons. Lloyd George Refused to Deny the Statement

(Dom. Press Special.)
LONDON, July 30.—An armed alliance between Great Britain, France and Germany to prevent the spread of Bolshevism through western Europe was the astounding allegation made in the commons Thursday when Lloyd George

Britain Opposes Feisul's Deposition

(Dom. Press Special.)
LONDON, July 30.—The forced abdication of Emir Feisul as ruler of today by a very high authority in abandoning its "hands off" attitude in that country, it was alleged today by a very high authority in the foreign office. Previous dispatches reported that Emir Feisul has been deposed on the order of General Gouraud of France. The foreign office authority said Britain was not officially aware that Feisul had been deposed. Feisul is in disfavour, it is said, but if he were forced out as reported the British probably would protest to France.

H. M. S. CALCUTTA PAYS FLYING VISIT TO SYDNEY

SYDNEY, July 29.—The most imposing marine spectacle that Sydney has enjoyed since the great convoys of the war, was afforded the people at 9 o'clock this morning, when H. M. S. Calcutta, the last word in British light cruisers, raced up the harbor and dropped anchor off Dorchester Street. Near Admiral Weret landed an officer who paid an official visit to Mayor Fitzgerald at the city hall, and thanked the city for its invitation to spend some days in port, but explained that, owing to the serious illness of the commander of the British North Atlantic squadron, Admiral Weret had been summoned in haste to Bermuda to take charge of the fleet. The Calcutta heaved up her anchor an hour later and with flags flying and band playing departed for southern waters as swiftly as she came.

During the war Sydney saw many famous war vessels, but nothing approaching such a ray combination of size, power and speed. Owing to her brief visit, only a comparatively few people saw the Calcutta.
The 220 class was won by Jas. K. Norman, with Mac Crescen second, Crown J., third. Best time 2:21.2.
The 2.35 event was won by Lady Be Sure (A. J. Stewart, Megan), in three straight heats. Best time 2:26.14.
ROCHESTER, N. Y. July 29.—Workmen engaged in removing bodies from the ancient Paltney street cemetery in Geneva unearthed a large stone jug of peculiar shape. It was securely sealed. After the jug had been cleaned, the following words were revealed on its side: "New Bedford Rum, 1799". The wording had been blown into the stone by the potter. About two gallons of the fluid were found in the jug. Some of the professors at Hobart College believe the jug was buried with the body of some Indian chief.

THE EX-CROWN PRINCE TO REVISIT GERMANY

No Political Significance Attached to Visit Which is Merely to Settle Estate Matters.

(Dom. Press Special.)
BERLIN, July 30.—The former Crown Prince plans to return to Germany in the near future to attend to some real estate business, a person close to the Hohenzollern family told the United Press today. Frederick William intends to visit his fatherland incognito, spending much of his time with relatives at Potsdam. It was emphasized that no political significance can be attached to this trip and that the government may grant either open or tacit permission for the visit. The main business to be attended to is settlement of the Kaiserlich estates on which Prince Bittel Friederich and government experts are working.

That O'Leary Meeting By One Who Was Present

Sir—Regarding the report in both the Guardian and Patriot, of the annual meeting of the West Prince Liberal Association, both papers report a most harmonious meeting. I must say that it was everything else but a harmonious meeting. What particularly struck me was the report that a resolution of confidence in the legislation passed by the Bell government, was passed unanimously, when in fact, the very opposite was the case. When there was a call for a vote on this resolution, there was at least three to one against it, and the chairman, in defiance of the call of those present, refused to count noses, claiming the resolution was overwhelmed. Right today, Sir, you could not get a resolution of confidence in the Bell government passed in any gathering on P. E. I. As a lifelong Liberal, and one who assisted to put the present party in power, I must say I never was ashamed or sorry before for any vote I ever cast. The Liberal government is doomed, and I believe the only salvation for P. E. I. now is unity amongst farmers, fishermen and laborers. Throw out all those lawyers, doctors and professional politicians who have for so many years been shrewd enough to keep farmer pitted against farmer; fisherman against fisherman so that the few miserable hirelings they could buy or influence dominated the votes, and they were thus enabled to retain power, and pass legislation principally for their own benefit. It is time for the people of this country to wake up, and those people who came to O'Leary to that meeting to spill the usual quantity of wind, found that out before they got through. I am, Sir, etc., JOHN PINEAU.

Pell Overboard From Carferry

When the carferry was within about two miles of Borden on her last trip last night one of the passengers either fell or jumped overboard. He was seen by a passenger who at once gave the alarm. The steamer was put about immediately and search lights were thrown on the spot but after circling for about an hour the search was abandoned. Who the unfortunate man was, has not been discovered as he had evidently been travelling alone.

GOOD HORSE RACING AT NORTH SYDNEY

NORTH SYDNEY, July 29.—Fifteen hundred people saw excellent racing yesterday on North Sydney track. The free-for-all was won by Our Colonel, recently purchased in Charlottetown, by R. McCowan, but five heats were necessary for a decision over Prince Rupert and Tonita C. Best time 2:12.
The 2.20 class was won by Jas. K. Norman, with Mac Crescen second, Crown J., third. Best time 2:21.2.
The 2.35 event was won by Lady Be Sure (A. J. Stewart, Megan), in three straight heats. Best time 2:26.14.

JUG OF RUM, 100 YEARS OLD, UNEARTHED IN CEMETERY

ROCHESTER, N. Y. July 29.—Workmen engaged in removing bodies from the ancient Paltney street cemetery in Geneva unearthed a large stone jug of peculiar shape. It was securely sealed. After the jug had been cleaned, the following words were revealed on its side: "New Bedford Rum, 1799". The wording had been blown into the stone by the potter. About two gallons of the fluid were found in the jug. Some of the professors at Hobart College believe the jug was buried with the body of some Indian chief.

Germany Wants To Befriend Russia

BERLIN, July 30.—Germany is preparing to seek a place in the coming London conference between Entente powers and the Soviet Government on the Russian Polish negotiations. If she is unable to obtain it she will be in a position to say to Russia that the feeling of Germany was friendly and that business relations were desirable. Business in fact is the actual motive of Germany. The country wants no Bolshevism but is anxious to acquire Russian trade. There is a feeling that Poland, as a fire screen between Germany and Russia, will lose much of its asbestos qualities by the time the Russian Polish peace negotiations have ended. Both Germany and Russia are striving hard to eliminate or modify territorial settlements which interfere with the free passage of goods.

SCATTERED DISORDERS CONTINUE IN IRELAND

Irish Disorders Bill to be Considered August 5th. Measure is very Drastic. Ireland Will not be Allowed to Leave Empire.

(Dom. Press Special.)
LONDON, July 30.—Reports of scattered disorders in Ireland were received today, following a 24 hour calm. If there is a truce between the Sinn Fein and the British Government, it evidently is not being generally observed. Much interest is manifested here in a new bill authorizing measures to pacify Ireland. Premier Lloyd George, answering questions of a delegation representing Lords and Commons who wanted to know about the latest Irish developments, said "wait until August 5th. The Irish Disorders Bill will be considered." This bill has been drafted in very drastic terms in the hope that it will enable us to cope with disorders. Ireland will not be allowed to leave the Empire; munitions shipments to Ireland will be continued.

C. G. Railways To Increase Rates

(Special to The Guardian.)
MONTREAL, July 30.—An additional increase in freight rates will be applied for by the Canadian Railway Association on behalf of all the roads in the Dominion, in order to meet the cost of raising the wages of their employees to the same level as those of the railwaymen in the United States. The application for the freight rate increase will be filed with the Dominion Railway Commission, which already has a request from the association for permission to increase rates by thirty per cent, before it. That the demand for an increase in freight rates will be made was announced today by Howard R. Kelly, President of the Grand Trunk system and Chairman of the Executive Committee. Steps are being taken to ascertain the effect of applying the United States wage award to Canadian Lines. From present indications it would cost the railways of Canada approximately \$60,000,000 to apply such an award to Canadian lines, would mean that an additional increase would be required to the revenues of the roads. A supplementary application to provide for such an increase is now being filed with the Board of Railway Commissioners through the Railway Association of Canada.

Martial Law Now in Teheran

(Dom. Press Special.)
LONDON, July 30.—Martial law has been proclaimed in Teheran, Capital of Persia, according to a despatch from that city today.

Hungary Offers Help to Poland

(Dom. Press Special.)
PARIS, July 30.—Hungary has sent a note to Poland offering to send a considerable force of troops to assist in fighting the Bolsheviks, according to a despatch from Warsaw today.

Twenty-one Persons Killed by Explosion

(Dom. Press Special.)
PRAGUE, July 30.—Twenty one persons were killed and 19 injured in munitions factory explosion near here today.

Bolsheviki Training Armenian Army

CONSTANTINOPLE, July 29.—(By the Associated Press, Russia) The Bolshevik army advancing from Baku through Armenia, took Coucha, 264 miles southwest of Baku, virtually unopposed, as well as Gerousi, 24 miles southwest of Groucha, the next important town on the wagon route to the Tabris railway. In Baku, the Bolsheviks are training a large Armenian Communist army to assist in the overthrow of the Armenian Republic. British warships have seized a Russian ship from Nikolav at Trebizond, carrying Bolshevik arms, and ammunition for the Nationalists. Many rumors are in circulation in Constantinople with regard to a possible Greek movement through Samsun toward Angora for the purpose of cutting Nationalist communication with the Caucasus Bolsheviks.

Lunenburg Schooner A Total Loss

LUNENBURG, N.S., July 30.—The local fishing schooner M. J. Parks, is ashore at Ferryland, Newfoundland, and is a total loss.

Killed by Train In Cape Breton

(Dom. Press Special.)
SYDNEY, N. S., July 29.—Struck by a passenger train some time during Wednesday night a man believed to be George MacDonald of Halifax, was found dead on the Canadian National track of Big Beach, near Christmas Island, by a section man early this morning. The body had been badly cut and crushed. There was nothing on the body to identify it, but persons in the neighborhood declared the remains, which are those of a man of about 55, to be those of a one-armed man, who had given his name as George MacDonald, and his home as Halifax. MacDonald had told them, they said, that he lost his arm in the Halifax explosion.

Greece and Egypt Will Buy Wheat

(Special to The Guardian.)
OTTAWA, July 29.—Greece and Egypt are in the market for wheat and flour. The former wants 180,000 tons, and Egypt a maximum of 300,000 tons. Greece seeks a Canadian credit to finance her purchase. Egypt has also asked quotations from Australia and has been advised that one will be given only in a couple of months, as there is no longer wheat control. The inquiries have been referred to the grain dealers. There is no longer provision for special credits which expired automatically last December.
