It is believed that fertilizers based wholly on such materials would prove more effective, last longer, and yield more plant food in valuable forms than the usual fertilizers offered for sale made chiefly from minerals. Experience has confirmed this view, and the question is often asked and answered by the asking—"Why do Swift's Fertilizers of moderate cost produce better results than many high priced and so-called high grade fertilizers?"

All consumers must pay as much, or more, for mineral or chemical fertilizers as for those derived from animal matter, while the comparative commercial value as we have repeatedly pointed out in a fertilizer like our Animal Brand, is more than eight dollars per ton in favor of our goods.

That the agricultural value is greater is shown by the results obtained by thousands of our intelligent patrons who appreciate good fertilizers and know them by their fruits. The source of supply of the SWIFFS ANIMAL FERTILIZERS is the immense Swift slaughtering establishments, where over 6,000,000 animals are slaughtered annually, the supply being almost inexhaustible, to which are added the highest grade chemicals of our own direct importations. We use no injurious salts or inferior grades of potash. The nitrogen and phosphoric acid are almost wholly of animal origin, and the potash is in a form free from common salt and other impurities.

PRACTICAL THOUGHTS. 1. We should trust as if all depended on God, and plan and work as if all depended on ourselves. 2. God watches over, and cares for the children. 3. The important services a little girl may perform. 4. God uses all agencies to work His purposes. 5. Every man's life is a plan of God. 6. Little did the princes think that she was on a errand for the Almighty that day. 7. As God provided Moses to deliver His people from earthly bondage, so He provides a Saviour (Jesus Christ) to deliver all from the bondage of sin.

Nothing could be more cruel than to induce a weak, nervous person to take a purgative medicine in the hope of finding relief. Ask any doctor and he will tell you that a purgative medicine rarely relieves through the bowels, weakening the tender tissues. He will tell you also that a purgative cannot possibly cure disease, or build up had blood. When the bowels are weak and watery when the system is run down a tonic is the one thing needed—the only thing that will correct the right. This tonic would there is no tonic so good as Dr. Williams' Pink Pills for Pale People. Every dose of these pills actually makes new, rich red blood which the veins reaches every organ in the body and brings health and strength to weak, nervous people. Mrs. Annie Beaudreau, of the secret ailment I had, she says:—"I was pale, my heart would palpitate at the least exertion, and I suffered greatly from nervous headaches. I tried several medicines which seemed actually to leave me worse. Then I was advised to try Dr. Williams' Pink Pills, and a half dozen boxes had the effect which I never ever wish. They have done me so much good that I would like to try them." girl in the land to try them.

It was the new blood Dr. Williams' Pink Pills actually made that restored me. Be sure to get the real thing, and in the same way they will restore all sufferers from anaemia, indigestion, liver palpitation, neuritis, rheumatism and all the ailments I have said. I feel like a new woman, and growing girls a burden. Sold by all medicine dealers or by mail for \$1.00 a box or six boxes for \$5.50 from Dr. Williams' Medicine Co., Brockville, Ont.

YOUR BLOOD UNHEALTHY IN THE SPRINGTIME. You Should Cleanse the System at Once With Proper Medicine.

Spring house-cleaning is the solemn duty of every good house-keeper. This, let it commence with your own system. All the organs are depressed, the liver is slow, kidneys are unhealthy. In consequence you are listless, vitality is slow, color is bad, appetite poor, and you need medicine.

For spring health no medicine on earth gives such quick, lasting benefits as Ferruzone. It has raised thousands from down-right weakness, gives them perfect health simply because it contains the fortifying elements that run down systems require.

One week after using Ferruzone you'll feel like new, you'll appreciate what real robust health means. In a month you'll so credit the push that your vigor and spirits have received. Ferruzone is more than a tonic because it works faster, it is a health reformer and a strengthener.

Another Step in Advance. I am pleased to inform my patrons that I have added to my already up-to-date equipment two dozen folding chairs, which are very neat and comfortable. They are at their disposal FREE should occasion require.

When your well stocked store was going to burn down, you could wait to insure until the week before, but

You are too late. Remember the old adage, "There is no time like the present," and no insurance like ours.

Notice is hereby given that the Act passed by the Legislature in 1907, to provide a more speedy and simple method for the collection of Arrears of Taxes, will be put into force at once for the collection of Arrears of 1906 and all previous years. The new Act does not require proceedings to be taken against the land, the advertising of the same, nor the mailing of Final Notices to Defaulters; and it gives the Government the additional power, after the Tax is one month over due, of suing in any Court, and of levying on all goods and chattels found on the premises or in possession of the party sued. Where there are no goods and chattels, or not sufficient to levy on, proceedings will be taken against the land under the old Act as heretofore.

OAKLEY BARON. Record 225 at Four Years in a Seven Heat Race, Which He Won. Oakley Baron, 225 is a handsome and brown standing 16 hands high, and weighing 1200 pounds. Namely: size, substance, soundness, color, speed, with purity of gait, kindness of disposition, symmetry, etc. which, with his rich breeding, will surely produce the desired type of animal no matter what the present time. Breeders wishing to raise horses of this class, for which there is always an unlimited demand at fancy prices, cannot do better than breed their mares to Oakley Baron, 225, and avoid disappointments.
