Debate On Budget Ends In The House

New Canadian Tariff Causes Concern In U. S.

Federal Commission Studying
Dominion's New Rates Sees
Gain To Canada, Loss To
United States.

MUST BECOME NATURALIZED

(Canadian Press)
OTTAWA, Ont., June 18.—"Sug-
gestions" might be made to all em-
ployees of the Canadian National
Railway who do not hold Canadian
citizenship, that they become nat-
uralized. This was advanced by
Hon. W. D. Euler, former Minister
of National Revenue today, before
the special parliamentary commit-
tee investigating Canadian National
finances. Sir Henry Thornton,
President of the Government road
agreed with the suggestion. At the
same time, prospective employees of
the road might be queried on their
citizenship. In Eastern Canada
there were comparatively few em-
ployees of the system holding United
States citizenship, although in
Western Canada a "considerable
number" did.

WASHINGTON, June 18.—The
Federal Tariff Commission is mak-
ing an exhaustive survey of the in-
creases in Canadian tariff rates,
the most recent group of which
affected some 200 items, it was
learned coincidentally with the is-
surance of a statement by Joutet
Shouse, chairman of the Democrat-
ic national executive committee,
charging that Canadian "reprisals"
have caused the exodus of a great
amount of American manufactur-
ing to Canadian plants.
The Tariff Commission will make
no comment on the Canadian tar-
iffs, or the raises in rates effective
recently which marked the third
revision of Canadian tariffs within
a year, until studies by its foreign
department, headed by Leland Har-
rison, have been completed. How-
ever, it has been indicated that
thus far the commission's investi-
gators have found no evidence of
"reprisals" on the part of the Do-
minion.
When the commission's survey is
completed, it is expected to show,
in addition to obvious rate com-
parisons, the anticipated effect on
international trade. This report is
expected within two or three weeks.
Mr. Shouse's statement was is-
sued for publication on the first
anniversary tomorrow of the sig-
ning of the Hawley-Smoot tariff act
of 1930, by President Hoover.
"Perhaps the most devastating, or
at least the most dramatic sabotage
for which the tariff bill is respon-
sible," Mr. Shouse said, "is the
record of American industries that
have gone abroad."
"Eighty-seven basic American in-

Uncle Sam's Sorrow

UNCLE SAM:—Premier King would not have done a thing like
that on me—he loved me more than he did his own. "Washington First"
would have suited him better.

Cheap Suits Rousing Fear

WILL SELL IN BRITAIN FOR
\$2.36 EACH, CANDIDATE
DECLARES

MANCHESTER, Eng., June
18.—Two suits alleged to have
been made in Poland and of-
fered for sale here at \$2.36 are
being exhibited by Sydney El-
bourne, Conservative candi-
date in the Ardwick by-election
campaign, to support his advan-
ce of the need for safeguard-
ing duties. It is asserted that
many thousands of these suits
are on the way to England and
Elbourne is urging that action
should be taken to protect
British manufacturers from un-
fair competition.

St. Lawrence Waterways Controversy

(Special to The Guardian)
OTTAWA, June 18.—While
Premier R. B. Bennett has in
preparation a note to President
Hoover on the St. Lawrence Water-
ways question, authority has been
vested in Major W. D. Herridge,
new Canadian Minister to Wash-
ington to discuss the Canadian Gov-
ernment's views on the scheme.
Equipped with detailed knowledge
of the history and characteristics
of the scheme as a result of several
months' study, Major Herridge is
authorized to discuss the matter in
a general way with the authorities
at Washington. In the meantime
the United States Government, ac-
cording to Col. Hanford MacNider,
its Canadian representative appears
willing to assume the entire cost of
the navigable canal in the interna-
tional section as its share in the
undertaking and as compensation
for the all Canadian cost of the
Welland Canal, Beauharnois Canal
and other works.

Government Proposals Approved By Commons

Hon. J. L. Ralston Severely Scored
During Yesterday's Closing
Debate—Good Faith Of Prem-
ier Bennett Proven.

(Canadian Press)
OTTAWA, Ont., June 18.—By a majority of thirty the
Budget passed the House of Commons tonight, bringing to
an end two weeks of debate, in course of which an amend-
ment and a sub-amendment were introduced from Liberal
and U. F. A. ranks respectively.
A crowded house tonight approved the Government's
proposals by a vote of 102 to 72. Previously the U. F. A.
sub-amendment had been negated by the huge majority of
150, the vote standing, for, 15; against, 165. The amend-
ment had been defeated by 39, seventy members voting for
it to one hundred and nine against.
The election campaign in Quebec, and allegations by
Hon. Alfred Duranleau, Minister of Marine, that the "war
cry" had been raised to secure seats: an attack on the Bud-
get by Hon. Fernand Rinfret, former Secretary of State,
who claimed that the Prime Minister would have met de-
feat if he had submitted it to the people: advocacy of
"salesmanship" to market Canada's wheat crop, and a de-
claration by E. J. Garland, U. F. A. member for Bow River,
in favor of abandoning the gold standard, featured con-
tinued debate on the Budget today.

Women Meet In Convention At Quebec

(Canadian Press)
ST. ANNE DE BELLEVUE, Que.,
June 18.—Agricultural and publicity
were the keynotes of today's open
session of the joint convention of
the Federated Women's Institutes
of Canada and Quebec Women's
Institutes here. The speakers were,
Miss B. M. Philip, head of the school
of science, MacDonald College, Dr.
H. S. Barton, of MacDonald College,
F. C. Nunnick of Ottawa, Mrs. Al-
exander Ogilvy of South Tilley, N.
B., National W. I. Convenor of Agri-
culture, Mrs. J. F. Corice, Calgary,
National Publicity Secretary and
Mrs. J. MacGregor, Edmonton.
Miss Philip told of the history of
the home and the wonderful influ-
ence of women's institutes on it.
Dr. Barton stated that it was pre-
dicted that the greatest intellectual
effort of the next twenty-five years
would be given to the distribution of
food. Effects of the present finan-
cial depression were the return of
the young people to the farms,
which in the past had been left to
the older people and also the study
of interprovincial marketing from
a national viewpoint. "We should
buy more food from western farm-
ers," he said.
Mrs. W. F. Cameron, of Regina,
Sask., was elected president of the
Federation. Additional members of
the executive included, Mrs. W. R.
Shaw, Cornwall, P. E. I. Invitations
for the next biennial convention
were presented by Ontario, Prince
Edward Island, and Manitoba. Owing
to the constitutional clause that
the convention must alternate east
and west, Manitoba's invitation was
accepted.

Torrid Weather Claims Three Lives In West

Dust Storms, Cloudbursts And
Hail Follow Heat Wave—Tem-
peratures Topped The 100
Degree Mark.

(Special to The Guardian)
WINNIPEG, June 18.—Hot weath-
er repercussions which claimed
three lives yesterday in Alberta,
joined Saskatchewan today with a
heat wave aftermath of dust storms,
a cloudburst and hail. Thirsty
crops in two districts received a
moisture gift that will be of ines-
timable value to growing grain, but
the great south grain belt was raked
by a destructive dust storm.
The wind and thunderstorms
broke suddenly after a hot day in
which temperatures topped the 100
degree mark in several Saskatch-
ewan and Manitoba points. The
mercury touched 100 at Lampman
and Rocanville in southeast Sask-
atchewan and reached 107 at Bran-
don in western Manitoba. The pro-
vince received no rain.
Heavy rains in many Alberta dis-
tricts today soaked grain and pas-
ture lands. An electric storm at
Calgary flooded subways and caused
extensive damage to power and
street car lines. Central and north-
ern Alberta benefitted from heavy
showers. The rains covered a wide
stretch in the south between the
foothills west of Calgary and the
Alberta-Saskatchewan boundary.

Exonerated

(Canadian Press)
OTTAWA, Ont., June 18.—Enquiry
into the charges of Robert White-
side, farmer of Brisay, Sask., that
the Government had made millions
of dollars from the sale of the 1917
and 1918 wheat crops, according to
reports current in Western Canada,
was concluded by the House of
Commons committee on agriculture
today. Mr. Whiteside exonerated the
Government and members thereof
in connection with any monies
wrongly diverted from the pockets
of the grain growers. Examination
of the documents placed at his dis-
posal satisfied him, he told the
committee today, that the report of
the Secretary of the board of grain
supervisors, A. Tooley of Winnipeg,
Man., disclosed no evidence of any
such misappropriation. He would
return to Western Canada content
to abide by the committee's findings.

today. Mr. Whiteside exonerated the
Government and members thereof
in connection with any monies
wrongly diverted from the pockets
of the grain growers. Examination
of the documents placed at his dis-
posal satisfied him, he told the
committee today, that the report of
the Secretary of the board of grain
supervisors, A. Tooley of Winnipeg,
Man., disclosed no evidence of any

return to Western Canada content
to abide by the committee's findings.

Will Meet Liabilities

(Canadian Press)
CANBERRA, Australia, June 18.
—The Senate today approved the
bill to ship \$26,000,000 gold to Lon-
don to meet immediate Australian
liabilities and the measure became
law. It was approved yesterday at
the House of Representatives. The
measure reduces the statutory gold
reserve in the Commonwealth bank
from 25 per cent to 15 per cent.
The shipment will leave a reserve
of \$51,200,000 against a note issue to-
talling \$255,000,000.

Kellogg Pact

(Special to The Guardian)
OTTAWA, June 18.—The Kellogg
Pact has placed the League of Na-
tions in an embarrassing position.
As all members of the League have
definitely agreed to abolish war,
the League can no longer logically take
steps to prevent war. Any further
measures in that direction would be
a tacit admission, that despite the
Kellogg Pact, war has not been
abolished and that the signature of
all the League members carries no
weight.

Debt Paid Off On Orphanage

Announcement Made At Annual
Meeting of Protestant Orphan-
age Last Evening. Larger Mum-
ber of Children Cared for Than
Ever Before.

The paying off during the last
year of the entire remaining
debt on the Protestant Orphan-
age was reported last evening
at the annual meeting of the in-
stitution held at St. Paul's Parish
Hall, Mr. W. Allan Stewart, Chair-
man of the Board of Trustees, pre-
sided. Reports prepared by the
chairmen of various committees
were adopted. Mr. Ira Brown, sec-
retary, read the minutes.
The following review of the year
1930 was given by Mr. W. A. Ste-
wart, Chairman of Board of Trust-
ees:
Another year has passed and we
are privileged to gather and con-
sider what has been accomplished
in this year of 1930, this being the
sixth annual meeting of the
Prince Edward Island Protestant
Orphanage.
The year just closed will be long
remembered as one of great chang-
es and re-adjustments in business
circles, but fortunately, our in-
stitution has not been adversely af-
fected, on the other hand, the re-
ports of the various committees
will show that the high standard of
efficiency has been maintained and
the financial position greatly
strengthened.
This satisfactory condition is
the result of the confidence that
has been engendered in the minds
of the generous people of our pro-
vince, due to the careful manage-
ment during the past years and the

Minister Was Hanged In Own Church

(Canadian Press)
DALLAS, Tex., June 18.—B. F.
Brown, supply pastor of the North
Dallas Baptist Church, was stripped
of his clothing and bound hand and
foot and hanged by the neck from a
chandelier in the church today
by a party of four men who abduct-
ed him. His life was saved when
the rope stretched and he was able
to rest his weight on the altar, he
said. About three hours later resi-
dents of the neighborhood were at-
tracted by his cries and released
him.

Soviets Buy Cattle From The British Isles

(Special to The Guardian)
LONDON, June 18.—Soviet Rus-
sia has purchased 430 head of pei-
grees shorthorn and hereford cattle
from British herds. All the
shorthorns, about 230 head were
supplied from Scotland. The ship-
ment is described as the largest
single consignment of purebred
stock ever sent from this country
and owing to the depression of the
market the Russians are said to
have secured many of the Scottish
short horns on bargain terms.

Chicago Mayor In A Quandary

(Canadian Press)
CHICAGO, Ill., June 18.—Mayor
Anton J. Cermak peered despair-
ingly into Chicago's financial fog
yesterday and admitted he "didn't
know what to do." In a post mor-
tem over the tax reform and revenue
producing bills, killed by the State
Legislature despite his urgent per-
sonal requests for passage, Cermak
pictured the city as deserted by the
bankers, the legislature, everybody
—out in the cold, without money,
intolerable financial conditions.
Payrolls will be cut again, this
time to the bone, he said, even civ-
il service employees not essential
to the machinery of government
shall go. City employees may be
asked to accept a five day week,
leaving the City Hall dark on Sat-
urdays. Many departments may
close entirely. The bond funds may
be tapped to pay salaries, while all
improvement projects will collect
dust while awaiting the return of
municipal solvency.

(Special to The Guardian)
TORONTO, June 18.—Within
four hours yesterday the lives of
three children living in widely
separated sections of the city
were snuffed out on Toronto
streets by motor vehicles. A
fourth child was struck later in
the evening, but escaped serious
injury.

LIVE HOGS

We continue to receive Live Hogs at our plant every
Tuesday and Friday forenoon.

Bring your hogs direct to us and you save all inter-
mediate expenses. Thus, getting top-market price.

Davis & Fraser

The Weather,

TORONTO, June 19.—Moderate
to fresh south west winds, fair and
warmer.

Temperatures
Maximum—66
Minimum—50
High tide this afternoon at 12.15
and tomorrow morning at 207.
Sun sets this evening at 7.14 and
rises tomorrow morning at 4.18.
