C. Lyons & Co.

BIRTHS

CAMPBELL—At Montague on Feb. 11th, 1918 to Mr. and Mrs. Preston L. Campbell (nee Lila Milligan) a son.

DEATHS

MILLS—At St. Avards on March 1, 1918, Harry Allison, infant twin son of Mr. and Mrs. Thomas H. Mills.

IN MEMORIAM

Gr. Harold A. MacLeod, 8th Siege Battery, beloved son of A.C. and Agnes MacLeod, Park Corner, P. E. Island; **Died at Aldershot, England, March 3rd, 1917.**

"He Heard the Call."

In loving memory of my Dear Grandfather who departed this life Feb. 27th 1917 at his home at Elmvale, P. E. I.

One long sad year has passed and gone. Yes I remember well. We stood beside your dying bed to take our last farewell.

With aching hearts we watched you pass away to that better land. As your spirit took its flight away to that home beyond the sky's.

Where there is never night. Oh Grandma how I miss you. How I miss your smiling face. But I hope we will meet you sooner. And there will be no parting there.

Sent by the Grandson. **JACOB MURRAY**, Elmvale, P. E. I. Feb. 22nd 1918.

There is a Message to This Lady's Story

She Tells Whad Dodd's Kidney Pills Do for Women

She Was Troubled With Weakness and Her Daughter Had Nervous Trouble. Dodd's Kidney Pills Provided the Remedy They Both Needed.

Hamilton, Ont., March 1st—(Special.) The story told by Mrs. H. Dickens, of 70 Tom Street, this city, carries a message of hope to every suffering woman in Canada.

"After my baby was born," Mrs. Dickens states, "I used to suffer with my back and had no heart to do my work around the home. But, I read about Dodd's Kidney Pills and what they have done for others, so I thought I would get a box and see what they would do for me.

"I am pleased to say that after taking two boxes I found such great relief I would not be without them in the house.

"My daughter, too, had been very sick on and off for a long time. Her nerves got so bad we were afraid we would see her in the hospital. But I am pleased to say she is better through taking Dodd's Kidney Pills.

"I'm not taking Dodd's Kidney Pills," she could have done such good work and I am telling all my friends about them."

"Women's troubles, or nearly all of them, come from sick kidneys. The cure for them is the old established remedy for sick kidneys, Dodd's Kidney Pills.

BAKERS NOW ARE UNDER LICENSE

Restrictions Respecting Bakers and the Sale of Bread, Rolls, Pastry, Etc Came Into Effect Yesterday.

The following order has been issued respecting Bakers.

Whereas by Order in Council No. 3214, dated the fifteenth day of November, 1917, it is amongst other things provided that the Food Controller may prohibit any person from manufacturing or dealing in any food or food products designated by him without a license and may cancel any license for any violation of any regulation or order.

Therefore, I do hereby order:

1. That on and after the 1st day of March, 1918, no person, firm or corporation using five barrels of flour or more per month shall manufacture bread, cakes or other bakery products for sale without first obtaining from the Food Controller a license to be called "Baker's License," save and except hotels, restaurants and public eating houses baking only for the use of their patrons and not offering their products for sale to the public over the counter.

2. That all applications for such licenses shall be in Form No. 5 hereto attached.

3. That all licenses shall expire on the 31st day of December in each year.

4. On and after the first day of March, 1918, no baker shall make bread, rolls, pastry or other bakery products, from wheat flour other than the standard flour, as prescribed in Food Controller's Orders numbers eleven and fifteen without written permission from the Food Controller.

5. The licensee may manufacture bread, rolls, pastry, etc. for sale only in the following specified weights, or multiples thereof, in the manner hereinafter specified, that is to say:

Within the province of British Columbia, 18 ounces but to exceed 19 ounces.

Within the provinces of Alberta and Saskatchewan, 20 ounces but not to exceed 21 ounces.

Within the province of Manitoba, 16 and 20 ounces but not to exceed 17 ounces and 21 ounces respectively.

Within the province of Ontario, 12 ounces and 24 ounces but not to exceed 13 ounces and 25 ounces respectively.

Within the province of Quebec, 24 ounces but not to exceed 25 ounces.

Within the city of Hull, town or village of Gatineau Point, in each of which the weights shall be 12 ounces and 24 ounces, but not to exceed 13 ounces and 25 ounces respectively.

Within those provinces known as the Maritime Provinces, 24 ounces but not to exceed 25 ounces.

The above specified weights shall be net weights unwrapped, twelve hours after baking, and when twin or multiple loaves are baked, each unit of the twin or multiple roll shall conform to the weight requirements of this rule.

6. The licensee may manufacture rolls and offer them for sale only in rolls weighing 1 or 2 ounces, and said rolls shall be baked in a pan and not on the bottom.

7. The above specified weights shall be net weights unwrapped twelve hours after baking and when twin or multiple rolls are baked each unit of the twin or multiple roll shall conform to the weight requirements of this rule.

8. The licensee in manufacturing bread or rolls shall not use to each barrel of flour of one hundred and ninety-six pounds the following ingredients in amounts exceeding:

Sugar.—In excess of 2 pounds of cane or beet sugar including the sugar in condensed or powdered milk if such is used.

Malt Extract or Malt Flour.—In excess of 2 pounds. If malt is not used the equivalent in weight of sugar may be used.

Fats (either vegetable or animal, or compound of same).—In excess of 2 pounds.

Milk.—In excess of 6 pounds of liquid skim milk or its equivalent of condensed or powdered milk.

9. The licensee in making any bread or rolls shall not add any sugars or fats to the dough during the process of baking or to the bread or rolls when baked.

10. Bakers shall manufacture only a single loaf or a multiple thereof closely banded together baked in a pan with no cutting or washing; provided that bread containing not less than thirty-five per cent (35 per cent) of rye flour may be baked on the oven bottom in two styles only, viz:

11. Until further directed wrapping of bread or the placing of a band thereon is prohibited.

12. Labelling of bread shall be permissible by the manufacturer of such bread.

13. The licensee shall not manufacture, distribute, sell or otherwise handle any bakery products and make thereon an unjust, exorbitant, unreasonable, discriminatory or unfair commission, profit or charge.

14. The licensee, in selling bakery products, shall keep such products moving to the consumer in as direct a line as practicable and without unreasonable delay. Resales within the same trade without reasonable justification, especially if tending to result in a higher market price to the retailer or consumer, will be dealt with as an unfair practice.

15. The licensee shall not buy, contract for, sell, store or otherwise handle or deal in any food commodities for the purpose of unreasonably increasing the price, restricting the supply of such commodities or of monopolizing or attempting to monopolize

either locally or generally, any of such commodities.

16. The licensee shall not destroy any bakery products and shall not be permitted to conspire through deterioration in connection with the manufacture, distribution or sale of any bakery products.

17. The licensee shall not, without the written consent of the Food Controller of Canada, or his duly authorized representative, keep on hand or have in possession or under control by contract or other arrangement at any time flour in a quantity in excess of the reasonable requirements of his business for use by him during a period of thirty days; Provided, HOWEVER, that this rule shall not prevent the licensee having in transit sufficient flour to maintain the licensee's stock within the limits herein prescribed.

18. The licensee shall not accept returns of bread or other bakery products, nor make cash payments, nor allow credit, to any retailer for any unsold bread or other unsold bakery products for other bread or bakery products which he has sold.

19. The licensee shall not issue, or make public, market quotations, or make any statements to any person regarding the price at which food commodities are being sold, which quotations or statements cannot be verified either from his own records or from the records of other licensees and shall not make any other misleading statements which tend to enhance the price of any food commodities.

20. The licensee shall place on every contract, order, acceptance of order, invoice, price list and quotation issued or signed by him, the words "Food Control of Canada License Number," followed by the number of the license. No licensee shall knowingly buy any food commodities from or sell any such commodities, for any person required to have a license by any order now issued on which may hereafter be issued, unless such person shall have secured such license and complied with the provisions of this rule.

21. That the following shall be the fee chargeable for a license to manufacture bakery products:

When the value sold does not exceed \$10,000 per annum \$5.00

When the value sold does not exceed \$50,000 per annum \$10.00

When the value sold does not exceed \$100,000 per annum \$15.00

When the value sold does not exceed \$200,000 per annum \$25.00

When the value sold does not exceed \$300,000 per annum \$30.00

When the value sold does not exceed \$400,000 per annum \$40.00

When the value sold does not exceed \$500,000 per annum \$50.00

and \$5 for each \$50,000 additional or fraction thereof of the value sold.

NEW HOSPITAL EMBODIES MODERN IDEAS

A five-story structure, in which many of the most modern ideas in hospital construction have been embodied, is the recently completed annex to the Union Hospital in Fall River, Mass., which is described and illustrated in the February Popular Mechanics Magazine. A feature that instantly attracts attention is the manner in which each of the stories above the first recedes from the front more than the one beneath it, thereby providing space for broad, uncovered balconies that extend the full length of the building and are accessible from all adjoining rooms. Rows of flower boxes add much to the attractiveness of these rest places. On a level with the second floor is an inclosed, heated passage-way connecting the annex with the old building. In the basement of the new structure are the heating plant and an ice plant. The offices and operating rooms are on the main floor, dormitories on the second floor, private rooms on the third, and children's quarters on the fourth floor.

Courtesy in business is the modern incubator. Lack of it is the old-fashioned hen sitting on six eggs with three shells cracked.

Lemons Beautify!

Strain lemon juice well before mixing and massage face, neck, arms, hands.

Here is told how to prepare an inexpensive lemon lotion which can be used to bring back to you skin the sweet freshness of which it has been robbed by trying atmospheric conditions. Windchafe, roughness, tan and redness are washed off and those tell-tale lines of care or of age are softened away.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothener and beautifier.

Just try it. Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck arms and hands and see for yourself.

A Perpetual War of Germs

In every human body there is continual strife between the forces of health and disease, while headaches, nervousness and frequent colds mean weakness and lorerun sickness. In changing seasons your system needs the oil-food in

SCOTT'S EMULSION

to increase the red corpuscles of the blood and create that resistive power which thwarts colds, tonsillitis, throat troubles and rheumatism.

Scott's is high-powered medicinal-food, free from harmful drugs. One bottle now may prevent a sickness.

Scott & Bowne, Toronto, Ont. 17-41

CONCERNING MAIL MATTERS

The Deputy Postmaster General has issued the following announcement:

Up to the present it has been permissible to send letters destined for persons in an enemy country or a country in the occupation of the enemy subject to censorship through the medium of an intermediary in a neutral country. An arrangement has now been made whereby such correspondence can be forwarded through the medium of Messrs. Thos. Cook & Son, 530 St. Catherine St., W., Montreal in connection with the authority received by their London House from the British Government to undertake the transmission of such correspondence.

The letters to be forwarded must relate only to private news and must not contain any reference to military or naval movements, to political and economic conditions or the like. The letter should be enclosed in an envelope legibly addressed to its ultimate destination, and must be left open in accordance with the censorship regulation of enemy countries.

This should then be placed in another envelope addressed to Thos. Cook & Son, 530 St. Catherine St., Montreal, together with a slip bearing legibly written, the name of the sender and also a postal note for twenty-five cents to cover the charges.

This amount covers the expense of transmitting the letter to a neutral country from thence to an enemy country and the reply. The arrangement necessary to ensure the transmission to the writers of any reply from the enemy country, the correspondence in enemy countries will be made by Messrs. Thos. Cook & Son.

There are certain towns to which on account of restrictions imposed by the enemy Messrs. Thos. Cook & Son cannot forward correspondence and in other cases they are only able to transmit the letter without making arrangements for the reply. Full particulars, however, may be obtained from Thos. Cook & Son on writing to them at 530 St. Catherine St., W., Montreal and enclosing a stamped addressed envelope for the reply.

Letters addressed to enemy and enemy occupied territory can only be sent in this manner and any which are being forwarded through other than this authorized channel will be returned to the sender. This does not effect in any way correspondence addressed to Prisoners of War in enemy or enemy occupied territory which is to be forwarded in accordance with the Prisoner of War regulations.

HARD WORK FOR CUPID

Roumanian Farmers Try to Keep Their Sons from Wedlock

The Roumanian farmer doesn't think much of matrimony. A bachelor hasn't missed much, in his opinion. And when his son gets the marrying bee buzzing in his bosom the Roumanian dad is apt to take a hickory club and beat it out of the young man's system.

That's why the Roumanian youth when he is in love never confides the happy secret to his father. He goes and tells his mother, for women story believe in love and marriage, although they lead from the altar to the wash-tub. But the father has faced the mule heels and the plow handles so long in his hard struggle to feed the hungry mouths opened to him by marriage that he has forgotten he was once a lover sighing lover's tales. He is about as much in favor of state wide matrimony as a sick boy is in favor of castor oil.

So the son tells his mother. The mother feeds father the best dinner she can cook, and when the old man is in a mellow mood she breaks the sad news about their boy. If she is skillful enough she wins his grouchy consent, and he calls in his two best men friends. These two go with his son to the girl's home. Perhaps she has heard nothing of the love affair, but when she sees them coming she guesses what's up. Her father entertains the visitors, and if he lets the fire go out it means he has taken this method to turn them down cold.

Roumanian wives all have silk dresses or silk shawls. Their husbands do not buy the silk for them; the women raise it themselves.
