The New Millinery Shown Here Is a Revelation in Loveliness

MOORE & McLEOD millinery has won the reputation of style supremacy and leadership for the city. For quality of materials, for distinction and originality of styles this millinery shop is without a rival in the city—or indeed in the Province. And the logical result is enormous and increasing business. Our big staff under the charge of Miss Wilson is working day and night to keep up to the orders that are pouring in.

And so we repeat to-day—please bring in your orders for this week early. Of course at any time we'll do our level best—but we want to do for you even better than our best, which just a little extra time makes possible so come Monday or Tuesday and give us 24 hours the time you can—so we are so equipped that we CAN "rush it" if you need it so.

How do you like the hat illustrated above? We'll reproduce it very cheaply if you say so.

Hats of distinctive style cost no more than you've often paid for ordinary things.

We want your mail and Phone orders

LOST of people use our mail order department for their shopping—and many people shop with us by long distance telephone. Many of these customers have been good natured enough to say that we give them splendid satisfaction. We do our best—and that is "going some." Write for our latest

"coat folder." Or if you are in need of anything of any sort write us about it—we have plenty of time to tell you all we know on the point or to send you all the samples you care to see.

"The Latest Standard Patterns"

Do you know that the "Standard Patterns" are the very best seam allowance patterns that money can buy? And do you know that the October patterns are here? 10c and 15c.

The Standard Style Book is one of the best propositions we know of. You pay twenty cents for the "Style Book" which illustrates more than a thousand new fall designs—and each copy of the "Style Book" has a coupon in front that entitles you to a 15 cent pattern free. In other words the Style Book costs you FIVE CENTS. And it's worth more than that even if you tore out the leaves to tie up parcels with them. Think it over!

WE are selling a tremendous lot of wall papers this month. Never yet saw so much good wall paper sold in the autumn. But it's a good idea, when you come to think of it. We've a splendid range of artistic designs that you probably have not seen—and you will find it easier to get a paper hanger now than in the rush of the early spring.

No use trying to describe wall papers. That's one of the lines that you simply have to see. And our Mr. Hertz would rather show you handsome wall papers than spend time any other way. You are cordially invited to join the number of "wise ones"—and call to-day.
