SEATS NOW SELLING AT BOX OFFICE

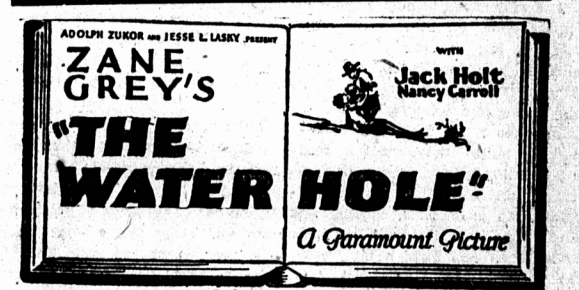

CAPITOL TODAY

NEW SERIAL JACK HOLT LAST OLD SERIAL

3-BIG FEATURES-3 OPENING OF THRILLING NEW SERIAL Hidden Treasure—plate gold—walking the plank. Yo! Ho! Ho! and shades of the Skulls and Bones! It's stories like this one of William MacLeod Raine that make adventure run through your blood like fire!

LAST CHAPTER "Final Reckoning"

Zane Grey's book opens into a beautiful picture. Acted by a master cast. Placed in a native setting. Reproduced in natural colors. A strange story of a strong man and a feminine woman.

Capt. Mac Wins Feature Race At Halifax Ex.

(Canadian Press) HALIFAX, N. S., Aug. 29.—The free-for-all with Captain Mac-winning in straight heats from three Cape Breton community horses and one from the island, proved the feature race at the Provincial Exhibition today. The three races were won by sons of the Nova Scotia Government stallion, Captain Aubrey, and Ruby Aubrey, the only other heat winner, was also sired by that horse.

ROVERS AND STARS THIS AFTERNOON

The opening game of the play-off series between the Rovers and All-Stars, for the City Baseball Championship takes place this afternoon at 4.30. It will be remembered that on last Tuesday night an effort was made to start the series, but owing to darkness the game was called in the eighth innings. This did not constitute a game as all play-off fixtures have to go the full nine innings.

The Central Guardian

BOYS AND GIRLS School here in CAMPBELL—At Long River on August 23rd, to Mr. and Mrs. Heath P. Campbell, a son, Windsor Sutherland.

CHURCH OF SCOTLAND—Rev. Ewen MacDougall will preach Sabbath Sept. 1st, at Bangor at 11 a. m.

POLICE COURT—A man charged with obstructing an officer in the performance of his duty, was dismissed. A taxi man neglecting to stop after a motor accident, had his case adjourned. A case of unlawful possession of liquor, was adjourned.

SMITH—WALKER—A very pretty lawn wedding was solemnized at 4.30 o'clock Wednesday afternoon when Miss Verna Smith, B. A., daughter of Mr. Walter Smith, Pownal, was united in marriage to Mr. George C. Walker, formerly physical instructor at the Y. M. C. A. and now located in Sherbrooke, Quebec. The ceremony was performed on the lawn of Mrs. Stewart, sister of the bride, under an arch, beautifully decorated with cut flowers, vines and potted plants, the officiating clergyman being Rev. Merman C. Campbell, pastor of Pownal United Church. The bride, who was becomingly gowned in whiteorgette with veil caught with orange blossoms, and had and shoes to match and carried a handsome bouquet of American Beauty Roses and sweet peas, was assisted by Miss Florence Brown, who was attired in pink Taffeta with hat and shoes to match and carried a very pretty bouquet of American Beauty Roses. Mr. Earl McInnis supported the groom. Little Miss Muriel Jones acted as the little flower girl while the ring bearer was little Olive Stewart. During the signing of the Register Mrs. Nathaniel MacKinnon sang acceptably "Because," accompanied by Miss Hazel McIsaac, who also played the Wedding March. After the ceremony a dainty wedding supper was served. Mr. and Mrs. Walker leave on Monday morning for Sherbrooke, Que., where the groom is physical director in the local Y. M. C. A. The Guardian extends hearty felicitations to the young couple.

EXCELLENT SHOWING AT HALIFAX—The excellent showing of the Island exhibitors at the Halifax Exhibition is indicated by Halifax. In the Guernsey class Mr. Louis Roper of Charlottetown was the big winner with his bull Carter's Mixer King, winning two prizes as Senior Champion Male and Grand Champion Male. His young yearling bull also won the prize as Junior Champion Male. Other prizes won by cattle owned by Mr. Roper are 2-year old dry, 3 and 4; Junior yearlings, 1, Senior Herd, 3; Get out of sire, 3; Breeder's young herd, 4. In the Ayrshire Class A. E. MacRae and Sons received the second largest share of prize money, taking first prize in the 3-year old milk class, and in the 3-year old milk class, and also in several of the male classes.

C. B. C. Notes Board's Work

Continued from page 2

If there are any graduates from this college who are out of employment; they are requested to communicate with the college at once.

It has been one of the pleasing features during the holidays to receive calls from so many of our former students and to hear their expressions of thankfulness that they are graduates of the "good old C. B. C."

Among scores of others whom we were pleased to see last week was Miss Nellie McInnis, formerly of Lakeville, King's Co., now of Fortland, Oregon. Miss McInnis has been in one employ for twenty-seven years.

It is a singular fact that up to the present, the Charlottetown business college is the ONLY institution to prepare Court Reporters who measure up to the strict requirements of the P. E. Island's Court Reporter's Act for Speed and Efficiency.

That sound training tells is measured by the splendid service C. B. C. graduates are given the employing public.

Everything is now in readiness for the term which opens on Tuesday next, September 3rd. The courses of instruction are thoroughly practical and interesting, while the class-rooms are bright, cheerful and homelike.

The coming term marks a great epoch in the long and enviable history of the C. B. C., and it will be made the BEST. It will be YOUR loss if you miss it.

Extra teachers, specialists, will be on the staff this term, specialising in English, Arithmetic and assisting in Shorthand and Typewriting.

This is YOUR opportunity. Be advised and EMBRACE IT.

PERSONALS Mrs. A. S. Dawson of Pictou, who was attending the Exhibition, returned to the main land on Monday.

Mr. Delmont A. Yeo, student catechist at Bradalpine spent the week at his home in Tyne Valley.

Miss Pauline Seaman, of Charlottetown, spent Sunday at Birch Point Farm, Victoria.

Miss Mary Steen, of Victoria, was a visitor in Summerside Wednesday evening.

Mr. S. A. McDonald, Charlottetown, spent Sunday at Birch Point Farm, Victoria.—V.

Mr. A. L. M. Swabey of Nova Scotia, is visiting friends in Charlottetown, where he is well and favorably known. He is a guest at the Russ.

Rev. and Mrs. Andrew Brown of Springhill, N. S., are spending their vacation at Tyne Valley, the guests of her parents, Mr. and Mrs. J. E. McLean.

Mrs. Wm. P. Dolan, accompanied by her daughter, Marie, left yesterday morning on return to their home in Forrest Hill, Mass., after spending the summer visiting relatives and friends on the Island.

THE RUSS HOTEL A. E. Branscombe, Saint John, N. B.; J. C. Graves, Moncton, N. B.; Wm. LeBlanc, St. John; J. A. Nicholson, Urbana, Illinois; Miss Jamie Ferguson, Hampton, P. E. Island; W. Birchell, Little Bras D'Or, C. B.; Mrs. N. McIntosh, Little Bras D'Or, C. B.; N. McIntosh, Little Bras D'Or, C. B.; R. A. Clark, Liverpool, N. S.; P. E. and Mrs. Keeping and family, Kentville, N. S.; George Pebble, Providence, R. I.; J. H. Nelles, Springhill, N. S.; W. M. Sands, Ottawa; Miss Noonan, Pictou; W. Harper, Port Elgin; Mr. and Mrs. J. A. Roche, Everett, Mass.; Mr. and Mrs. W. S. Holmes, Boston, Mass.; Mrs. M. J. McLeod, Murray River; Mr. and Mrs. Fred Bennett, Murray River; Nelson E. McLeod, Tyro, N. S.; A. B. McLeod, Tyro, N. S.; Miss Full, Trenton; Mrs. G. M. Full, Trenton; Dr. C. N. Full, Trenton; Miss Lydia Simmons, St. Peter's Bay; Mr. Wilfred McEwen, St. Peter's Bay; Mrs. Frank McEwen, St. Peter's Bay; Mrs. Emery McNeill, St. Peter's Bay; Mrs. Emery McNeill, St. Peter's Bay; Miss Olive Sanderson, St. Peter's Bay; Mrs. Annie Sanderson, St. Peter's Bay; Mrs. Leith Sanderson, St. Peter's Bay; Mr. Leith Sanderson, St. Peter's Bay; Foster Dunning, New London; Miss Hazel Bernard, New London; E. Dunning, New London; Mrs. H. L. Dunning, New London; Mr. and Mrs. Charles Ellis, O'Leary; Mr. and Mrs. Avard Harris, O'Leary; Mr. and Mrs. Melvin Ellis, O'Leary; E. M. Langille, St. John.

While our government for years past have been making improvements on all our roads, the question of a permanent hard surfaced road extending through the centre of the province is one that must be faced at a very early date if we are to receive our fair share of the tourist trade from the Dominion from the United States, and if we are to compete with the other sections of the Atlantic provinces in catering to tourists from the central and western portions of the Dominion.

The Canadian National Railways are doing their part in an endeavor to popularize our province and direct tourists to our shores by the proposed erection of a modern hotel in this city. But we must play our part by erecting a highway of connecting roads in other parts of the Dominion.

Our Ferry Service We have given proper attention to our ferry service at Borden and its relation to the increased auto traffic to and from the province. Within the province we have a ferry service running on schedule time every day in the week, Sundays included, and at different points while the province as a whole is deprived of such communication. Have you considered that auto traffic from the province is suspended from Saturday afternoon until Monday forenoon? For instance, you leave Charlottetown at 4 o'clock Saturday afternoon, you arrive at Tormentine about 12 noon the following Monday, a distance of about 44 miles in 46 hours and about like conditions pertain with parties wishing to visit the province. The car ferry should operate on a schedule time every day in the week during the tourist season. This is a matter that must be remedied if we are going to receive our fair share of this traffic.

A Maritime Trade Commission—This is a service that has been proposed during the past year under the capable leadership of R. W. E. Burnaby with headquarters at Toronto. This organization has already proven to be of a direct benefit to the Maritime and has justified its existence. Our Board of Trade will do well to keep in touch with this organization as it is in a position to render service of great value to this province.

At our last convention we recommended that action be taken re publishing booklets showing the great superiority of our Island grown potatoes and that booklets be placed in each sack describing the superior

largely responsible for the low price received by our farmers last year. This year according to reports by their Department of Agriculture the anticipated crop is only 378,000,000 bushels, being 10,000,000 bushels less than the average, or 91,000,000 bushels less than they produced last year.

From the above information it can readily be seen that a fair price will be obtained this year from our product. Our potato growers in choosing the policy of compulsory inspection of all potatoes exported from the province have adopted a sane policy, one that will further add to our prestige in the potato markets of the world.

The Fox Industry. This great industry is second only to agriculture and its possibilities are not yet fully realized by all our stock raisers. An industry that is capable of bringing an annual revenue to this province of about four million dollars is surely worthy of being maintained on a high standard.

The proposed silver fox show to be held here in autumn is another forward step in the interests of this industry and will receive the whole hearted support of every citizen of the province.

Prince Edward Island being the cradle of the fox industry still continues to produce superior types of these fur-bearing animals that will continue to command the attention of the world, and by establishing here an annual fox exhibition it would but seem to be in keeping with the high prestige that we have already attained.

In the annual report of the fox breeders of Canada, recently published at Summerside it is shown that the number of pups inspected here last season was 20,044, being by far the largest of any province in Canada, the next in importance being the province of New Brunswick with only 8,874 pups of the year. The Bureau of Statistics for the year 1928 states that Prince Edward Island is famed all over the world for her fox farms of which in 1928 there were 720 in operation. The value of the animals was estimated at \$2,118,320 and land and equipment at \$1,163,820. It further states that the province's annual gross revenue was realized from the following:

Table with 2 columns: Field Crops, Farm animals, Wool, Dairy products, Fruit and vegetables, Poultry and eggs, Fur farming, Clover grass seed. Total \$21,750,000.

The estimated agricultural wealth of the province is placed at \$89,751,000. The estimated value of the animals in the province is as follows:

Table with 2 columns: Horses, Milk cows, Other cattle, Sheep, Swine. Total \$4,010,000.

Total value of poultry in 1928 was \$27,000. From 937,324 fowls, consisting approximately of 14,000 turkeys, 34,000 geese, 2,800 ducks and 880,000 other fowls, egg production amounted to 3,957,000 dozen valued at \$1,226,689.

Princed Edward Island raises about \$3,000,000 annually from the sale of dairy products, it has thirty-six factories producing 5,659,740 pounds of creamery butter and 1,658,430 pounds of cheese.

The value of marketed fish in 1928 was \$1,196,681.

A Permanent Highway. While our government for years past have been making improvements on all our roads, the question of a permanent hard surfaced road extending through the centre of the province is one that must be faced at a very early date if we are to receive our fair share of the tourist trade from the Dominion from the United States, and if we are to compete with the other sections of the Atlantic provinces in catering to tourists from the central and western portions of the Dominion.

The Canadian National Railways are doing their part in an endeavor to popularize our province and direct tourists to our shores by the proposed erection of a modern hotel in this city. But we must play our part by erecting a highway of connecting roads in other parts of the Dominion.

Our Ferry Service We have given proper attention to our ferry service at Borden and its relation to the increased auto traffic to and from the province.
