IN MEMORIAM

WILLIAM ROBERTSON

There passed away at his home at Poplar Point on May 7th William Robertson a well known and highly respected resident of that place. Deceased was in the 75th year of his age and had been in failing health for some time, having suffered a paralytic shock about 2 years ago from which he never fully recovered. His funeral which was largely attended took place on May 9th. He leaves to mourn a sorrowing wife, three sons and three daughters, The daughters are Mrs. D. McLean, Goldfield Nevada, Mrs. F. Lawler of Lawrence, Mass., and Mrs. Ersing Belcher of South Weymouth, Mass. The sons are William R. and Milford at Poplar Point and Hudson on the homestead also two brothers and one sister Mrs. Alfred Banks of Noank, Conn.; George of Ranesser, B. C., and Lemuel of North Abbington, Mass.

In loving remembrance of William Robertson.
We miss thee from our home dear,
We miss thee from thy place
A shadow o'er our life is cast,
We miss the sunshine of thy face
We miss thy kind and willing hand
Thy fond and earnest care,
Our home is dark without thee
We miss thee everywhere.
9109.

LETTER OF SYMPATHY

On the occasion of the death of her daughter, the following message of sympathy was forwarded to Mrs. John A. Stewart, High Bank, P. E. I., by the members of the Auxiliary of the Women's Home and Foreign Missionary Society of Little Sands, Presbyterian Church.

Dear Mrs. Stewart:—

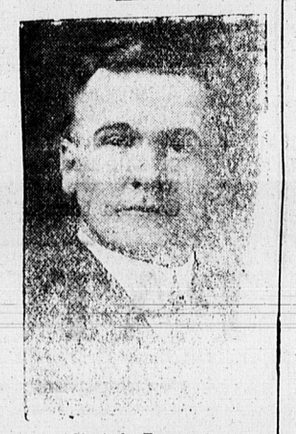
We, the members of the Auxiliary of the Women's Home and Foreign Missionary Society of Little Sands, (P. E. I.,) Presbyterian Church desire to extend to you our very deep sympathy in the loss you have lately experienced by the death of your beloved daughter Flora.

This has been a severe trial to you and we feel that these words are vain in bringing you consolation. We pray you may be comforted of God who says call upon Me in the day of trouble and I will deliver thee. May He console your sorrowing heart, and fill the void he has made and bless you with his sensible presence. So that in the midst of sorrow you will be enabled to say

"Thy will, not mine, be done."

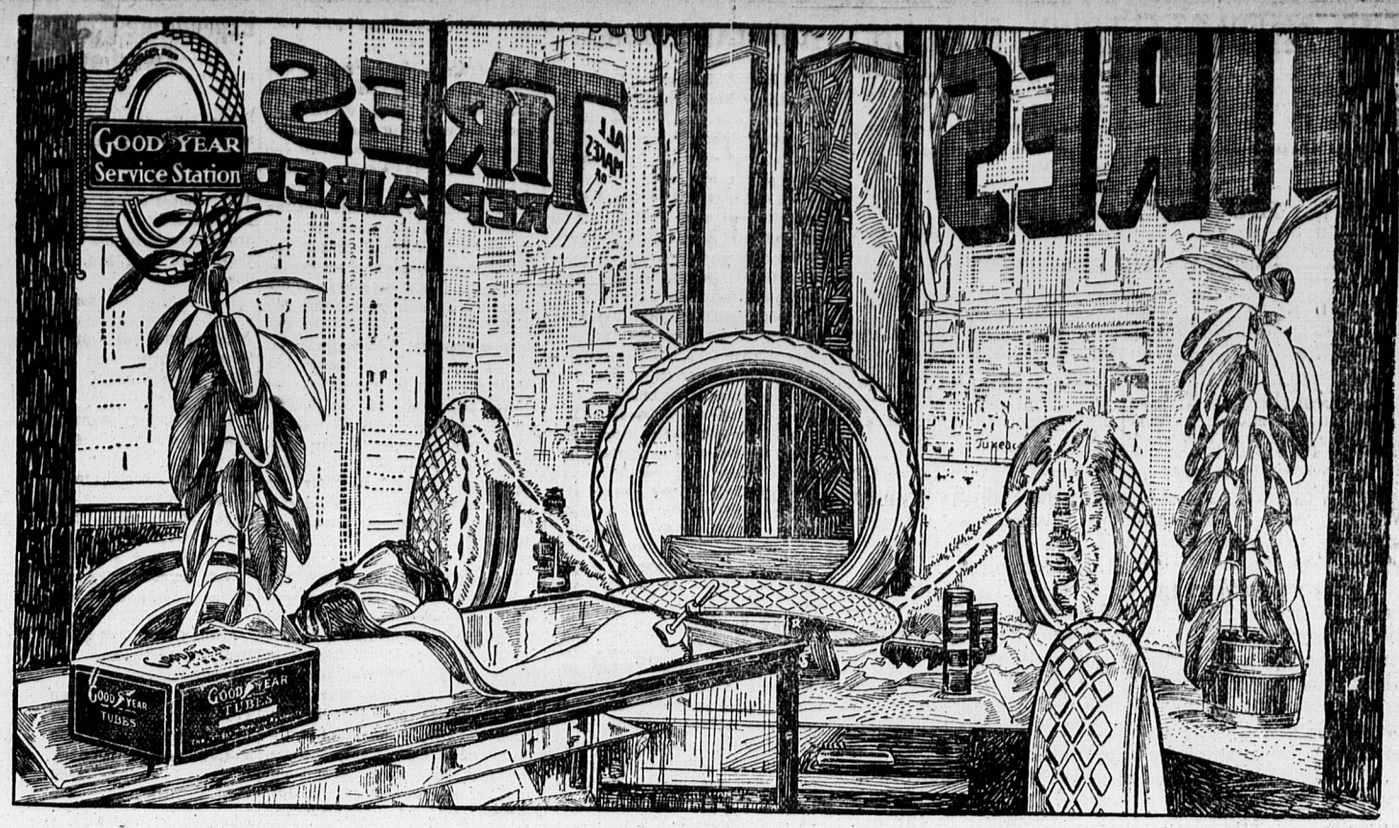
Signed by President and members of the W. H. and F. M. Society

SUCCESSFUL ISLANDER



Noel A. Farrow

"His many friends will be pleased to learn that among the names of the successful candidates in the pharmaceutical course in the University of Alberta is that of Mr. Noel A. Farrow, the son of Mr. Frank Farrow, formerly of this city. Mr. Farrow is one of our successful Islanders who left Prince Edward Island in 1912 for Western Canada. He worked with A. W. Reddin before proceeding West. Continuing in the pharmacy work in the West, his studies were interrupted by the war. He enlisted as a private in the 10th. Battallion in Calgary, proceeded to France, and was promoted shortly to the rank of Captain for services in the field. He was twice wounded, first at Loos, then at Arras, and was invalided to England. Returning home in July 1919, he resumed his studies in the Pharmacy course in the University of Alberta at Edmonton. It is noteworthy in passing that this University occupies in the Westan unique and direct relationship to McGill University in the East. Entering as he did upon the final year of the four year course, Mr. Farrow's showing in graduating with honors is tribute to his ability and brilliancy as well as to his early education which was obtained in the public schools of this city. Immediately on graduation he was offered the position of dispensing chemist to the Calgary City Hospitals. His many friends are elated at his appointment to this important and remunerative post, and join in best wishes for a brilliant and successful future."



Get all the Tire Mileage You Buy!

THE average motorist is only getting about 60 to 80 per cent. of the mileage which is built into his tires at the factory.

This is the basic reason behind the Goodyear Service Station policy and Goodyear Tire Savers.

Many tires are ruined by poor tubes and lack of tube care.

Buy good tubes and give them the best of care.

Clean the rust from rims when you change a tire.

Be sure the inside of the casing is clean before you insert the tube.

Learn to use a sprinkle of Goodyear French Talc to prevent chafing and friction.

Keep your valves clean and air-tight, and the air-pressure up.

Carry spare tubes in Goodyear Tube bags to prevent injury by loose tools and from chafing.

Let your Goodyear Service Station Dealer show you the advantages of Goodyear Heavy Tourist Tubes, and how to use the Goodyear Tube Repair Kit.

He is glad to do this, and many other things that save tires, to increase your mileage. He knows that long mileage tires bring customers to him.

He is taught by Goodyear that low-cost-per-mile has built for Goodyears the largest sale of any tire in the world.

To supplement his work, we will gladly send you, free, our Tire Conservation Course. Write us at Toronto for this course.

Farewell Address

The following address presented to Mr. and Mrs. Theodore Ross tells of the high esteem in which they are held and regret at their departure.

To Mr. and Mrs. Theodore Ross:—

Dear Mr. and Mrs. Ross:—

We have been informed that you are about to leave this community, and we have thought it fitting, before you do so, to endeavor to convey to you some idea of the high place which you hold in our esteem and regard.

You, Mr. Ross, are a native of this district, and all your life you have been interested in it. You are a member of a brilliant family all of whom have brought credit to their native place. We feel, in your departure from North Bedeque, that we are losing the last member of a name that for many years has been a prominent one in this community. Like your respected father, you have always been a public-spirited citizen. In our school, you have taken a deep interest. In your own day, you were one of its most brilliant scholars; while in these last years you have very capably filled the office of Trustee, and have always endeavored to keep the interest of the comunity in educational affairs at a high level. In short, any public movement, making for the welfare of the community or province has always been assured of your active sympathy and support.

We have not know you, Mrs. Ross, for as long as we have been acquainted with Mr. Ross, but for a number of years we have been glad to call you one of our personal friends. Like your husband, since you took up your residence in this community you have been active in every good work. During the years of the Great War, you have been an effective worker in the Red Cross Society, and have been active in all Patriotic work. A member of the choir of the church, and also of the W.M.S., you have been faithful in these services, and your place will be hard to fill. We feel that our community as a whole, is decidedly the poorer, because of your removal.

However, we recognize that our lives in this world are marked by incessant change. Life is checkered with shade and sunshine. We cross one another's paths for a time and the friendships formed are mutually pleasant. Then our lives are ordered in different spheres. It is important that the memories which we carry with us be pleasant, so that each stage of life may be enriched by what has gone before. You are bringing to a close one epoch of your lives. We trust that the memory of the years spent in North Bedeque may be ever dear to you.

While your removal from this community is a distinct loss to us, yet we know that our loss will be other's gain. We trust that happiness and prosperity may accompany you, wherever you may go, and we feel that you will be a blessing to any community in which you may dwell.

As a slight memorial from North Bedeque, we would ask you to accept these gifts, not for their intrinsic value, but for the spirit in which they are given. We hope that you may find them useful, and that they will ever bring to your minds the high place which you hold in the esteem of the people of you old home.

Cuticura SOAP
and Cuticura Ointment

The pore-cleansing, purifying and sterilizing properties of this wonderful skin soap, using plenty of hot water and soap, best applied with the hands, which it softens wonderfully and the soothing and healing properties of Cuticura Ointment for redness and roughness, pimples and dandruff, if any, will prove a revelation to those who use them for the first time.

Soap 25c, Ointment 25 and 50c. Sold throughout the Dominion. Canadian Depot: Lymans, Limited, St. Paul St., Montreal. Cuticura Soap shaves without mug.

Big Musical Company Coming

WEDNESDAY AND THURSDAY JUNE 2ND. AND 3RD.

The latest play founded on the popular comics of "Bringing Up Father", the world renowned cartoons created by George McManus, will be the next offering at Prince Edward Theatre. It bears the infectious title of "Bringing Up Father in Society." As might be inferred, the theme of the attraction revolves around the efforts of "Jiggs" Mahoney, "Mother" Dinty" and the rest of the Mahoney clan, to break into the charmed circle. In justice to "Jiggs", who is better known as "Father", it may be chronicled right here and now that he is forced to enter "society" against his will. How he fares, how he meets and opposes the best laid plans of his wife, "Mother" how he arouses laughter, mirth and paves the way to gaiety, joy, happiness, and gladness unconfined, is entertainingly described in three rollicking, and side splitting acts, each welded to catchy and original music. The cast is a large and competent one in which a chorus of pretty and vivacious young women predominate. Matinee Thursday. Seats will go on sale Friday 10 a. m. at the Theatre ticket office.

Where Butter Profits are Made or Lost

You, as a dairy farmer, know better than we can tell you that the bowl of the separator is the place where butter profits are made or lost. Right there you have the big fundamental reason why we spent over a million dollars in bringing the bowl of the EMPIRE BALTIC to its present state of perfection. Years of constant study and experiment on the part of the best centrifugal engineers of America stand back of the EMPIRE BALTIC—the Separator with the Million Dollar Bowl.

We solved the problem of self-centering and self-balancing by the unique method in which the bowl rests on the flange of the spindle instead of on the top of it—it adjusts itself—it is free from vibration, and vibration unfailingly shakes the cream back into the milk after it has been separated

The trade mark below is the family "coat-of-arms" of the leading line of dairy machinery — EMPIRE. You will find it on the EMPIRE-BALTIC dealer's store.

Many other exclusive features make the EMPIRE BALTIC stand out as an above-the-ordinary separator—the rope-neck bearing absorbs all shocks and wear and tear—the ratchet coupling avoids "the jerk in turning"—the great simplicity of the driving arrangements means easier turning and smoother running—the oiling system is as simple as it is efficient, and so on.

Your experience as a dairy farmer enables you to judge separators as accurately as you can judge cows. Knowing this, we ask you to call on the nearest EMPIRE BALTIC dealer. And—write for our catalogue 33
