AN INTERESTING DESCRIPTION OF CASA BLANCA

Some Details of a Place Whose Name Has Become Noted in Recent History—A Dull and Uninteresting Morocco Town

PARIS, Nov. 4.—Before Casablanca is forgotten—or rebuilt, for it is all but destroyed—it is interesting to know what it was like. It was not at all a Moorish city like the others. It was not built in the Middle Ages, when the Moors of Spain transmitted their culture to Africa, and Morocco finished at the Pyrenees. There was nothing romantic in its history or picturesque in its situation. It was just a modern seaport resulting from inefficient efforts of Moors and Europeans to trade together.

CANNED SHARK POPULAR DISH WITH SWEDES

By Proper Treatment the Food is Made Very Palatable and Marketable.

NEW YORK, Nov. 4.—"They can shark in Sweden," said a butcher. "They make of sharks' flesh a very palatable and nourishing meat extract."

"For several years the business has been going on, and there are now several factories engaged in it. The stuff tastes exactly like extract of beef. The fish taste is eliminated by a secret process."

"The sharks, which are plentiful in those waters, are first chopped up fine in big hoppers, and afterwards boiled down to a liquid of the consistency of thin gruel. The oil is skimmed off, a second boiling follows, then a filtering. A clear fluid then remains. This is evaporated to the thickness of molasses, seasoned with salt and sugar and sealed up in jars, after the addition of some unknown chemical."

"It is an excellent meat extract. It hasn't a suspicion of fishiness about it. It builds up a consumptive or anaemic person as well as the best beef would do."

LET THE STOMACH ALONE. You can't cure catarrh by dosing the stomach. The disease is in the throat, nose and bronchial tubes. Inhale Catarrhzone to the spot where the disease, really is,—it cleans away foul secretions, stops discharges at once, purifies and heals the passages, literally annihilates every trace of catarrh. Nothing else is so direct and certain as "Catarrhzone." Results guaranteed. Two sizes, 25c and \$1.00 at all dealers.

If the test of time

When applied to your clothing reveals flaws in the fabric, in the workmanship, or in the fit, it is certain you paid more for the garment than it was worth, no matter how little you paid for it.

My clothing is good when you buy it. It stays good until it is worn out. And it doesn't wear out until it has given you the service equivalent to every cent you paid for it.

If that is the sort of clothing you want to wear, come to the Up-to-Date Clothing and Furnishing Store and get it.

We've Been Asked To Explain

why there is so much difference in the heating capacity of HARD COAL BASE BURNER HEATING STOVES having same size of FIRE POT.

Primarily it is in the FLUE CONSTRUCTION. Take for instances.

The Silent Base Burner

which has an exceptionally large base, gives ample room for perfect flues holding more than the ordinary amount of HOT AIR which naturally increases the radiation. Add to this the extra long travelling capacity of the hot air and you will readily understand why Silver Moon Stoves give out so much heat with so little fuel.
