NOTES FROM FREDERICTON.

The farmers of this vicinity are busy engaged in hay-making and in some cases report an excellent crop.

Na-Dru-Co Laxatives advertisement with logo and text: accomplish their purpose with maximum efficiency and minimum discomfort. Increasing doses are not needed. 25c. a box at your Druggist's. 174 National Drug and Chemical Co. of Canada, Limited.

Some citizens were shocked a few mornings ago to observe what they thought was a drunken man going down the road very early, but, upon examination, it was found that it was only one of our enterprising merchants, (accompanied by one of our up-to-date farmers) who had fallen asleep while returning from his fox ranch some four miles distant. The appearance of Fredericton is being improved by two up-to-date new residences which are nearly completed and are being built by Messrs J. A. Cutliff and Golden Weeks. They will add very much to the attractions of this town.

ALWAYS CONSULT THE PHONE DIRECTORY.

It is surprising the large number of people in Charlottetown who, when they want to inquire about their Morning Daily Guardian or subscription, ask Central for the News phone No. 132-3, instead of 132-2, or when they want to inquire about advertising ask Central for the Subscription phone No. 132-2, or for the News Phone No. 133, instead of 132-3; or when they want the News or Editorial Department ask Central for the Subscription phone No. 132-2, or the Advertising phone No. 132-3, instead of 133, although all those departments and their respective phone numbers are plainly given in the telephone book. Some people, instead of looking at the book, even phone one what number to ask for to get another department. All this is a great waste of time on the part of the person phoning, the operator at the Central, and the clerk in the department wrongly phoned. The news staff, on an upper floor, cannot give the necessary information about either advertising or subscriptions, nor the advertising staff about subscriptions or news, nor the subscription staff about advertising or news. In other words the clerks know and can do but their own work in their own departments, and if it were otherwise they would be continually running from one department to another, up-stairs and down, mixing work, wearing themselves out and causing the greatest possible confusion. On and after 6 p. m. daily it is useless to ask for any phone numbers except 132 and 133. Patrons who consult their phone books for the numbers they really want will greatly lessen the work of the patient Central telephone and Guardian clerks and thus help make their lives much brighter and happier. 3-16dtf.
