sane Hospital report, in which is also given a report of the Provincial Infirmary.

The PREMIER moved the House into committee on the bill to consolidate and amend the acts relating to the Court of Chancery. Mr. Williams in the chair. The discussion in the committee was carried on by the lawyers, chiefly by the Premier and Mr. Mathieson.

At 5 o'clock the committee divided 14 to 12 rejecting an amendment moved by Mr. Arsenault to the clause authorising two Judges to sit tomorrow afternoon at 3 o'clock. The House adjourned till tomorrow afternoon at 3 o'clock. THE INSANE HOSPITAL AND INFIRMARY REPORT

This report includes the annual report of Trustees, Hon. F. L. Hazard, President, Hon. James H. Cummins, Hon. G. E. Hughes, Dr. James Warburton and Dr. F. P. Conroy. The Commissioners report that the expenditure for maintenance of the Hospital for the year was \$33,473, and for the Infirmary from February 10th to Sept 30, 1909, was \$3,094. They estimate a cost of \$32,500 for the Hospital and \$5,000 for the infirmary during the current year.

The Superintendent, Dr. Goodwill, reports that the Hospital year opened with 243 patients, that during the year 64 were added, making 307 under care and treatment. There were removed by death or discharge 57 of whom 19 died and 26 recovered, the latter being 40 per cent of the admissions. The year closed with seven more patients than at the beginning.

The Superintendent also reports a new laundry building under construction, being a two-story building 55 feet by 28. A change has been made in the water supply system by boring new wells 45 feet deep through hard rock.

The Falconwood Farm proved very productive during the year. There are 92 acres under cultivation, 50 under hay, 16 under oats, 15 under potatoes, 5 under turnips, 4 under barley and 2 under green feed. The total value of the crops for 1909 was \$4,444.44 against which there were expenses of \$1,057.28, leaving a net value of \$3,387 over the cost.

The Provincial Infirmary began the year with 57 inmates transferred from the Poor House, and forty more have been admitted making a total of 97. Of these 13 went away, with or without leave, one was transferred and 11 died, making 25 discharged, and leaving 72 in the institution. Of these 43 are males and 29 females.
