

HEAVY RAINS HALT ITALIAN ADVANCE

FEAR TRAP IN VICINITY OF MAKALE

Italian Fliers Will Comb Countryside Previous to Resumption of Advance.

AT THE FRONT WITH THE ITALIAN ARMY, Nov. 5—A four-pointed drive by more than 125,000 Italian soldiers upon the strategic Ethiopian city of Makale was halted today by heavy rains.

A "breathing spell" of two days, however, was well-

JUDGING PROCEEDS APACE AT SILVER FOX SHOW

Third Son Of King And Queen Weds Today In Buckingham Palace

Moncton Railwayman Is Killed

(C. P. By Guardian's Special Wire) MONCTON, Nov. 5.—Ezekial H. Milton, 51, this city, was instantly killed in the Canadian National Railway yard here this evening during shunting operations. The train crew composed of Conductor Oliver N. Wilson, locomotive engineer Comfort Eagles, Fireman John Chapman and Brakeman A. W. Tully and Mr. Milton, were shunting a string of 38 empty freight cars from one siding to another in the old N. T. R. yard, and as the engine stopped after the last car had passed the switch, the second car from the engine buckled. Mr. Milton who was riding atop the first car was hurled to the ground and was trapped between the rails and the trucks of the car on which he was riding. His head was badly crushed and it was necessary to raise the car by the use of jacks in order to extricate the body. An inquest will be opened before Coroner Dr. R. J. Cadwell tomorrow morning to inquire into the circumstances surrounding the accident.

Tension Lifts In Mediterranean Mussolini & British Ambassador In "Peace Talk". Reprisals Invoked Against Sanctionist Nations

(By Charles H. Guphill, Associated Press Foreign Staff (By Guardian's Special Wire) ROME, Nov. 5.—Premier Mussolini and Sir Eric Drummond, the British Ambassador, renewed their efforts today to pour oil on the troubled Mediterranean and were understood to have made progress. A one-hour talk between them was said officially to have dealt with the question of British naval tonnage in the Mediterranean and Italy's military reinforcements in Libya. In well-informed circles the belief was expressed that Sir Eric had received from Il Duce an agreement to withdraw a second Libyan division, in return for a promise that Britain would recall at least part of her fleet units from the Mediterranean. This "peace talk" took place after Il Duce began "reprisals" against sanctionist nations, encouraging the country to eat and buy Italian. Authoritative quarters would go only as far as to say Italy is "aware

of reports" that Britain regarded the withdrawal of one of Libyan divisions, as insufficient to warrant sending any of her warships home. Mussolini called back a single division of 15,000 men after a previous conference with Sir Eric Oct. 29. Officially insisted the action was taken as an independent gesture of good will, but nevertheless disappointment was keen when not one British war vessel was withdrawn. An official announcement of today's conversations said "the tenor of their talk was like that of their discussion Oct. 29." Il Duce started his program of "reprisals" against sanctionist with four movements: 1. Meatless Tuesdays. 2. Housewives' control of home expenses—"buying Italian." 3. Increased prices for certain imported supplies. 4. Voluntary restrictions by trade organizations to save light, fuel, paper and other products bought abroad.

FIRM BASIS OF INDUSTRY EMPHASIZED

Optimistic Speeches At Largely Attended Fox Men's Dinner Last Evening.

Stability in the fox fur industry, and reassuring prospects with regard to the coming season in the pelt market, were points emphasized in the course of a most optimistic address at the Fox Men's banquet last evening by Mr. J. D. Forbes, Thames St., London, England, representing the London Fur Auction Sales, who was one of the chief speakers at the function held in the Canadian National Hotel under the auspices of the Silver Fox Exhibitors' Association of Prince Edward Island. 162 foxmen were present at the banquet, at which Mr. C. B. Rogers, president of the Silver Fox Exhibitors' Association, presided. Other prominent speakers were Premier Lea, His Worship Mayor Kennedy, Hon. G. Shelton Sharp, ex-president of the Canadian National Silver Fox Breeders' Association, Mr. George Callbeck, judge at the Fox Show, and Mr. A. E. MacLean, M.P. Regret was expressed at the unavoidable absence of Hon. Dr. W. J. P. MacMillan, who was to have spoken. Visitors present included Capt. H. M. Ireland, of Aberdeenshire, one of the original breeders of silver foxes in Scotland; Messrs. John McCague, Alliston, Ont., George Meyers, of Frederick Huth and Company; Dr. A. D. Teakles, Sussex, N.B., Sidney Murley, general manager and Robert Fraser, of M. Lamson and Company, Limited. The banquet was a most enjoyable affair, the toast "The King" and the subsequent speechmaking being preceded by a spirited "sing-song" led by Association members. A humorous reading by Mr. Ralph Morton of the Canadian Press, was warmly encored. Appreciation of the representative attendance was expressed by the chairman before calling on Hon. W. M. Lea, Premier of the Province, as the first speaker.

Quality Of Foxes Of High Standard

Great Interest Evinced In Judging As World's Greatest Show Goes Into Second Day.

Judging at the Silver Fox Show commenced shortly after nine o'clock yesterday morning and was continued, with a short interval at noon for lunch, until about four o'clock. The overcast sky affected the judging very little because of the excellent light afforded by the skylights and many windows of the judging room. At the same time it mitigated against bringing out the full beauty of the animals on view. It was a most interested audience that followed Judge George Callbeck as he appraised each individual entry, moved them back and forth until he had finally settled in his mind those entitled to the awards. Speculation among the spectators was keen and they enjoyed to the full "judging for themselves" and predicting as to the final resting place of some fox they admired. Some times they were right, but often they were wrong, as the view from a distance could not entirely size up the animals' worthiness. A closer inspection is required for underfur and other attributes that go to make up a good fox.

Exhibits of High Order On a whole the exhibits were splendid representatives of the great industry of this province, which traces from its foundation in 1910-14 in the tops of yesterday. Close students of heredity could easily discern characteristics of Dalton foxes as they knew them in 1910-14 in the tops of yesterday. There was the same blue black color, good necks and clear sparkling silver that made the Dalton-Oulton breed famous throughout the world and their skins tops at London auctions where even today the high-liner which brought \$540 (\$2,850 approximately) at C. M. Baker's auction in 1910, remains as the wonder pelt of all time, and the average of 33 skins approximately \$1,300, is a record that will remain. Judge Callbeck, interviewed at the conclusion of the judging, stated that he considered the foxes as good if not better, than any previous year, and was delighted with the arrangements made by those in charge of the Show. Everything went like clockwork and there was not a particle of friction. The first class judged was the BLACK, EXTRA DARK AND DARK SILVER YEAR OLD FEMALES. These were allowed a maximum of 30% and were adults born previous to 1934 and having sired a recorded litter. The class was not a large one, but the quality was good. The entry of Cudmore Bros., Charlottetown, was placed first and it was truly a very beautiful animal, finished in every respect and well worthy of the high honor. John R. Allen & Sons were second and Roy Woodside third, both exhibiting excellent foxes. BLACK, EXTRA DARK AND DARK SILVER YEAR OLD FEMALES. This was a much larger class and was characterized by keen competition. G. C. Baker, Kensington, finally emerged the winner with a very handsome animal. Roy Woodside, Blake Wood and Walter Gregor following in the order named. BLACK, EXTRA DARK AND DARK SILVER ADULT FEMALES. Robert Baker, North

Republicans Triumph In New York State Elections

(By George E. Loveys, Associated Press Staff Writer) (A. P. By Guardian's Special Wire) ALBANY, N. Y., Nov. 5.—The electorate of President Roosevelt's home state turned decisively against the Democratic forces today in a state-wide assembly election. Complete returns from the 150 districts showed Republicans recaptured control of the larger house of New York's Legislature with a total of 82 seats, a working majority. The GOP, which called for an assembly victory as a repudiation of the new deal, ousted Democrats from three seats in Erie County, three in Monroe, one in Greene and one in Rensselaer, in upstate New York, and one in the sixth district of Kings. New York's Senate, now Democratic, does not elect until next year. Postmaster General Farley, state and national Democratic chairman, claimed the election result sustained the Roosevelt administration and "ought to be a sufficient answer to the question of the continued popularity of Franklin D. Roosevelt." He asserted gerrymandering of districts had made it impossible for the Democrats to gain a majority of assembly seats except in the case of a national landslide. Republican State Chairman Melvin C. Eaton hailed the results as "clearly showing a trend away from the new deal."

They Like Them Hot!

Watch their eyes pop with pleasure when they see the hot muffins coming for supper. It's the time of year when the children need hot suppers... and you can serve them quickly and appetizingly by using Schwartz Baking Powder in your recipes.

Editor Passes

(C. P. By Guardian's Special Wire) SUSSEX, N. B., Nov. 5.—A brain hemorrhage brought death tonight to Malcolm A. MacLeod, 57, after an illness of nine months. Editor of the Maritime Farmer, an agricultural publication, he was outstanding among agriculturalists of the Maritime Provinces. At the annual meeting of the Nova Scotia Farmer's Association two years ago Mr. MacLeod became the only resident outside Nova Scotia ever to be made an honor farmer of that province. He was born at Loch Lomond, Richmond County, N. S., and studied at Sydney, Pictou Academy and the Provincial Normal School at Truro, later teaching school at Masstown, Colchester County, and elsewhere in Nova Scotia.

Ill Health Forces Hepburn To Announce Retirement

(C.P. By Guardian's Special Wire) TORONTO, Nov. 5.—Ill health has led Premier Mitchell F. Hepburn to announce his retirement and when the 1936 session of the legislature closes, he announced today, he will return to his farm home near St. Thomas and give up public life. Mr. Hepburn who has served as Premier little more than a year, will leave tomorrow for an unannounced destination in the south to recuperate from a recurrent attack of bronchitis that has aggravated a chronic heart condition. He will return in time for the Dominion-Provincial conference in Ottawa Nov. 25. If the expected special fall session of the legislative materializes, he will lead his Liberal government. "There is no chance of my changing my mind," the 39 year old Premier said today. "I simply can't carry on. I can't do justice to the party, the people or myself in my present condition. There is no need for anyone to become alarmed, but I must heed the warning signal. I am going back to the farm." Mr. Hepburn said that after the 1936 session he would "advise the Liberal Association of my intention to retire, so that my successor may be chosen." There was no indication who the successor would be. OTTAWA, Nov. 5.—Great regret was expressed tonight by Prime Minister Mackenzie King at the news from Toronto that Premier Hepburn would retire next year because of ill health. Mr. King looked upon the breakdown of the youthful Ontario Premier as a further instance of a public man being driven too hard by the strain of official responsibilities.

Fresh southwest winds with showers and probably fog.
